CATALOG

Notes about use of catalog

This catalog is provided for guidance in course selection and program planning. While every effort is made to ensure the accuracy of the information in this catalog, in no sense is it to be considered a binding contract and it may be changed by action of appropriate bodies within the university.

Courses listed in this catalog are subject to change through normal academic process. New courses and changes in existing course work are initiated by the appropriate school, department, or program and approved by the Faculty Council or other bodies as needed.

CORBAN UNIVERSITY

Dear Friend of Corban:

Thank you for taking the time to review the Corban University catalog.

Together with Corban's outstanding faculty and dedicated staff, I heartily embrace the idea that Christians are to be salt and light in their culture. We are to make every difference possible for Jesus Christ. We are to do this not just by spreading the good news of the Gospel, but also by exerting a Christian influence in every sphere of life—including politics, the media, the arts and the academy.

At Corban, we are committed to equipping a new generation to think critically and operate from our one central foundation, Jesus Christ. To provide a Christian higher education is to equip today's students to approach, respond to and serve a world that's in desperate need around us. It is not to shelter anyone from questions, but to swing wide the door to asking and wrestling with every question under the sun—approaching every subject from the great truth that Jesus Christ is Lord of all.

These are exciting and challenging days in America's history, the history of the Christian church and the history of this institution. I invite your prayers and partnership as we provide Christ-centered biblical education to train the next generation of church, business, education and community leaders.

To Christ be all glory,

UNIVERSITY PROFILE

OUR HISTORY

Corban University has its roots in Phoenix, Arizona, where in 1935 it began as a Bible institute. After relocating to California in 1946, it became known as Western Baptist Bible College where it operated until moving to Oregon in 1969.

In 1955, the college received degree-granting status from the State of California Department of Education, and in 1959 received national accreditation as a Bible college by the American Association of Bible Colleges. In 1968 it was first regionally accredited and remains so today by the Northwest Commission on Colleges and Universities. Over the years, the University has been transformed from a Bible college to a university offering programs in biblical studies, the liberal arts and professional studies.

With a heritage of Baptist theology, Corban serves the greater evangelical community. To address the demographic changes from a historically Baptist student body to one representing a wide range of evangelical groups, the name was changed to Corban College in 2005. The name, a biblical word meaning “A gift dedicated to God,” and motto, “Dedicating heart and mind to God” reflect the university’s mission. The name Corban University was adopted in 2010 to reflect the school’s expanded educational offerings.

Today 50 accredited programs of study are offered, including traditional, online undergrad programs and graduate programs on campus and online. Our Center for Global Engagement facilitates programs and partnerships around the globe including, but not limited to, the Corban Language Institute, Pathway partner program with Papua, Indonesia and an accredited Teacher Education program at Universitas Pelita Harapan in Jakarta, Indonesia.

OUR MISSION

To educate Christians who will make a difference in the world for Jesus Christ (Matthew 28:19 – 20).

We seek to do this by:

- Fostering a transformative learning culture where a sustainable biblical worldview takes shape.
- Building a Christian community that promotes worship, creative expression and activities that reflect God’s character.
- Cultivating a life of stewardship and service toward God, humanity and creation.

OUR CORE VALUES

- Christ-honoring
- Bible-centered
- People-oriented
- Excellence-driven
- Future-directed

OUR STRATEGIC GOALS

1. Establish Corban University as a recognized Christian thought leader in the Pacific Northwest.
2. Enhance and expand the teaching/learning environment where students are offered a Christ-centered education.
3. Strengthen the application and use of innovative technology throughout the entire organization.
4. Expand Corban’s global interaction.

OUR COMMITMENT TO GROWTH

We believe Christ has called all of us to a life of growth, and that if we are to be the kind of people God wants us to be, we must be prepared to take the risks growth demands. We must not be afraid to reach beyond where we are.

Reaching out of the boundaries of self to other people is part of growth. Evangelism is central to this commitment; but reaching also means an availability, an accessibility of mind and heart to other people, a refusal to shelter within the walls of habit, inertia, prejudice and fear.

Such a commitment, in some circumstances, may even demand the risk of life, and there is always a psychological risk in opening ourselves up to other people. Not least may be the risk of being misunderstood by our own friends. Further, we must recognize that in reaching, it is possible to lose our balance and sustain genuine emotional, spiritual and intellectual injury. But the risk must be accepted if our commitment to growth is genuine. As a university, we are committed to a scholarship, manifested by honesty, dispassion, accuracy and breadth in our studies. As a Christian university, we are committed to a biblical, moral stance, and to Christ-like beauty of lifestyle. And as a contemporary university, we are committed to progress, effective involvement (rather than passive intellectualism) and to contemporary methods.

We are committed to neither ease nor safety. Reaching may be difficult perhaps even dangerous. But the risk is unavoidable if we are to grow.

OUR ACCREDITATION AND AUTHORIZATION

Regional Accreditation: Northwest Commission on Colleges and Universities

Regional accreditation is a process of recognizing educational institutions for performance, integrity, and quality that entitles them to the confidence of the educational community and the public. In the United States, this recognition is extended largely through non-governmental, voluntary membership associations that establish accreditation criteria, evaluate institutions against that criteria and approve institutions that meet the criteria.

When granted, accreditation by the Northwest Commission on Colleges and Universities is not partial. It applies to the entire institution in operation at the time of the most recent comprehensive evaluation. It indicates that the institution as a whole is substantially achieving its mission and that it meets the Commission's expectations for compliance with the accreditation criteria.

Council for Accreditation of Counseling and Related Educational Programs

The Council for Accreditation of Counseling and Related Educational Programs (CACREP), a specialized accrediting body recognized by the Council for Higher Education Accreditation (CHEA), has granted accreditation to the following program in the School of Education and Counseling at Corban University: Clinical Mental Health Counseling (M.A. degree).

Specialized Accreditation

Education Program: Association of Christian Schools International

Education Program: Teacher Standards and Practices Commission

Authorization

The State of Oregon recognizes Corban University as a degree granting institution.

Corban University is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes Corban University to offer specific degree programs. The Council may be contacted for a list of currently-authorized programs. Authorization by the Council does not carry with it an endorsement by the Council of the institution or its programs. Anyone desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the Council at P.O. Box 43430, Olympia, WA 98504-3430.

The Washington Student Achievement Council has determined that Corban University qualifies for religious exempt status from the Degree-Granting Institutions Act for the following program: Doctor of Ministry. The Council makes no evaluation of the administration, faculty, business practices, financial condition or quality of the offerings by this institution, as they relate to these programs. Anyone desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the Council at P.O. Box 43430, Olympia, WA 98504-3430.

SALEM FACILITIES (SEE MAP ON NEXT PAGE)

25—Schimmel Hall, named for former Academic Dean John Schimmel, is the principal administrative building. The main floor has the offices of the president, provost, registrar, and financial services, as well as a classroom. Offices for student life and, admissions, are on the second floor. The Travis Memorial Dining Center and kitchen are on the ground floor.

26—The Library/Academic Center is an H-shaped structure. The uphill side of the “H” houses faculty offices on floors three, four, and five. Classrooms are on the third and fourth floors. The faculty secretary office is on the fifth floor.

On the west side of the “H,” the ground-level floor contains the bookstore, IT offices, and mailroom. The first floor houses the main part of the library collection and includes several study rooms, two large solariums and the POD snack shop. The second floor houses additional library collections, offices, study rooms, the Prewitt-Allen Archaeological Museum and the computer labs. The top floor houses the science laboratories.

The library has more than 95,000 volumes, including 70,000 book titles. About 30 percent of the print collection is in the field of religion - the core curriculum in Bible and theology. Schools and patrons in the Mid-Willamette Valley increasingly seek assistance from Corban’s resources in this discipline.

The library operates under the premise that it is an extension of the classroom. As such, its goal is to provide adequate resources for term papers, reports, class discussion, research and personal growth. Its personnel desire to guide students in methods of library use and appropriation of these resources. Corban participates in the Online Private Academic Library Link (OPALL), which allows students access to over one-half million book titles. The Corban library also offers a number of periodical (over 24,000 unique titles) and e-book (120,000) full-text databases to the students, staff and faculty on and off campus. The library has added the discovery tool, Primo, to search these databases simultaneously. Wi-Fi is available throughout the library.

27—The Pavilion, south of the Academic Center, is the principal classroom building for the campus and houses the Student Center and the Common Grounds coffee and snack shop.

75—The C.E. Jeffers Sports Center is at the highest elevation of Corban’s campus. It was named in honor of alumnus Clarence E. Jeffers, a sports enthusiast and the building contractor, who dedicated his life to aid churches and Christian schools in their building needs.

This multipurpose building provides space for intercollegiate sports, intramural sports, and physical education classes. It is also used for some special events. The building presently seats 1,500, with space available for bleacher expansion. Its 27,000 square feet includes a basketball court and training center, a classroom, a weight room, offices and dressing rooms.

Corban has five residence halls on campus: **Aagard Hall (1)**, **Balyo Hall (78)**, **Davidson Hall (80)**, **Farrar Hall (12)**, **Prewitt Van Gilder Hall (65)**. Upper classmen (juniors and seniors) have placement priority in the **College Park Townhouses (4620 - 4650)**.

28—The Psalm Performing Arts Center seats 700. As a signature auditorium for the campus, it is the home for chapel and music and theatre performances.

STATEMENT OF FAITH

We believe God has revealed Himself in creation, in the Scriptures, and supremely in Jesus Christ. God is the source of all truth.

We believe the Scriptures, consisting of the 66 books of the Old and New Testaments, are divinely inspired and without error in the original writings. They are to be understood in their normal literary sense and serve as the final authority in all matters of faith and life.

We believe in the one true, personal, sovereign, eternal God, who is Spirit, and is the Creator and Sustainer of all things. He exists in three equal persons: Father, Son, and Holy Spirit.

We believe the biblical account of creation is neither allegory nor myth, but an historical account of the miraculous creative acts of God. All creation was good before the intrusion of sin and death.

We believe Jesus Christ is true God and true man, existing as one person. He was virgin born, lived a sinless life, died on the cross, was raised physically from the dead, and has ascended into heaven.

We believe the Holy Spirit indwells and gives life to believers, enables them to understand the Scriptures, empowers them for godly living, and gifts them for service. Some spiritual gifts are not normative for today because they were given to authenticate the Gospel and establish the early church.

We believe God specially and directly created human beings in His image. Human life is sacred, beginning at conception. God created humans male and female and has ordained marriage as a union between one man and one woman.

We believe the entire human race suffered spiritual death and became alienated from God and subject to physical death as a result of the disobedience of Adam, the first human.

We believe the death of Jesus Christ was a substitutionary sacrifice for our sins. Before the creation of the universe, God sovereignly chose some from among sinful humanity to receive His grace in Christ. Salvation is received by God's grace through faith apart from any works. Believers are saved eternally, progressively transformed into Christ-likeness in this life, and will be perfected at His coming.

We believe the Church, the Body of Christ, began at Pentecost and is expressed in the world through local churches. Its mission is to worship God, make disciples of all peoples, and live out the Gospel until Christ returns. It observes two ordinances: believer's baptism by immersion and the Lord's Supper. The church is distinct from the state and upholds the individual's freedom before God in matters of faith.

We believe angels are spirit beings created to serve and worship God, that some rebelled and followed Satan, and that this rebellion was defeated at the cross.

We believe in the imminent and glorious return of Jesus Christ, who will gather His people, raise the dead, judge the nations, establish His millennial kingdom on earth, and fulfill His promises to Israel.

We believe in the bodily resurrection of all the dead, the unsaved to everlasting punishment and the saved to an everlasting, blessed life with God.

The Statement of Faith of Corban University, Salem, Oregon,
Board Adopted in April 2013; Printed in June.

