HOW CAN CIS HELP ME CHOOSE A PROGRAM OR MAJOR?

There are four basic steps to choosing a Program of Study:

- Know yourself
- Know your options
- Determine programs that fit you
- Find scholarships related to your program or major

The first step is to go to OCIS and log in:
oregoncis.uoregon.edu

Username: Corban35
Password: Warrior1

Create your own personal portfolio and begin to explore!

Know yourself

A career assessment is a great way to learn how your strengths, talents, and interests connect with potential careers. Use the results to explore the many different occupations that match you.

Know your options

There may be more than one program to consider.

Determine which programs fit you

Evaluate what is important to you and how that connects with the options available to you.

Find Scholarships related to your program or major

Find scholarships for your Program of Study and personal characteristics. Learn how to use CIS to connect the occupations you like to scholarships.

HOW CAN CIS HELP ME MARKET MYSELF FOR EMPLOYMENT?

Use these tools to help present yourself well and articulate the abilities you have developed through education and experience. Read about different strategies for connecting with possible job leads.

SKILLS

SKILLS is an assessment in CIS used to connect a person's preferred skills to occupations. You can use it to help you identify the work-related skills you have developed through your education and life experiences.

Résumé Creator

Save your reference contact information, and your education, work, and volunteer history in your OCIS Portfolio and you will be able to generate multiple types of résumés.

HOW CAN CIS HELP ME IF I DON'T KNOW WHERE TO BEGIN?

CIS can help you create a career plan. Use these tools to get you started.

Career Assessments

Don't know which occupations are for you? A career assessment is a great way to identify some occupations and fields of study for further exploration.

HOW CAN CIS HELP ME PREPARE FOR GRADUATE SCHOOL?"

There are a number of tools in CIS that can help you continue your education. Find graduate schools, take practice entrance exams, and identify scholarships.
