DISABILITY ACCOMMODATIONS

All information on this form will be kept confidential and will be shared with appropriate Corban personnel on a need-to-know basis only. Please return your completed form to the Student Life Office in the enclosed return envelope.

DISABILITY SERVICES

Disability Services, located in the Office of Student Support, addresses the academic needs of students with documented physical, psychological, and learning disabilities. Accommodations may include, but are not limited to, note takers, tutors, taped text books, and enlargement of written materials.

Accommodations are available upon request to those students entitled to them under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990. Filling out this form does not automatically qualify you for accommodations. To receive services, a student must provide appropriate documentation of his or her disability. If your documentation is incomplete for our purposes, you may be granted interim accommodations until more detailed or timely documentation can be arranged.

All information concerning your disability status will be kept confidential according to federal guidelines. If you fill out and return this form, you will receive a copy of Corban's disability policy upon your arrival. This document outlines the rights and responsibilities of students with disabilities at Corban.

You will need to request accommodations each semester by filling out a simple form in the Student Support Office. This will enable us to help you make any arrangements necessary with the instructors of your classes.

If you have a disability, please complete the following questions so that we will have an idea of the services you may need. If you think you might need to request accommodations at any time while at Corban University, please also include a copy of any documentation you have (or send it to us separately at your earliest convenience).