ACADEMIC INFORMATION AND POLICIES

TRADITIONAL UNDERGRADUATE AND UNIVERSITY WIDE POLICIES

STUDENT RESPONSIBILITY

It is the responsibility of each student to be aware of and to meet the catalog requirements for graduation; and to adhere to all other deadlines, policies, and regulations published in this catalog and Corban's Community Life Walkthrough (AKA The Undergraduate Student Handbook). Students are governed by the catalog in effect when they enroll for the first time at Corban University. If a student finds it necessary to withdraw and seek readmission, the catalog at the time of readmission becomes the governing catalog.

Continuously enrolled students may meet the graduation requirements of any subsequent catalog published during their enrollment; particularly if a new program of study has been added, since the initial enrollment. A particular catalog's requirements must be adopted in whole; that is, mixing of requirements between catalogs is not permitted.

While academic advisors or university officials assist students in interpreting policies and requirements and making plans, the final responsibility for meeting requirements and adhering to policies belongs to each student.

ACADEMIC ADVISING

Academic Advisors

Every student has an advisor; who serves as a guide and mentor in the student's educational journey at Corban. Planning an efficient and useful education is a challenging task; therefore, consultation with, and approval by, the faculty advisor is required for a variety of academic program decisions that students make. Academic advisors are available to discuss student progress and are familiar with the academic programs. All students should meet with their advisors throughout the year when scheduling classes or when formulating plans for changes in educational goals.

First-time freshmen students are assigned a core advisor for the first semester who is specially selected and trained to help the new student make the adjustments to university life. This advisor helps schedule classes. In addition, the advisor serves as instructor for a one-credit course called ID101 Freshman Seminar. Before the end of the first semester, first-time freshmen are assigned an academic advisor in the department in which they plan to complete a major.

Transfer students wishing to enroll are referred immediately to an academic advisor for scheduling. An admissions counselor conducts an orientation session for all transfer students, during the registration period.

Although the final responsibility for scheduling courses rests with the student, advisors assist students as they move toward their academic goals.

An academic advisor may advise a student to select another program if the requirements for the major have not been met. A change of program, or advisor, is not official until the Declaration or Change of Major form is completed by the student and on file in the office of the university registrar.

ACADEMIC HONESTY

Corban University is committed to high academic standards and expects students to achieve these standards in a manner marked by integrity and honesty. Academic honesty is the hallmark of true personal integrity. Students' academic work is evaluated on the assumption that the work presented is their own. Faculty and students are expected to identify departures from academic honesty.

Principles of Academic Honesty

1. Academic honesty at Corban University is based upon the biblical principle of truthfulness. Truthfulness is inherent in the character of God. As beings created in the image of God we have that example to follow.
2. Students' work must represent their own ideas, concepts, and current understanding.
3. Student must document appropriately any ideas or concepts borrowed from other sources, including research, papers or projects that the student has simultaneously, or previously, submitted as coursework for other classes.
4. We measure learning progress by course assignments and examinations, and thus, we cannot recognize standards of academic achievement when cheating occurs.
5. Cheating, plagiarism, or any form of dishonesty is unacceptable.
6. Cheating in any form devalues the credentials of the university and is detrimental to all students.
7. The reputation of students, faculty, and the institution is damaged if the Corban University administration does not apply appropriate discipline.

Examples of Academic Dishonesty

1. Cheating: intentional use or attempted use of deception, fraud, or misrepresentation in one's work.
2. Fabrication: falsification or invention of any information or citation in any academic exercise.
3. Facilitating dishonesty: helping or attempting to help another commit an act of academic dishonesty, including substituting for others in examinations or allowing one's own papers, reports or any other academic work to be claimed by another.
4. Plagiarism: representing without giving credit the words, data, or ideas of another as one's own work in any academic exercise. This includes submitting, in whole or part, pre-written term papers, or the research of another, including materials sold or distributed by commercial vendors.
5. Cheating on examinations by the use of crib notes, unauthorized retrieval of information previously stored in a computer, copying from another paper either before or during the exam, or by any other means.
6. Theft of examination papers or other student's work.
7. Writing an exam for another student.
8. Unauthorized collaboration on the preparation of course work.
9. Submission of identical or substantially similar papers and/or course projects in more than one class without the prior approval of faculty member(s) involved.

Process of Academic Discipline

At times, it may come to light that a student has violated one or more of the principles of academic honesty outlined above. In such cases, the student may be required to undergo a process of academic discipline. The following outlines the process used in such cases.

1. The instructor will inform the Registrar of the suspected breach of academic honesty. Process will be clarified as needed and the instructor will be informed if there are previous incidents.
2. The instructor of the course will assess the severity of the alleged infraction and initiate the disciplinary process.
3. The instructor will meet with the student(s) to discuss the reason(s) for the allegation and to give opportunity to the student for explanation or confession. Confession of dishonesty upon confrontation may permit more grace to be factored into the disciplinary process. At this point, the instructor may choose to impose one of the penalties as outlined in the *Academic Discipline* chart below. The instructor must consult with their Academic Dean/Department Chair before rendering any final disciplinary decision.
4. If the instructor is not satisfied with the outcome of the first stage of interaction with the student, or if he or she feels that it requires further action, he or she will write a brief report of the allegation and present it to their academic dean or department chair.
5. The Academic Dean/Department Chair will meet with the student(s) and render a decision on the case, including assessment of the level of academic discipline.
6. Academic discipline that includes course failure or dismissal, will be reviewed by a committee comprised of the instructor, the Academic Dean/Department Chair, and the Registrar. The decision must be unanimous. A decision to dismiss a student from the university, must be approved by the Provost.
7. A student may appeal the decision rendered by following the *Academic Appeals Process*.
8. The Registrar will appropriately document all cases of academic discipline in the student's personal file.
9. Multiple cases of academic dishonesty by the student may result in the student being required to discontinue his or her studies at Corban University and may result in a notation on the student's transcript.

Academic Discipline Academic Offense	Minimum Penalty	Maximum Penalty
Unauthorized Collaboration on Assignment	Verbal Reprimand	Failure of Assignment
Unauthorized Use of Previous Paper or Project	Verbal Reprimand	Failure of Assignment
Plagiarism on Assignment	Grade Penalty	Failure of Course
Cheating on Exam	Failure of Exam	Failure of Course
Writing Exam for Another	Failure of Course	Expulsion from College
Theft of Exam	Failure of Course	Expulsion from College

ACADEMIC APPEALS PROCESS

If students experience a conflict regarding an academic issue, they may initiate the appeals process. All appeals by any party must be made in writing and must provide all previous documentation along with a rationale for why the previous decision is being appealed. All appeals must be made within 10 days of the previous decision.

APPEAL PROCESS FOR CLASS/COURSE ISSUES:

- Meet with the faculty member in person and discuss the issue seeking to resolve the issue.
- Meet with the advisor and document in writing your efforts to resolve the conflict.
- If a resolution does not result, a written appeal must be presented within ten days to the Dean or Program Chair who will attempt to resolve the dispute.
- If a resolution does not result, a written appeal must be presented within ten days to the Provost who will review the appeal and meet with student, faculty member involved and immediate faculty supervisor.
- The next step of appeal is to the Academic Council.

APPEAL PROCESS FOR ACADEMIC POLICY ISSUES:

In the event that a student wishes to appeal a decision made regarding the application of academic policy or that the individual is asking for an exception to academic policy the following outlines the appeal process.

- A written petition must be completed and submitted to the Office of the Registrar.
- If the student wishes to appeal this decision, it must be done in writing and state the grounds for the appeal. For an appeal to be reviewed by the Provost, one of two things must be true:
 - The policy was not applied in a fair or equitable manner.
 - There is new information that needs to be considered, that was not available when the previous decision was made.
 If neither of these elements is present, the appeal will not be reviewed by the Provost.
- A student may appeal a decision by the Provost to the Academic Council. One of the two above elements must be present for the appeal to be heard by the Academic Council.

The decision and recommendations of the Academic Council will stand in all academic appeals and petitions.

ACADEMIC HONORS UNDERGRADUATE PROGRAM

Students enrolled full-time and who have achieved a semester grade point average of 3.80 or higher are eligible to be placed on the Academic Dean's List. Transcripts bear the honor for that semester. Incomplete grades and verified academic honesty violations disqualify students from this honor.

ACADEMIC LOAD

A student's academic load will be determined in conference with the academic advisor. Sixteen hours each semester is considered a normal academic load, including any Online classes. Students wanting to enroll for more than 19 hours in a given semester must petition for permission to do so. These forms are available in the Office of the Registrar. Note: outstanding incomplete grades will be considered part of these 19 semester hours. (See Incomplete Grades)

The minimum full-time load is 12 semester hours. A student on academic probation may be limited to 12 to 14 hours.

Full-time enrollment (completing 12 units each semester) is required of the following students: Internationals, Veterans receiving full benefits, and some students receiving financial aid.

Full-time academic load for graduate level is six credit hours per semester.

Students are encouraged to find part-time employment. Full-time students are advised to limit their working to 20 hours weekly.

ACADEMIC PROBATION (UNDERGRADUATE)

Any student whose semester grade point average (GPA) falls below 2.00 is placed on academic probation. Students on academic probation are limited to an academic load of 12 or 13 hours a semester; and may be required to limit extracurricular activities, obtain private tutoring services, or be asked to be tested for learning disabilities. If a student is on academic probation for two consecutive semesters they may be dismissed, and can only return for a subsequent semester by submitting a written appeal to the Registrar. If the appeal is granted the student must establish a learning contract with the Director of Student Support.

If a student on a learning contract fails to achieve a semester GPA of 2.00 the result may be dismissal from school.

A student who has completed 36 credit hours at Corban, and has two consecutive semesters of academic probation along with a cumulative GPA below 2.00 will be dismissed.

Students accepted provisionally have two semesters to establish a minimum cumulative 2.00 GPA. Failure to establish this minimum GPA may result in dismissal from the university.

Students dismissed because of scholarship deficiency must apply for readmission and will not be considered for readmission until one full semester (summer session excluded) has intervened. It is highly recommended that students on academic probation take advantage of the services offered in the Student Support Services.

ACADEMIC PROBATION (GRADUATE)

A degree student whose semester grade point average falls below 3.00 will be placed on Academic Probation. If students are placed on Academic Probation, their credit hours in the next semester may be limited. If the student achieves a 3.00 in the subsequent semester, they will no longer be on academic probation.

Students on academic probation for two semesters in a row or who have a cumulative GPA below a 3.00 may be dismissed from Corban University. A student who is dismissed for academic reasons may be re-admitted upon demonstration to the Registrar and appropriate Dean that they are ready to resume graduate level studies. Re-admittance will require a petition from the student stating why they wish to resume their studies what changes have been made that will increase the likelihood of academic success. See graduate programs for further requirements.

ACADEMIC STUDENT SUPPORT SERVICES

The Student Support Services provides tutoring and assistance for students academically “at risk,” and assistance for students with disabilities.

Corban offers a variety of support services that facilitate access to educational opportunities for students with disabilities. Documentation of an existing disability, which includes recommendations for reasonable accommodations, is required. Students are encouraged to contact Student Support Services as soon as possible.

ACADEMIC SESSIONS

The academic year is divided into three semesters of 15 to 16 weeks each, including a five-day examination period. The summer semester is not required of all programs.

The traditional class sessions are 50 or 75 minute class sessions.

Most graduate programs offer classes in all three semesters. Please refer to the appropriate School for more information.

Students who do not have the flexibility to attend classes offered in a traditional course format, may find success with the online format. This format builds on relevant adult life learning experiences and requires a good deal of self-direction. Dependent on the program, courses are offered in an accelerated, hybrid, and semester long online formats.

ACADEMIC STANDARDS

Undergraduate - Although a grade of “D” is acceptable as a passing grade in a single course, it is not considered satisfactory; and generally is not transferable to other institutions. A “D” grade in a course required for a major or minor will not count toward Corban graduation requirements. A minimum cumulative grade point average of 2.00 (C) is necessary to graduate; however, some programs may require a higher GPA for the major. See major for specific requirements.

Graduate Course Transfer – Please refer to the appropriate school for more information.

ADDING OR DROPPING COURSES

TRADITIONAL UNDERGRADUATE

ADDING A COURSE

During the published registration period, students may self-register and add a course to their schedule until last day to add courses as listed in the Academic Calendar.

Students are required to make up any course work missed due to late enrollment.

DROPPING A COURSE

During the published registration period, students may drop a course through the online SIS or through their advisor. This class will not appear on the student transcript, and no fee is charged for the changes. If a student drops courses during this period and the class load is less than 12 semester hours, financial aid awards may be reduced. See the Financial Aid Office for more information.

Changes made after the close of registration must be done through the Office of the Registrar. The course change fee applies, and a "W" will appear on the transcript for that course. No course may be dropped after the 10th week of class. Changes in Variable credit courses such as internships cannot be made after the 10th week of class. Students who drop any private instruction in music performance (voice, piano, flute, guitar, etc.) will not receive any refund after the fourth week. Students who discontinue attendance without official withdrawal will receive an F grade for the course.

Course changes are not complete until the Office of the Registrar receives the completed add/drop form and payment. The effective date of the course change is the date when the completed form is received in the Office of the Registrar.

Please reference page 47 for withdrawal from the University.

UNDERGRADUATE ONLINE PROGRAMS

DROPPING COURSES:

Because of the accelerated structure of our Online Undergrad Programs, a course may not be dropped nor a refund granted after the first Friday following the class start date.

GRADUATE

ADDING COURSES:

Fall & Spring Semester: Students may add a course to their schedule up to the first day of instruction. Adding a course after the first day requires consultation and permission from the Program Director and the instructor teaching the course. Students are required to make up any course work missed due to late enrollment.

DROPPING COURSES:

Students may drop a course up to the Drop Deadline (see Academic Calendar). This is done by the student via the Student Information System but it is strongly recommended that students consult their advisor before making changes in their schedules.

Students may drop a course with no tuition penalty if done up to the drop deadline or close of course registration;

- a) After the Drop Date deadline there will be no refund of tuition and no change in financial aid decisions made according to the original registration. Courses dropped before the Drop Date will not be reflected in the final transcript.
- b) Courses dropped after the Drop Date deadline will be included on the transcript with a W grade.
- c) Courses cannot be dropped in the last 2 weeks of class in order to avoid a low or failing grade.

Students enrolled in the Clinical Mental Health Counseling Program are not allowed to drop courses in order to remain in their Cohort.

If a student withdraws from a program of study the policy for dropping a course will be followed. Situations such as family emergencies and other things beyond the control of the student will be handled on a case by case basis by the Program Director or Dean, and the Registrar.

ADMISSION TO AN UNDERGRADUATE MAJOR

Admission to Corban does not imply automatic admission to a major. Admission procedures vary for each program.

All graduates must complete at least one major. Most majors will have at least 36 hours of course work from the related program area. All students must achieve a cumulative grade point average of at least 2.00 (C). This is also the minimum grade point average for the major course requirements.

A student may design, under the direction of an academic advisor, an individualized major, known as an *Interdisciplinary Studies* major, which integrates course work from two or more fields of study. See page 40 for further direction and explanation.

ADVANCED PLACEMENT (AP)

At the time of admission, first-year students may submit scores from an Advanced Placement (AP) Examination, administered by the College Board. In order to be granted credit toward a bachelor's degree in comparable college courses a minimum score of three (3) is required.

AUDITING COURSES

Students may audit courses from which they wish to derive benefit without fulfilling credit requirements. Not all courses are available for audit. The Undergraduate Online Program does not permit students to audit a course. Auditing private lessons or applied music classes is not permitted. Students may not challenge or test out of a course that has been audited. See Office of the Registrar for applicable fees.

A student who is auditing a course must complete an Audit Application for each course they wish to audit. Students may apply to audit course according to the following guidelines:

1. There must be space available in the class.
2. The instructor of the course must give their consent.
3. Audit students may change to from audit to credit prior to the close of registration for the given semester. Student must pay any additional tuition and meet any other admission requirements/standards to take a class for credit (prerequisites, etc).
4. Enrolled students may change a course from credit to non-credit (audit) during the first four weeks of the semester. In such a case there is a processing charge of \$25.00 and no refund of tuition unless the change is made prior to the close of registration.
5. Financial Aid does not pay for audited courses; any financial aid applied to this course will have to be repaid.
6. The student is encouraged to complete all required reading and actively participate in the class. However, audit students are not required to submit assignments. Faculty are not required to give feedback on written work of students auditing courses.
7. All other Corban academic policies apply to the course audit policy (e.g. non degree seeking student, dropping a course, etc.).

CHALLENGING A COURSE

In addition to the Advanced Placement (AP) and the College Level Examination Program (CLEP), it may also be possible for students to challenge particular courses or requirements. If a student demonstrates to the instructor or division chair a good grasp of the course content, a written exemption from taking the course may be granted; however, no academic credit will be given.

CLASS ATTENDANCE

Regular class attendance is expected of all students. Because each course is designed to help students achieve the course outcomes, classroom participation is important. Corban is committed to academic excellence, so the classes are conducted in a manner that will contribute to this goal as well as the growth of Christian character. Specific requirements for attendance and any effect that it might have upon grades rests with the class instructors, and will be described in the course syllabi. Punctuality, attention and thoughtfulness are expected and appreciated in the classroom. If the course instructor does not appear in class within ten minutes of the scheduled starting time, students may assume the class is canceled and leave.

Suspension: In some cases, a serious breach of university standards may result in a temporary suspension from the campus and classroom. During the suspension period, the student may not live in the campus housing, may not attend class, may not be on campus, and may not take advantage of campus facilities or activities. All absences from class during the suspension period will be unexcused. Acceptance of coursework and rescheduling of exams is at the discretion of the faculty.

CLASSIFICATION OF STUDENTS

- Regular/matriculated students are those who have met the requirements for admission, are enrolled in a degree program and are registered for 12 or more semester hours in that semester.
- Non-matriculated students are those who are not enrolled in a degree program and have not applied for admission to the university. This may include students who are only auditing classes or doing six or fewer credit hours in a semester.

Part-time students are those taking less than 12 semester hours in a given semester.

Part-time graduate students are those taking less than 6 semester hours in a given semester.

CLASS STANDING

A student's class standing is determined by the number of credits earned at the beginning of each semester. Students entering with AP and/or CLEP scores will be classified as freshmen until sufficient academic credit has been earned to change the class standing.

Freshman	fewer than 31 semester hours
Sophomore	31-61 semester hours
Junior	62-92 semester hours
Senior	93 semester hours
Non-matriculated	not a degree candidate

CLASSROOM CONDUCT

Classroom behavior should reflect the university Standard of Conduct. Punctuality, attention, and thoughtfulness are expected and appreciated. All electronic devices (cell phones, pagers, etc.) must be turned off in the classroom unless instructor approval has been given. Students should always seek instructor approval before planning to eat meals in the classroom. Instructors will inform students of additional expectations (dress, food, participation, etc.) for each class in the course syllabus. Expectations may vary from instructor to instructor, and students are expected to know, and conform, to the expectations of the instructors.

COURSE CANCELLATION

The university reserves the right to cancel a scheduled course. This may occur if there is insufficient enrollment or unexpected situations related to instructor availability. In the event that the university cancels a class efforts will be made to find an alternate class for the students. If this is not possible the student will be granted a full refund. Student will be notified of classes being cancelled due to low enrollment no later than one week prior to the start of class.

CROSS-REGISTRATION WITH MEMBER OAICU COLLEGES

Students enrolled full-time may take one course a semester, at no additional tuition, at one of the undergraduate member institutions in the Oregon Alliance of Independent Colleges & Universities (OAICU). Only *courses not available on the home campus may be selected unless there is a legitimate schedule conflict.*

Cross-registered students are permitted as space is available. Cross-registration is initiated by application through the Office of the Registrar and must have the approval of the academic advisor before beginning the cross-registration process.

CREDIT FOR PRIOR LEARNING

Students have the opportunity to earn credit for college level learning outside of the classroom in the following ways:

CLEP and DANTES: Educational Testing Service of the College Board provides nationally recognized standardized testing through which college credit may be earned; or course proficiency verified. This is the College Level Examination Program (CLEP).

Because Corban welcomes a variety of students of all ages and many students bring a depth of knowledge to specific subjects, the university recognizes such knowledge by accepting a full range of CLEP and Defense Activity for Non-traditional Education Support (DANTES) tests. These tests may be taken at any testing center. By earning a credit-satisfying score students may receive college credit. Credit will not be given for duplication of courses taken in college that covers the same course material. Up to six semester hours in a given area may be allowed, with a maximum credit of 32 semester hours.

Testing through the CLEP General Examinations verifies competency in general education. Testing through the CLEP Subject Examinations provides verification of competence in selected academic fields, such as foreign language, mathematics, etc., and assumes competency has been gained in non-classroom settings. A complete list of the appropriate tests, test applications, and further information is available in the Student Support Office.

Credit by Examination: When a student, who is enrolled full-time, presents evidence that his or her background provides proficiency in an academic course offered by Corban University, and the course is not available through CLEP, the course may be challenged one time only by an appropriate examination. These examinations are prepared by the university department responsible for the instruction of the course. The student must meet with the appropriate division chair and faculty member and provide convincing evidence of proficiency. If approval is granted, the student may make arrangements to take the test. A non-refundable fee is charged for each examination attempted. These written comprehensive tests cover all the basic information and skills required of students who complete the course successfully. For some courses a performance examination will be required.

Students may not test out of a course they have audited and may not test out of more than 20 semester hours. The credit will appear on the transcript as CE (Credit by Exam) with the units earned; however, no grade will be recorded.

PST Petition: The submission of a PST petition is for completed college level learning through course work or certifications. Transcripts from non-accredited professional schools can also be included in this section. Some examples of certified learning are police academies, current licenses, and formal courses provided by public and private employers or agencies outside an accredited post-secondary educational institution.

Life Learning Paper: Students desiring to gain credit for prior college-level experiential learning may choose to write, document and submit a personal portfolio. Life-Learning papers (LLP) identify significant learning from past experiences. Students are guided through the process; papers are written according to Kolb's Model and must follow appropriate guidelines. Note: Prior approval from assessment counselor and evaluator is required.

Credit for Military Training: Corban University allows military service members to earn college credit for military training. The Office of the Registrar will review the [Joint Services Transcript](#) (available to: Army, Coast Guard, Marines, Navy) or a transcript from the [American Council of Education](#) (Air Force) and award credit as appropriate.

CREDIT HOUR MEASUREMENT

Corban University defines a credit hour according to the following criteria based on past practice and common practice at other institutions of higher learning.

- The unit of credit is the semester hour. In formats where classes meet on a regular basis during the course of a semester, the instruction time will follow the stated institutional policy of 50 minutes instruction time per credit hour for 15 weeks; plus an additional 100 minutes of outside work per credit hour for 15 weeks. If a class has a modified meeting schedule, that same formula will apply. This definition will be used for all undergraduate courses. Graduate courses will require the same total minutes (150 per week, per credit hour for 15 weeks) but the time of instruction versus outside work required may vary depending on the course content. Award of credit for prior learning will represent equivalent learning (37.5 hours of engagement per credit).
- Courses delivered in nontraditional formats will be assigned credit hour values based on the one of the following criteria:
 - Course previously taught in a traditional format will retain the same or similar learning outcomes. Students will be expected to cover similar amounts of material and demonstrate similar learning outcomes. The way in which the material is covered and assessment is completed may vary from traditional courses.
 - If courses delivered in a nontraditional format have not previously been taught in traditional format at Corban University the following will be done to ensure the course falls within the credit hour norms:
 - » The course requirements will be evaluated in light similar courses taught at other institutions.
 - » The course work loads will be evaluated in light of similar courses taught at Corban. This could be based on:
 - Pages of required reading
 - Pages of written assignments submitted
 - Number and breadth of group projects
 - Measurement of postings required in an online course evaluated by the instructor
 - » The course will be evaluated in terms of the degree/program outcomes which it fulfills and are deemed necessary in the fulfillment of the program outcomes.
- The amount of time students spend outside of class studying will be monitored using the online course evaluation forms

required of all students at the close of each term. Students provide an estimate of the time spent studying outside of scheduled times of instruction.

CRIMINAL CONVICTIONS

It is the policy of Corban that prospective applicants with a criminal record wait to apply for a minimum of one year from the end of their parole and/or probation before applying to any program which requires the student to attend classes on the Salem campus or any other setting identified as a Corban classroom setting. Applicants for online programs must meet all the entrance requirements and in addition, present evidence of compliance with all terms of their release. Non-compliance with court ordered reporting or treatment will be grounds for denial of admission or dismissal from the University. Prior to application for on-campus programs, the candidate for admission into on campus programs as defined above must have been established in a community and involved in an evangelical church for at least three years. Also, convictions for crimes involving moral turpitude as listed in ORS 342.143 and ORS 161.405 will be grounds for denial of admission to the University for any program or grounds for dismissal from the University.

Additional Criminal History Background checks will be conducted in the Counseling and Graduate Education programs.

CROSS-CULTURAL FIELD WORK

Corban's Cross-cultural Field Work allows students to spend a summer overseas under the direction of a career missionary. This is more than a memorable summer; for some it is the introduction to a lifetime of missionary service. Academic and church and community service requirements may be satisfied.

DIPLOMA REPLACEMENT

A student can request a replacement for a diploma that has been lost or destroyed. The student may request it be issued under the school name at the time of their graduation. Provision of such diploma would depend on stock available and may entail an additional charge. Current University officers will sign the diploma. The original degree name and graduation date is used on the new diploma. Diplomas will only be reissued with a different student name, if the student presents legal documentation of the name change and the change is made in the university database.

All degrees granted after May 1, 2010 will be issued a Corban University diploma. Students cannot request a diploma with a different name. Students having a diploma reading "Corban College" may request to have their diploma re-issued with the name "Corban University". Requests for replacement diplomas prior to the issuing of "Corban College" diplomas will be replaced with a diploma bearing the same school name at the time of graduation. The cost of issuing a replacement diploma will be \$50.

DISABILITIES POLICY

Corban University is committed to providing students with disabilities access to services in compliance with the Americans with Disabilities Act (ADA) of 1990 and Section 504 of the Rehabilitation Act of 1973. Section 504 provides: "No otherwise qualified individual with a disability in the United States . . . shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance."

Federal Definition of Disability: *Someone who has a physical or psychological condition which substantially limits one or more major life activities; has a record of such impairment, or is regarded by the covered entity as having impairment.*

Substantially limits: *Unable to perform a major life activity or significantly restricted as to the condition, manner, or duration under which a major life activity can be performed when compared with the average person.*

Major life activity: *Includes the functions of caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.*

Documentation of a Disability: Generally, students seeking support services under the ADA must have adequate documentation on file in the Student Support office in a timely manner before adjustments or modifications can begin, preferably as soon after admission as possible. The documentation must be based upon an evaluation by a professional in the healthcare or mental health field such as a physician, psychiatrist, psychologist or school psychologist. Originals or notarized copies must be provided before accommodation will be made.

Note: the law stipulates that in the postsecondary setting a student does not qualify for services until they have registered with the disability office and been certified for eligibility. Retroactive accommodations are not made.

The provision of all reasonable accommodations and services is based upon a case-by-case assessment of the impact of the student's disabilities on his or her academic performance and/or university participation at a given time in the student's life. Therefore, it is in the student's best interest to provide recent and appropriate documentation and generally documentation should not be more than three years old. Students with temporary disabling conditions may be provided services on a case by case basis, taking into consideration both the duration of the expected condition and the extent to which it actually limits academic performance and/or college participation. Such students may need to re-document their condition periodically (e.g., each semester) before services can continue.

Although an individualized education program (IEP) or Section 504 plan, if you have one, may help identify services that have been effective for you, it generally is not sufficient documentation. This is because postsecondary education presents different demands than high school education, and what you need to meet these new demands may be different based on the type of disability.

Costs for Diagnosis/Testing: Costs associated with diagnosis, evaluation, and testing or retesting are the responsibility of the student. For students currently enrolled at Corban, referral to the Counseling Center and/or other professionals in the community may be appropriate.

The diagnostic report should include specific recommendations for adjustments or modifications as well as an explanation as to why each accommodation is recommended. The evaluator should describe the impact the diagnosed disability has on a specific major life activity of the individual. The evaluator should support recommendations with specific test results or clinical observations. If adjustments or modifications are not clearly recommended in a diagnostic report, clarification may be requested.

Decisions regarding the nature of the accommodations are made using the documentation provided. In addition, input from faculty can be an important part in accommodating students. The final determination for providing appropriate and reasonable academic adjustments or modifications rests with the university.

Requesting and Receiving Accommodations: Corban University has identified Student Support as the primary resource for students needing academic adjustments or modifications and for faculty needing information. The Director of Student Support will meet with each student seeking services to discuss disability support, appropriate documentation and procedures. Ideally students seeking support should make contact with the director prior to the beginning of the semester.

Accommodations requested in a timely manner that are determined and approved by the university as reasonable may include but are not limited to: adjustments in test taking, note takers, readers, interpreters, taped textbooks, auxiliary aids, and extended time to complete longer assignments.

Accommodations are to be reasonable. Determining what is reasonable is at the discretion of the Director of Student Support and the professors. In determining what accommodations are reasonable, available diagnostic information will be used; previous IEPs may or may not be reviewed; and the student's input will be considered. The goal of any accommodation is to allow the student to participate and access the program without altering the essence of the program or cause undue hardship for the program.

At the beginning of each semester, the student is to come to Student Services to review and sign an Accommodations Request form. Students will be advised to make an appointment to meet with their professor to discuss the accommodations. Students are not required to disclose the specific disability but are encouraged to discuss ways in which professors can help them. Students are also encouraged to meet with their academic advisor in order to discuss their academic goals and challenges.

Students should not, however, independently solicit accommodations from faculty but should begin that process in Student Support. Although uncommon, any continuing concern by a student or faculty or staff's compliance with an approved accommodation generally should be handled by the Director of Student Support, who should work out arrangements that best address the needs of the instructor, the student, and the university. If a resolution cannot be reached, the matter will be referred to the Provost.

Personal Attendants: Section 104.44[2](d) states specifically, "Recipients need not provide attendants, individually prescribed devices, readers for personal use or study, or other devices or services of a personal nature." Thus, personal needs that necessitate an attendant are the responsibility of the student.

Housing Requests: Any student who requests housing adjustments due to a disability should be approved through Student Support and Residence Life. The Office of Residence Life consults with Student Support about how specific concerns can best be met.

Privacy of Records: Student Support maintains record in accordance with university policy for the handling of student record under the Family Educational Rights and Privacy Act (FERPA). Records maintained by Student Support are considered property of Corban University.

Clinical information provided in the documentation of a disability can include the diagnosis of a physical, learning or psychological condition and related test scores. This information will not be released to anyone without the consent of the student except as necessary to implement accommodations. Access to clinical information is restricted to the Student Support and Student Life offices. Documentation is not normally forwarded to a third party, such as a health care provider or another college. However, following written consent, documentation can be sent directly to the student.

Confidential information is shared only on a "need-to-know" basis. Faculty need to know the accommodations that are recommended as appropriate to meet a student's disability related needs, but do not need access to all diagnostic information.

Records for students with disabilities are maintained in the Student Support office until five years after the last semester of enrollment. Documents that relate to the student's disability are not part of the academic record in the Office of the Registrar.

Illness/Disability Issues after Enrollment

Occasionally students discover of a learning disability after enrolling at Corban University. When this does occur all efforts will be made to make adjustments when the appropriate paperwork has been provided to the Director of Student Support. The accommodations cannot be made "retroactive" but will be implemented in a prudent and timely manner. The above policies pertaining to testing, accommodations, records, etc. apply.

There are times when students encounter occasional/short term illness, serious illness, family emergencies, mental health issues or other issues that compromise their ability to attend class and complete coursework. When these situations arise it is imperative that the appropriate university personnel be in communication with the student and one another to ensure the student is receiving the necessary care, support, and treatment as needed. The following serve as guidelines when these situations arise.

Occasional/Short-term illness

If a student misses occasional classes due to illness, it is his or her responsibility to work with the professor in order to account for missed work. It is also the student's responsibility to understand the attendance policies as articulated in the course syllabi.

Long term/Serious Illness or Family Emergency

If a student develops a chronic or long term ailment, or experiences some type of emergency that prevents class attendance or inhibits his or her ability to complete assignments in a timely manner, Student Life and Student Support Services personnel will work together to determine strategies for success. This team, operating under the supervision of the Dean of Students, is referred to as a Student Support Team. Students may request the assistance of this team, but one will be assigned regardless of student preference if it becomes clear that a health issue has compromised the student's ability to thrive.

DOUBLE CONCENTRATIONS & MAJORS

A student may only obtain a double major from different programs of study/majors. If a student is completing a second concentration, a single major with multiple concentrations will be issued. Also, in majors where there is a "general" degree such as Psychology or English, students may not have a double concentration by completing the "general" degree plus doing a specified concentration.

To be eligible for a second concentration or a double major, all requirements for both concentrations/majors must be fulfilled. Student must also have a minimum of 140 credit hours for a second concentration and 146 credit hours for a second major.

EQUAL OPPORTUNITY AND NON-HARASSMENT POLICY

It is the policy of Corban University to provide equal opportunity to all applicants, employees and students. The university does

not discriminate on the basis of sex, disability, race, color, national or ethnic origin, or age in admission, and access to, or treatment in employment, educational programs or activities.

It is the policy of the university that employees and students have the right to work and study in an environment free of harassment on the basis of any of the factors listed above. Harassment may take many forms and determination of what constitutes harassment will vary according to the particular circumstances. Sexual harassment, intimidation or exploitation means unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature if: (a) submission to such conduct is made either explicitly or implicitly a term or condition of employment or education; or (b) is a basis for employment or educational decisions affecting such individuals; or (c) such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance; or (d) such conduct has the purpose or effect of creating an intimidatory, hostile or offensive working or academic environment.

Questions or complaints may be directed to: Vice President for Business, Corban Financial Services, 5000 Deer Park Drive SE, Salem, Oregon 97301-9330, 503-375-7030.

EXPERIENTIAL LEARNING OPPORTUNITIES

Corban University offers students interested in any program of study the opportunity to gain experience and earn credit through learning by "observation and doing". A variety of internship, practica, and academic study tours are available for student enrichment. The number of experiential learning credits allowed toward an undergraduate degree is determined by the type of experiential learning (please see the Office of the Registrar for full policy details). Experiential Learning Opportunities must be coordinated with the academic advisor. Generally 50 clock hours are required for each credit earned.

- The maximum number of credit hours for practicum I and internships shall be six.
- The maximum number of practicum II credit hours shall be determined by state or other mandated requirements.
- The total number of experiential learning credit hours (unless determined by the state or other mandated requirements) for Bachelor degrees shall be nine.
- Students can split registration of hours between terms as long as there is some aspect of the internship taking place in that term. This can include the submission of paperwork, etc.
- Internships/practicums that require regular interaction with faculty member (classroom sessions) concurrent with experience must be registered for in term in which the internship is being done. If this occurs during the summer term the registration will occur as an Independent Study and the supervising faculty will be responsible to meet or design an acceptable alternative. Current IS fees and/or rates would be applied.

For more information regarding experiential learning definitions and breakdowns, please see the Office of the Registrar.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

I. Statement of Philosophy and Policy on Student Records

Corban University maintains various records concerning students to document their academic progress as well as to counsel effectively with them. In order that the student's rights to privacy are preserved, as well as to conform to the provisions of the Family Educational Rights and Privacy Act of 1974, as amended, and its regulations, Corban has established certain procedures to govern the handling of student records.

The Family Educational Rights and Privacy Act of 1974 provides that currently enrolled or former students have the right of access to their educational records and an opportunity for a hearing to challenge the content of such records, if necessary, on the grounds that the records are inaccurate, misleading, or otherwise inappropriate.

II. Notification of Rights Under the Family Educational Rights and Privacy Act of 1974 for Post-Secondary Institutions

The Family Educational Rights and Privacy Act (FERPA) affords students with certain rights with respect to their educational records. They are:

- (1) The right to inspect and review the students' educational records within 45 days of the day the university receives a request for access.
- (2) The right to request the amendment of the students' educational records that the student believes are inaccurate or misleading.
- (3) The right to consent to disclosures of personally-identifiable information contained in the students' educational records except to the extent that FERPA authorizes disclosure without consent.
- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the university to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy

III. Release of Student Record Information

Corban University will not release student educational record information without the expressed, written consent of the student. There are, however, exceptions:

A. Directory Information

The following information is designated by the federal government as directory (public) information and may be released without the students' consent:

- Student name
- Photograph
- Campus and home address
- Class standing
- Enrollment status
- Telephone number and email address
- Date and place of birth
- Major field(s) of study
- Academic honors
- Participation in university activities and sports
- Degrees and awards/honors received
- Previous schools attended
- Dates of attendance
- Weight and height of members of athletic teams

Students may withhold directory information by notifying the Office of the Registrar in writing. Please note that such withholding requests are binding for all information as to all parties other than for educational purposes and as allowed under FERPA. Students should consider all aspects of a directory hold prior to filing such a request. Students are notified, in the Community Life Walkthrough and University Catalog, which categories of personally identifiable information the institution has designated as public or directory information.

Request for non-disclosure will be honored until such a time as the request is revoked in writing.

B. Disclosure to Faculty, Staff and University Personnel

Within the Corban community, only those members, individually or collectively, acting in the student's legitimate educational interest may be allowed to access student educational records. Legitimate educational interests are defined as those interests that are essential to the general purposes of higher education. This includes university employees and those contracted by the University with general or specific responsibility for promoting the educational objectives of the university

The university also recognizes the legitimate educational interest of those involved in appropriate co-curricular activities which generally support the overall goals of the institution and contribute to the well-being of the entire student body, such as:

- Personnel and coaches involved with varsity and intramural sports
- Social organization personnel
- Student government leaders
- Student group and organizational leaders

Access by these officials is restricted where practical only to students for whom they have a professional responsibility and only to that portion of the student record necessary for carrying out assigned duties.

Student records in the Counseling Center are accessible solely to those involved in the treatment of students and as such are not educational records, but are considered confidential by professional standards. General health data and information used by the university in making a decision regarding a student's status are subject to review by the student under this policy and may be reviewed upon request with the consent of the Vice President for Student Life. However, written medical, psychiatric and psychological case notes which form the basis of diagnosis for recommendation of treatment plans remain privileged information not accessible to the student. Such case notes are

not considered part of the official university education records as long as they have not been disclosed beyond those directly involved in the treatment of the student.

General health data and information records are not available to anyone but the student; but may be personally reviewed by a physician or other appropriate professional of the student's choosing. Although parents do not have access to students' health or counseling records, in life-threatening or potentially life-threatening situations, parents will be notified at the discretion of the Vice President for Student Life.

C. Limitation of Access

Educational institutions are not required to make the following records available to students in institutions of post-secondary education:

- (1) Confidential letters and statements of recommendation which are placed in the educational records prior to January 1, 1975;
- (2) Financial records of the parents of the students or any information contained therein;
- (3) Records maintained by a physician, psychiatrist, psychologist, or other recognized professional are not open for student's inspection. Students may, however, have an appropriate professional of their choosing inspect such records;
- (4) Confidential recommendations for admissions, employment, or honors are not open to student access if the student has waived his or her right to access. General waiver forms are available on file in the Office of the Registrar;
- (5) Law enforcement records maintained solely for law enforcement purposes are unavailable for student access and may be used only by law enforcement officials;
- (6) Records of instructional, supervisory and administrative personnel and educational personnel ancillary thereto which are in the sole possession of the maker thereof and which are not accessible or revealed to any other person except a substitute (an individual who performs on a temporary basis the duties of the individual who made the record).

IV. Exceptions to Written Release Requirement

FERPA provides the following access to educational records without the student's permission:

- (1) Officials or faculty of the university with legitimate educational interest;
- (2) Officials of other schools or school systems in which the students seek to enroll; in this instance, no notice of release of records needs to be sent to the student;
- (3) Certain federal and state educational authorities, including:
 - (a) The Comptroller General of the United States;
 - (b) The Secretary of Education;
 - (c) The Commissioner, the Director of the National Institute of Education;
 - (d) State educational authorities.
- (4) Accrediting and university-approved testing agencies;
- (5) Parents of dependent students, upon provision of annual tax records proving dependency
- (6) Appropriate parties in connection with an emergency when the immediate health or safety of the student is threatened;
- (7) Persons presenting an officially-related judicial order or lawfully-issued subpoena; and
- (8) Institutions from which the student has received, applied for, or sought financial aid.

V. Release of Grades

Reports of students' grades are not routinely sent to the students' parents. However, parents of a dependent student, as defined by the Internal Revenue Code, may obtain grades without students' consent, upon proof of dependency. The posting of students' grades is prohibited unless:

- (a) Each student signs a waiver of his/her right to privacy; or
- (b) A confidential number (other than full social security number) or code as agreed upon between the instructor and the individual prior to the posting.

The returning of papers via an *open* distribution system, e.g. stacking them on an open table, is a violation of students' right to privacy, unless students submit signed waiver to the instructor for such purpose.

VI. Right to Challenge Content of Records

A student may challenge the accuracy or handling of educational records maintained by the university on the grounds that the records are inaccurate, misleading, or otherwise violate the privacy or the rights of the student. Students who wish to exercise

these rights should file a student record challenge request with the custodian of records in question. Each unit which is responsible for a records system shall put into writing, including a form which can be made available to students, the appeal and hearing procedures which exist for that unit.

In general, the appeal and hearing steps will occur in the following sequence until relief is granted or final decision is rendered by the President.

- (1) Appeal for administrative review by the person named as custodian of the record system;
- (2) Appeal for administrative review by the dean or director to whom the custodian is responsible;
- (3) Appeal for administrative review by the Vice President for the unit maintaining the record system;
- (4) Request for hearing to the Office of the President. A formal hearing will be set by that office and the decision of the hearing panel will be recommended to the President. The student shall be given an opportunity to present to the panel evidence relevant to the issues raised and the panel shall issue a written response. The student may be assisted or represented by individuals of his/her choice at his/her own expense, including an attorney;
- (5) Should the student disagree with the response from the Office of the President, the student has a right to place in the educational records, a statement commenting on the information in the record and/or setting forth any reasons for disagreeing with the decision of the Office of the President.

FERPA AND PARENTS OF DUAL-CREDIT OR CU LAUNCH PRE-COLLEGE PROGRAM STUDENTS

Students who are enrolled in both high school and courses at Corban University provide a unique situation. While the rights under FERPA belong to the parents with respect to high school records, they belong to the student with respect to the postsecondary records, regardless of age. In this case, FERPA's provisions allowing disclosure of information to parents of students who are dependents for income tax purposes would apply, allowing the postsecondary institution to share grades and other information from the student's education records with parents upon presentation of income tax records demonstrating the student is a tax dependent. Students can give express written permission for their parents' access to their education record by completing the "Student Information Release Form" and submitting it with Corban identification to the Office of the Registrar.

Additionally, the high school and postsecondary institution may share information from records of dual-enrolled students. Corban University strongly encourages parents of dual-credit students to respect the student's ownership of his or her education record at the college level and seek ways to gain that information while safeguarding the student's rights and responsibilities. Faculty teaching dual-credit courses will make every attempt to communicate with and through the student, as an important maturation point for college students.

For parents in the CU Launch Pre-College Program or Dual Credit Program, we ask that parent communicate first with the student; then, in rare instances, with the instructor.

FINAL EXAMINATIONS

The last week of each semester is devoted to final examinations. Except for reasons of schedule conflict (two exams at the same hour), examinations may be rescheduled only in cases of a documented disability or emergency. A fee is charged to cover the costs of monitoring a rescheduled final unless there is a conflict on the schedule.

The final examination schedule is shown below for the undergraduate program on the Salem Campus. It implements a time schedule and placement of an examination based on the time the class meets during the semester. Locate the day and time of your class in the left column below. The date of the exam is listed on the chart heading. For example, classes meeting on MWF starting at 8:00 will have their examination from 8:00-10:00 a.m. on Wednesday. **In no case should a student plan to leave campus prior to the end of his/her last examination.** Students are required to take their final examinations at the scheduled times. Rescheduling final exams is only allowed for reasons of schedule conflict (two exams at the same hour or more than three in a day) or in cases of documented disability or emergency. Please see the Registrar if you do not understand this policy or need to reschedule an examination.

Rescheduled exams will be monitored in the Student Support Center. If it is necessary to reschedule a final examination for any reason other than that mentioned above, a fee is charged to cover the costs of monitoring a rescheduled final.

FINANCIAL AID

The financial aid office is always available to assist with financial aid needs. A summary of available programs can be found at <https://inside.corban.edu/financial-aid>. For information on student loans, see the Financial Aid office for guidelines. Please call: (503) 375-7006.

GRADES

The quality of student work is measured by the following scale, with grades and grade points used to determine grade point averages (GPA). The GPA is calculated by (1) multiplying the credits for each course by the grade points associated with the grade earned, (2) totaling the points earned for all courses, and (3) dividing the total points by the total number of graded credits attempted as defined by the institution.

Grade	Quality	Value	Percentage
A	Superior	4.0	94-100
A-		3.7	90-93
B+		3.3	87-89
B	Above Average	3.0	83-86
B-		2.7	80-82
C+		2.3	77-79
C	Good, Average	2.0	73-76
C-		1.7	70-72

Grade	Quality
I	Incomplete
X	Work Continuing (<i>used for internships, practicums, and student teaching only</i>)
AU	Audit
CE	Credit by Exam
R	Course Repeated
W	Withdrawal
WP	Withdraw Passing
WF	Withdraw Failing

P, I, X, AU, CE, CR, R, WP, and W grades for a course earned, or attempted, are not utilized in GPA computations. Practicums and internships are graded Pass/Fail only.

Students are allowed to re-enroll for a course to raise a previous grade of D or F. The transcript will reflect the grade as a repeated course. The GPA is based on the repeated course grade.

Incomplete Grades

An incomplete grade (I) is a temporary grade given when students are unable to complete the work for a course on time because of extraordinary circumstances, such as illness, emergency, or other reasonable cause.

To be considered for an incomplete grade, students must be passing the coursework submitted to date. Unless there are extraordinary circumstances the student should have completed the majority of the course work, including all exams. The instructor will assign a contingency grade, which will become the final grade if the incomplete work has not been received by the due date of the contract.

Students who find it necessary to ask for an incomplete grade must make application for the grade and establish a contract with the instructor, which includes an appropriate completion date. This date may be extended to the end of the term subsequent to the term the incomplete was issued. Applications are available in the Office of the Registrar.

An "X" grade indicates that a practicum, internship or thesis project is in progress. Students that are issued an "X" grade have up to one year to complete.

Any incomplete grades outstanding at registration may result in a reduction of a student's academic load for the term (see Academic Load).

GRADE CHANGES

Students need to bring to the attention of the instructor any error in grades received within one semester following the issued grade. The instructor must submit the grade change to the Registrar in writing if there was an error in calculation. Grades may not be changed by completing additional work after the course has been completed and a grade issued.

GRADUATION REQUIREMENTS AND COMMENCEMENT (UNDERGRADUATE)

Students must apply for graduation by submitting an application form and paying the, nonrefundable, graduation fee (paid once for each degree level) in the Office of the Registrar. Undergraduates online may use the online application form. This assures a graduation audit before a student's last year of enrollment. The application must be submitted to the Office of the Registrar during the second semester of the junior year. All official transcripts from other institutions must be received in the Office of the Registrar by April 1 of the senior year. Seniors enrolled in a spring quarter at a community college will have their graduation delayed until the following August. Students are responsible to fulfill the requirements as published in the catalog of the year they first enrolled at Corban. Any student who has withdrawn from the university and returned is expected to complete any new or revised requirements as published in the catalog in current use at the time of re-enrollment.

The General Requirements for Graduation Are as Follows:

1. Completion of the minimum number of semester units of academic credit for the respective degree: 62-65 units for the A.A.; a minimum of 129 for most four-year B.S. or B.A. degrees (some majors may require more). The hours must have the correct balance between upper and lower division courses as outlined in the particular program. The B.A. degree requires proficiency in a foreign language. This is demonstrated by the successful completion of at least 12 semester hours of progressive study of a single foreign language.
2. Maintenance of a minimum cumulative grade point average of 2.00 or as designated in a particular major. D grades in the major or minor will not count toward graduation requirements. Any grade in a required course, within the major, less than a C- must be repeated until a satisfactory grade is received. This GPA refers to courses completed at Corban, since the university does not transfer a student's GPA.
3. Completion of a minimum of 30 semester hours taken at Corban. At least 20 of these semester hours must be in the senior year.
4. Approval of the graduation application by major/minor advisor(s) and the registrar.
5. Settlement of all financial obligations to the university.
6. Completion of the Reach requirements. All Reach requirements (hours and paperwork) must be completed by the first Friday in April for Spring graduates and the first Friday in December for Fall graduates. B.S. and B.A. students are required to complete four, 40 hour, projects, unless otherwise noted by the Reach Coordinator (regarding transfer credits). A.A. students must complete two, 40 hour, projects unless otherwise noted by the Reach Coordinator (regarding transfer credits).
7. Completion of all surveys, inventories and departmental or institutional assessments as requested.
8. Favorable vote of the faculty.

Guidelines for Use of Courses in Meeting Graduation Requirements (Undergraduate)

1. Students must have 12-15 full semester hours of Science (SC) and Math (MA) and Social Science. See our General Education Requirements on page 57.
2. First Aid/CPR can only be counted once (one credit hour) towards the 129 total required for graduation.
3. Students may have a total of four HP121 and four HP131 hours counted towards the total graduation requirements, except Varsity Athletes (see below).
4. Varsity Athletes and Human Performance (HP) credits:
 - a. All students, including varsity athletes must have at least one credit hour of HP131. A varsity sport credit does not meet this requirement.
 - b. Varsity athletes may have up to four credit hours of HP201 Varsity Sport. This will satisfy their HP121 General Education requirement.
 - c. The maximum number of HP credit hours (121, 131, 201) that any individual may count towards graduation is five (5) hours.
5. Students may have up to 8 credit hours of Music Performance (MP) course credit counting towards their graduation requirements unless more are required for their major.
6. Students may use any Biblical Studies (BI) course to meet the biblical studies elective requirement (except BI302) and any Theology (TH) course may be used to meet the Bible/Theology elective requirement in the General Education requirements.

7. Students may have up to 15 credit hours of Independent Study count toward degree requirements.

Commencement exercises take place once a year, in May. Diplomas are not issued at commencement, the diplomas are mailed to the student. An additional charge may be assessed. *Note: all incomplete grades must be completed and grades must be filed with the registrar before the end of the term in which graduation is planned.*

Honors at Graduation (Undergraduate)

Members of the senior class may graduate with Latin honors on the basis of their collegiate record at Corban University. In order to graduate with honors, the student must earn at least 60 graded semester hours in residence. Pass/Fail courses do not meet residence requirements. Verified academic honesty violations disqualify students from receiving this honor.

3.90 GPA	Summa cum laude
3.75 GPA	Magna cum laude
3.60 GPA	Cum laude

Participation in Commencement

It is expected that all graduating students will be present at commencement except in cases of extreme emergency or circumstances beyond their control. Notice to graduate in absentia must be given to the registrar well in advance. In order to participate in commencement exercises, a student must have completed all degree requirements (including Reach).

HONORS PROGRAM

In keeping with the broad educational mission of Corban University, the Honors Program is rooted in the notion that we may glorify God through our intellectual endeavors. As Proverbs 1 – 3 suggest, the Lord delights in those who prudently seek wisdom and knowledge. In doing so, we honor His intentional design for a meaningful, rewarding Christian life.

The program provides highly motivated students with academic enrichment above and beyond the regular undergraduate curriculum, encouraging a more proficient understanding of and appreciation for the Christian worldview through the lens of classical studies, especially history, literature, philosophy, and the arts. Honors students are given the opportunity to interact with distinguished scholars at special events and to participate in at least three Honors courses while at Corban. They also may choose to work with a faculty member on a senior project.

Admission/Program Requirements

Incoming freshmen with a minimum 3.7 high school GPA and an SAT or ACT score that places them minimally around the 90th percentile. Corban University Honors program requires a combined score of 1900 on the old (prior to March 2016) SAT critical readings and math, or a 1,350 on the RSAT (Revised SAT). Students must earn a minimum composite score of 28 on the ACT. Students who meet these basic requirements may apply to the Honors Program in the fall semester of their freshman year. Returning and transfer sophomores (with a minimum 3.5 GPA) intending to complete and graduate from the program may also apply for membership. To subsequently remain active and graduate from the Honors Program, each student must:

1. maintain a cumulative grade point average of at least 3.5
2. attend and complete Honors Program events/activities during at least six semesters, and
3. complete at least three courses from the Honors Program curriculum.
(During one semester at Corban, students may choose to complete an optional independent study project as a substitute for one of the regularly scheduled honors program courses.)

Incentives

While the Honors Program primarily exists to provide dedicated students with further intellectual enrichment, participating students also benefit in the following ways:

1. Participating students receive a \$150 scholarship each semester. This sum may be used for admission to activities, for purchasing books, or for general tuition purposes.
2. Student transcripts will reflect completion of the Honors Program.
3. Graduating seniors who complete the program will receive a medallion to be worn at the commencement ceremony.
4. Participation in the program signifies a measure of academic breadth often sought by employers and valued highly by graduate schools.

HUMAN SUBJECTS RESEARCH REVIEW COMMITTEE

The Human Subjects Research Review Committee (HSRRC) provides independent determinations on methods, risks, benefits and rights involved in research involving human subjects. The HSRRC is responsible for reviewing and approving projects, conducted by both faculty and students alike, involving human subjects research.

Applications can be mailed to the HSR Committee at hsr@corban.edu.

INDEPENDENT STUDIES (UNDERGRADUATE)

Any student desiring to enroll in any course of independent study during the fall and spring semesters will be charged an independent study fee in addition to tuition charges. The student must submit an Independent Study Petition to the registrar's office. It is the student's responsibility, working collaboratively with the supervising faculty, to demonstrate that the proposed course of study is equivalent to a regular course. This petition must be initiated by the student and contain the signatures of the student, academic advisor, faculty supervising the study, and the department chair. The appropriate course syllabus, for each independent study, must be attached to the petition form and submitted to the registrar before the registration period closes.

Independent studies are offered under these two conditions:

- A. Juniors and seniors with at least a 3.00 GPA may pursue a subject of particular interest that is not duplicated in an existing regular course. The proposal must be approved by the faculty member who will provide supervision and evaluation. Students must petition following established guidelines.
- B. Students may petition to take a course on the semester schedule by independent study if:
 1. Special scheduling of the course is necessary through no fault of the student.
 2. The course is not scheduled and cannot be made available in individualized summer studies, or on-line for the student's uninterrupted course of study.
 3. The professor's schedule will allow the addition and he/she is willing.
 4. Students have a minimum GPA of 2.75.

In all cases:

- No more than six hours per semester are to be taken.
- No more than 15 hours of Independent Study are taken over a four-year course of study.
- During the summer, a student meeting the other qualifications, may carry up to six hours of Independent Study.
- Independent studies are generally available to juniors and seniors who have satisfactorily completed at least 10 credits at Corban.
- Independent study plans must make provision for the student to confer with the instructor at least once a week.

INDEPENDENT STUDIES (GRADUATE)

Graduate students may request permission to do an Independent Study (IS). An IS may be considered when there is a schedule conflict that cannot be resolved any other way. The student requesting the IS must have a minimum GPA of 3.0 and be current on all course work.

Arrangements for independent study are initiated by the student with his or her advisor, and are contingent upon consultation with and approval of the appropriate dean or director. Independent study courses are limited offerings and dependent upon a variety of factors, including availability of faculty. Additional conditions or factors are as follows:

1. No more than six hours per semester are to be taken.
2. No more than nine hours of independent study are taken over the course of study.
3. MS Ed and GTL program students only:
 - a. The independent study fee does not apply to content elective courses for students in the MS Ed or GTL program that candidate must complete to meet graduation requirements. These courses are paid for at the same rate as all other graduate courses.
 - b. The independent study fee does not apply to courses that must be taken out of sequence due to no decision or action on the part of the student. These courses are paid for at the same rate as all other graduate courses.
4. The fee for an Independent Study will be \$300. This is in addition to tuition charges. The exception is MS Ed or GTL content courses required as part of the students program.

INTERDISCIPLINARY MAJOR (UNDERGRADUATE)

A student may design a special major, known as an Interdisciplinary Major to meet academic goals or objectives not met by the approved majors. This major must include courses from two or three academic areas with a minimum of 18 semester hours in each of which a minimum of nine must be upper-division in each area of study. A minimum of 20 upper-division semester hours are required in the Interdisciplinary Major. The areas are to be selected with the approval of the academic advisors of each area and must be drawn from the undergraduate majors or minors offered by Corban University. Students interested in designing an Interdisciplinary Major must write a rationale for their selection of areas that will show how the major meets reasonable academic and vocational objectives. The proposal must be approved by the division chair of each academic discipline and the Registrar.

INTERNSHIP PROGRAM

Corban offers students interested in any program of study the opportunity to gain experience and earn credit through an intern program. Internships are required in some majors. A student, under the guidance of an experienced and approved professional in the field of study can participate. Such an internship must be coordinated with the academic advisor. Grades are pass/fail only. Generally 50 clock hours are required for each credit earned. See Experiential Learning Policy (Undergraduate) for breakdown of Internships/practicums.

LEAVE OF ABSENCE

Leave of Absence is: Leaving the University temporarily, with the firm and stated intention of return.

MILITARY EDUCATION

The university generally grants credit for military education experiences as recommended by the American Council on Education's *Guide to the Educational Experiences in the Armed Services*. Students may request evaluation of credits earned through the Community College of the Air Force, Defense Language Institute, or military education. Any veteran receiving GI Bill benefits while attending Corban is required to obtain official copies of transcripts from all previously attended schools or a Certificate of Completion from the Defense Language Institute and submit them to the school for review. An official copy of the student's DD214, DD295, or an AARTS transcript is required for military education and occupational credits.

MILITARY LEAVE OF ABSENCE POLICY

If a student is called to active duty the following options apply:

- Student may petition to take a **leave of absence** and withdraw from semester courses and receive a full refund of tuition and mandatory fees. All Corban Aid will remain intact should the student return, at the end of service of duty.
- Student may **withdraw** from the university. A withdrawal form must be completed and tuition and fees will be refunded. A W grade will be assigned to all coursework. Notifying instructors or not attending class does not suffice. Non completion of a withdrawal form will result in tuition being charged to the last date of attendance in an academically related activity.
- If it is past the deadline to drop classes, arrangements may be made with the student's instructor to either receive a course grade or request an incomplete grade. In the case of an incomplete grade request, the instructor will assign a contingency grade, which will become the final grade if the incomplete work is not completed by the specified completion date. This date may be extended no longer than the end of the term subsequent to the end of the service of duty. If such arrangements are made, the student's registration will remain intact and all tuition and fees will be assessed in full.
- If students are Title IV eligible, Corban University will perform the Return of Title IV Funds calculations that are required by Federal Statute and regulations (34 CFR 668.22)

RESERVE OFFICER TRAINING CORPS (ROTC)

Air Force or Army ROTC-Military Science

Corban University cooperates with Oregon State University and Western Oregon University in offering Reserve Officer Training Corps instruction that prepares students for commissioning as officers in the U.S. Army or Air Force Reserve. The classes are taught at either of the two institutions.

The Military Science program is designed primarily for students interested in earning a commission in the active or reserve military forces of the U.S. while pursuing a degree in a selected major.

The ROTC program is specifically designed to give college students instruction and experience in the art of organizing,

motivating, and leading others. It includes instruction in leadership to develop self-discipline, physical stamina, and professional bearing.

Successful completion of the program usually leads to a commission in the Armed Forces. Terms and types of service vary according to the type of program chosen. Participation in the Basic course entails no obligation to seek a commission nor to serve in the Armed Forces. It provides elective academic credit for graduation and an enhanced opportunity to compete for and win ROTC two and three year scholarships.

Undergraduate students having at least two academic years of study remaining in their program and enrolled full-time at Corban may enroll. ROTC students major in the curriculum area of their choice (except theology) and must fulfill the requirements of their major.

For further information, contact the Admissions Office at the University.

MINORS

A minor usually consists of an approved group of courses that address related interests and competencies. It consists of no less than 18 semester hours, six of which must be upper-division. A grade requirement of C- applies.

NON-DEGREE/NONMATRICULATED APPLICANT

Non-degree enrollment status is designed for students who wish to take courses but do not plan to pursue a degree. Individuals often choose this path in order to expand their knowledge in a particular area or to strengthen their credentials. **Non-degree students do not qualify for financial aid or student visas.** While non-degree enrollment status does not require a full formal admission process or formal entrance requirements, an application for Non-Degree Admission and the application fee are required for acceptance. Typically, a Non-Degree applicant may take up to 6 credits without formally enrolling in a degree program. Enrollment as a non-degree student does not guarantee subsequent admission for degree candidacy.

ONLINE COURSES AND TRADITIONAL UNDERGRADUATES

In 2016, the university approved a new policy that allows traditional undergraduate students to enroll in a maximum of one course (3 credits maximum) each semester. A plan for the implementation of this policy on a trial basis is under development.

POSTHUMOUS DEGREES

A degree may be awarded posthumously upon recommendation of the Provost, documentation of death, a favorable vote of the faculty and approval by the President.

To be eligible, an undergraduate student must have been in good academic and disciplinary standing at the time of death and have completed a minimum of 30 semester hours at Corban University.

For a graduate degree not requiring a research component, the student must have been a current student in good academic standing and enrolled in courses that would have completed the degree requirements. For a graduate degree requiring a final research component; such as a dissertation, thesis or research paper, a review of the research must be conducted and approval received from the committee.

The student will be administratively withdrawn from all classes, and given a grade of "W". The Director of Financial Services will be consulted and if it is deemed appropriate, a partial or full refund of tuition and fees may be considered.

For degrees awarded posthumously, a notation will appear in the Commencement Program and the words "Conferred Posthumously" will appear on the student transcript. No special notation will be made on the diploma.

REACH

Reach, a graduation requirement for all traditional undergraduates, highlights Corban's long-standing commitment to service. Reach contributes to the mission of Corban University *"to educate Christians who will make a difference in the world for Jesus Christ"* by facilitating a wide variety of service opportunities in local and global contexts. Through Reach, students serve in churches or other non-profit organizations, often focusing on one of five key areas: Education/Literacy, Hunger/Housing, Dignity/Justice, Creation Care, and Mentoring/Coaching. Reach assists students in integrating their faith and service with their learning.

Non-transfer students serve four, 40-hour projects for a total of 160 hours. For example:

- Freshman year – 1 project (40 hours of service)
- Sophomore year – 1 project (40 hours of service)
- Junior year – 1 project (40 hours of service)
- Senior year – 1 project (40 hours of service)

Transfer students serve prorated hours according to how many academic credits they transfer in:

- 0 – 30 credits: 4 projects (160 hours of service)
- 31 – 61 credits: 3 projects (120 hours of service)
- 62 – 92 credits: 2 projects (80 hours of service)
- > 92 credits: 1 project (40 hours of service)

A.A. degree students serve two 40 hour projects for a total of 80 hours. For example:

- First year – 1 project (40 hours of service)
- Second year – 1 project (40 hours of service)

Transfer students who are getting their A.A. degrees also serve prorated hours according to how many academic credits they transfer in:

- 0-30 credits: 2 projects (80 hours of service)
- 31-65 credits: 1 project (40 hours of service)

Completing a Reach Project Means:

1. You uploaded a completed Project Registration Form.
2. You served a minimum of 40 hours with one church or organization.
3. You uploaded a one-page Reflection Paper.
4. Your supervisor emailed a completed Supervisor Evaluation form to reach@corban.edu.

When the above steps are completed within a one year time frame (from the first day of service) the Reach project is completed. For graduating seniors all Reach work is due by the first Friday in December for Fall graduates and the first Friday in April for Spring graduates – regardless of the project start date.

If a student experiences a conflict regarding a Reach issue that cannot be resolved via discussion with the Reach Coordinator or Associate Dean for Spiritual Formation, the student may initiate the appeals process. All appeals by any party must be made in writing and provide all previous documentation along with a rationale for why the previous decision is being appealed. All appeals must be made within 10 days of the previous decision.

Appeal process for Reach

- Meet with the Reach Coordinator in person and discuss the issue to see if it can be resolved in a manner that is consistent with program policies.
- If unresolved, meet with the Associate Dean for Spiritual Formation and discuss the issue to see if it can be resolved in a manner that is consistent with program policies.
- If unresolved, submit a Reach Appeal form to the Vice President for Student Life along with supporting documentation. For an appeal to be reviewed by the Vice President for Student Life, one of two things must be true:
 - The policy was not applied in a fair or equitable manner.
 - There is new information that needs to be considered that was not available when the previous decision was made.
 - If neither of these elements is present, the appeal will not be reviewed by the Vice President for Student Life.
- A student may appeal a decision by the Vice President for Student Life to the Academic Council by submitting the appeal to the Provost, but the two above-mentioned elements must be present for the appeal to be heard by the Academic Council.

The decision and recommendations of the Academic Council will stand in all Reach appeals cases.

For more information about Reach, please visit <https://inside.corban.edu/student-life/reach> . For current students, Reach guidelines, forms, instructions, and opportunities can be found on Converge.

REGISTRATION (UNDERGRADUATE)

All students are expected to self-register on the days designated on the university calendar and to begin classes on the first day. Tuition and fees are paid based on published deadlines. Specific registration instructions are distributed each semester with the Schedule of Classes. An early registration is conducted for persisting students.

Students are officially registered and eligible to attend classes only when all procedures have been completed with Student Life and financial arrangements have been made with Financial Services. (See the Finances section of this catalog for information concerning costs and payment plans.)

Changes in course schedules may be made online through SIS. (See Adding or Dropping Courses section of this catalog.)

Changes in a schedule caused by the cancellation of courses will not involve financial penalty.

REGISTRATION (GRADUATE)

CHANGES IN REGISTRATION

Students must register for online through the Student Information System (SIS). If a student is unable to register online they may contact the Office of the Registrar for assistance.

Students are expected to complete their courses during the term in which they are registered. Changes in courses must be made according to the following guidelines:

Adding Courses

Students may add a course to their schedule up to the first day of instruction. Adding a course after the first day requires consultation and permission from the Director and the instructor teaching the course. Students are required to make up any course work missed due to late enrollment.

Dropping Courses

Students may drop a course up to the Drop Deadline (see Program Calendar). This is done by the student via the Student Information System but it is strongly recommended that students consult their advisor before making changes in their schedules.

1. Students may drop a course with no tuition penalty if done up to the drop deadline. After the Drop Date deadline there will be no refund of tuition. Financial aid calculations will be made based on federal requirements.
2. Courses dropped before the Drop Date will not be reflected in the final transcript. Courses dropped after the Drop Date deadline will be included on the transcript with a W grade. Students must contact their Academic Advisor and the Office of the Registrar to drop a course after the published Drop Date.
3. Students who discontinue attendance without official withdrawal will receive an F grade for the course.
4. Courses cannot be dropped in the last 2 weeks of class in order to avoid a low or failing grade.
5. Students enrolled in the Counseling Program are not allowed to drop courses in order to remain in their Cohort.
6. If a student withdraws from a program of study the policy for dropping a course will be followed. Situations such as family emergencies and other things beyond the control of the student will be handled on a case by case basis by the Program Director or Dean and the Registrar.

NOTE: For Education and Counseling summer semester, the same policies and practices apply EVEN IF THE COURSE IS A 2-WEEK INTENSIVE SESSION SCHEDULED FOR LATER IN THE SUMMER AND HAS NOT YET BEGUN TO MEET.

REPEATING A COURSE

If a student receives a grade of "F" in a course required for graduation, he or she must repeat that course. A student may also repeat such a course if a "D" was received. Only the second grade and its respective grade points will be used in the overall grade point calculation shown on the official transcript.

SATISFACTORY ACADEMIC PROGRESS AND FINANCIAL AID

Federal Financial Aid regulations require that all financial aid recipients progress at a reasonable rate toward achieving a degree or certificate. Corban University uses the same policy in regard to state and institutional aid. Progress is measured by: (1) the student's cumulative grade point average, (2) pace of progression (the number of cumulative credits earned in relation to those cumulatively attempted), and (3) the maximum time frame allowed to complete the academic program. These requirements apply to all semesters regardless of whether or not the student received financial aid. Progress is reviewed at the end of each semester. However, Corban's separate **Academic Probation policy**, administered by the Office of the Registrar, reviews the

semester GPA instead of the cumulative. For this reason the Financial Aid Office also reviews the semester GPA in addition to the cumulative.

1. Cumulative and/or Semester Grade Point Average. Undergraduate students who drop below a 2.00 cumulative and/or have a semester GPA less than 2.00 will be placed on **Financial Aid Warning**.

Graduate students who drop below a 3.00 cumulative and/or have a semester GPA less than 3.00 will be placed on **Financial Aid Warning**.

2. Pace of Progression. Students who fail to complete the **required 67%** of credits attempted will be placed on **Financial Aid Warning**. This is a cumulative calculation, not per semester.

3. Maximum Time Frame. Students must complete their degree within the 150% of attempted credits. Students are no longer eligible to receive financial aid if it becomes mathematically impossible to complete their degree within 150% of the published length of their program. This is not based on a calendar progression but rather is based on the number of credits required for the degree or certificate.

Students who do not meet the standards of Satisfactory Academic Progress (SAP) at the end of a semester will automatically be placed on **Financial Aid Warning** for the following semester. Financial aid may still be received during the warning semester. At the end of the warning semester the student must have achieved satisfactory academic progress as outlined above or they will be placed on **Financial Aid Suspension** status. Students placed on suspension status may appeal and if the appeal is granted they will be put on **Financial Aid Probation** and receive aid for another semester. Please see more information about these statuses below. Notification of status changes will be communicated to the student by mail or email using their Corban email account.

Financial Aid Warning: Students may receive financial aid for the semester they are on warning. If they fail to meet the necessary SAP requirements at the end of their warning semester, their financial aid will be suspended until they have regained satisfactory progress status. When a student has been placed on financial aid warning for a semester and has regained SAP at the completion of that semester, the student will be removed from financial aid warning and will be eligible to receive financial aid.

Financial Aid Suspension: Financial aid suspension will result in the loss of eligibility for all federal, state and institutional aid, including grants, scholarships, loans and work-study. If a student successfully completes a semester without receiving financial aid and meets the SAP requirements, the student will then regain financial aid eligibility. Some private student loan companies will make loans to students who have lost aid eligibility due to SAP.

Appeal of Financial Aid Suspension: Students who fail to meet Financial Aid Satisfactory Academic Progress standards and lose financial aid eligibility can appeal this decision. The appeal must be made in writing and should be accompanied by appropriate supporting documentation. Appeals must be submitted to the Financial Aid Office within 7 calendar days of the date on the notification letter or email. Appeals must explain why the student failed to make satisfactory academic progress, and what has changed to resolve the issue(s) that prevented the student from demonstrating satisfactory academic progress. Acceptable reasons for appeal may include injury or illness of the student, illness or death of an immediate relative of the student, or other extenuating circumstances beyond the student's control.

Financial Aid Probation: If the student's appeal is approved they would be eligible to receive financial aid during the following semester. The student would be placed on financial aid probation status during that semester. The student may be subject to course and/or credit limitations.

If the student is not meeting the standard at the end of the probation semester, they will move to suspension status again. The student can appeal again, but the appeal will be reviewed by a committee consisting of the student's academic advisor and a Financial Aid Office representative. A suspension status appeal becomes less likely to be approved with each occurrence.

Academic Plan: If it is not possible for a student to meet the SAP standards in one semester, a student who appeals may be given an academic plan as an alternative to probation. This plan would specify a point in time at which the student will be able to meet Corban's SAP standards.

Repeated Courses: Courses in which the student received a grade of “F” may be repeated and may be eligible for financial aid. Other courses in which the student received a passing grade may be repeated once and may be eligible for financial aid. When a course with a passing grade has been repeated, subsequent repeats of the course will not be included in the total number of credits for the semester when determining financial aid eligibility. Credits attempted in repeated courses will be included in the cumulative credits attempted and GPA.

Withdrawn Courses: Withdrawn courses count towards the cumulative credits attempted. Students may retake courses from which they have withdrawn. When retaken, these courses will be included in the total number of credits for the semester and will be included in the cumulative GPA.

Incomplete Courses: Courses assigned an incomplete grade are included in the cumulative credits attempted and in the maximum timeframe. These credits cannot be counted as earned credits until a satisfactory grade is assigned. At that time they will also be included in the GPA calculation.

Audit Courses: Audit courses receive no credit and do not influence grade point average. They are not counted in credits attempted and are not eligible for financial aid.

Remedial Courses: Remedial courses will be included in the total number of credits for the semester when determining financial aid eligibility but don’t apply towards graduation requirements.

Pass/Fail Courses: Pass/Fail courses are not calculated in the cumulative GPA but will be included in credits attempted.

Transfer Students: Transfer credits are calculated into the credits attempted, but are not factored into the cumulative GPA. Any transfer credits accepted into a student’s educational program will count as both attempted and completed credits when determining a student’s pace of progression.

Summer Semester: Students attending in the summer semester will have SAP evaluated again at the end of the semester.

Readmitted Students: If a student is placed on financial aid warning or suspension status and does not return the following semester, they will be given the same status if they return at a later date. When a student withdraws or is dismissed from Corban and is later readmitted, the semester in which they withdrew or were dismissed is included when the student’s satisfactory academic progress status is evaluated.

SATISFACTORY ACADEMIC PROGRESS FOR VETERANS (UNDERGRADUATE)

Students who are receiving benefits from the Veterans Administration are also subject to the College’s Satisfactory Progress Standards. The Veterans Administration does not determine satisfactory progress standards.

1. To receive VA benefits students certified as:
 - Full-time must complete 12 units each term.
 - Three-quarter time must complete nine units each term.
 - One-half time must complete six units each term.
2. Students must complete certified units with a passing grade and a minimum term grade point average of 2.00 or be placed on academic probation. (No incomplete grades will be permitted if the student has not completed the units certified.) If the student’s deficiency is not corrected after two consecutive terms, the university will notify the VA of the student’s unsatisfactory progress, and benefits will be terminated.
3. Students must complete all course changes within the first 10 days of the term and withdrawal procedures within the first four weeks of each term. Students withdrawing after the start of the fifth week may be subject to the noncompliance provisions of the Satisfactory Progress Standards.

STUDENT COMPLAINT RESOLUTION

The U.S. Department of Education has amended the Higher Education Act (HEA) authorizing the “Program Integrity Rule.” This amendment provides, among other things, regulations associated with the federal student financial aid program which require colleges or universities that are authorized to offer postsecondary education in one or more states to ensure access to a complaint process ([see 34 CFR 668.43\(b\)](#)) that will permit student consumers to address the following:

1. Alleged violation of State consumer protection laws that include, but are not limited to, fraud and false advertising;
2. Alleged violations of State laws or rules relating to the licensure of postsecondary institutions; and
3. Complaints relating to the quality of education or other State or accreditation requirements.

For more information, please visit: <http://media.corban.edu/consumer-information/student-complaint-process.pdf>

TRANSCRIPT REQUEST

Corban University only issues transcripts of courses taken at the University. Transcripts from other institutions cannot be copied. Transcripts can be requested and paid for online at: <https://inside.corban.edu/registrar>. Students or alumni must request the transcript—no telephone requests will be accepted. If submitted in writing, a transcript request must bear the signature of the individual whose academic record is involved. Transcripts will be released only after all financial obligations to the university are paid. This includes payments outstanding on any loans obtained through the university. This policy is in compliance with the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment).

TRANSFER OF CREDIT (UNDERGRADUATE)

Generally, upper division credit is not allowed for courses taken in a two-year college, and no more than 70 semester hours of lower division courses may be applied to a program of study. A maximum of 98 semester hours may be transferred from a four-year college. No course lower than a “C-” will transfer from another institution. An evaluation of transcripts to determine transfer credit is done only when an Application for Admission has been formally accepted. This evaluation will be based only on the official transcript submitted directly to the University. Students are responsible to submit either a college catalog or course syllabus should one be needed. Corban does not transfer grade point averages, only credits earned.

Up to 40 professional-technical hours may be transferred from an accredited institution if these courses are described as transferable in that institution’s catalog or recognized in the ACE Guide (American Council on Education). These courses usually are transferred as elective credit. The total combined number of professional-technical hours and portfolio hours cannot exceed 70 semester hours.

Transfer students coming from institutions which are not accredited by one of the six regional associations or by the Association of Biblical Higher Education may be given the opportunity to validate credits if the course work applies to Corban’s curriculum requirements.

Corban University academic credit has been successfully transferred to many colleges and universities in the Northwest and across the United States. Our regional accreditation and solid academic reputation have allowed students to move to other programs in well recognized institutions. It is imperative the students understand that it is the receiving institution that has final authority in matters relating to how Corban academic credits will transfer to that institution. The Office of the Registrar will aid students in their efforts to transfer by providing information in the form of course syllabi as needed and advice when requested.

GRADUATE POLICY - Please refer to schools for admission requirements in programs.

USES OF SOCIAL SECURITY NUMBERS

Providing one’s social security number is voluntary, though it does greatly aid the university in maintaining and accessing records. If students provide a social security number, it will be used as an identification number for keeping records, conducting research and reporting purposes. Students who choose not to provide their social security number will not be denied any rights as a student, but will not be eligible for any federal or state financial aid. Providing a social security number means that the student consents to its use as described here.

WEATHER POLICY

Student safety is of primary importance and since many of our students commute, it is important that students determine their ability to travel safely to the university when weather conditions create road hazards. Students who feel it is not safe to travel to classes should contact their instructors at the earliest possible time. Should the university decide not to hold classes and/or to close all functions of the university; appropriate announcements will be made over local radio stations.

Check *The Student Handbook* online for information on school closures due to bad weather.

WITHDRAWING FROM UNIVERSITY

Academic

“Withdrawal: Leaving the University with no intention to return.” Students may voluntarily withdraw in good standing from Corban at any time. Notification of withdrawal must be done by completing an Application for Withdrawal form with the necessary signatures. This form is obtained from and returned to the Office of the Registrar.

In situations of emergency (accident, prolonged illness, etc.) students may be permitted by the registrar to withdraw without grade penalty from the university at anytime. Written verification may be required.

Transcripts of students withdrawing from all courses through the 10th week of the semester will show a W for all courses; withdrawals after the 10th week (but before the week of final examinations) will show WP or WF, based on instructor appraisal of progress in class through the official date of withdrawal. A WF grade is computed in the grade point average.

Refund information is found in the Financial Information section of this catalog.

Financial Aid

If it becomes necessary for a student to withdraw from a semester after commencing attendance, the student must initiate the withdrawal process by notifying the Corban University Registrar's Office.

A student can do this in person, by calling 503-375-7017 or by sending an email to registrar@corban.edu.

How Withdrawing Influences Financial Aid

Up to the 60% point in the semester, financial aid is pro-rated based on the number of days the student attended. If a student's withdrawal date is after the 60% point in the semester, there is no adjustment to financial aid.

Please note in some cases dropping a class taught in a module format (i.e. an eight-week class) may be considered a withdrawal. See the section below titled “Programs Taught in Modules Have Special Rules” for more information.

Financial Aid

Before the 60% point in the semester

If the student received federal financial aid, the Financial Aid Office is required to perform the federal aid “Return to Title IV” funds calculation (R2T4) and adjust federal aid accordingly. A copy of the federal R2T4 calculation worksheet and a revised financial aid award letter will be provided to the student.

If a student received Corban funded aid, it may be pro-rated based on the time the student was enrolled.

In some cases, where a student has received a refund check from their federal aid, the student may be required to return unearned financial aid funds to the school.

After the 60% point in the semester

If the withdrawal date is after the 60% point in the semester, there is no adjustment to financial aid.

In the event financial aid has not yet disbursed to the student account at the time of withdrawal, the student will receive a post-withdrawal disbursement for eligible financial aid.

Add/Drop Period

Traditional Undergraduate Program

The add/drop period for our Traditional Undergraduate program is 10 days after the first day of class and is posted in the academic calendar.

If a student withdraws during the add/drop period, the student may be eligible for a pro-rated amount of financial aid depending on how many days they were enrolled. A calculation will be performed and the student will be notified.

All Other Programs

If you are enrolled in a program other than our Traditional Undergraduate program, check with your academic advisor or program chair to determine when the add/drop date is for your program.

Date of Determination

The date a student notifies the Registrar's Office will be considered the Date of Determination (DOD). If a student fails to report their withdrawal to the Registrar's Office, the DOD will be the date the school became aware the student ceased attendance. The DOD should not be more than 30 days after the last date of the semester.

Overpayment: If an R2T4 calculation is required after a withdrawal, and the calculation determines the student is required to return an overpayment of federal aid to the school, the student must repay the overpayment or make payment arrangements with the Financial Services Office within 45 days of the DOD.

If the student does not repay the overpayment or make payment arrangements during that 45 day period, the school is required to report a federal aid overpayment to the Department of Education. In such a case the student would not be eligible for additional federal financial aid (even at other schools) until the overpayment is paid in full.

Withdrawal Date

Students attending our on-campus programs are required to request a withdrawal card from the Registrar's Office. The date the card is completed and returned to the Registrar's Office will be considered the Withdrawal Date (WD).

For online students, the WD will be the date they notify the Registrar's Office they are withdrawing.

If a student continues to attend class past the WD, and the school chooses to do so, the school may document and use the student's last day of attendance or participation in an academically related activity as the student's withdrawal date in the return calculation.

If a student fails to report their withdrawal to the Registrar's Office, the WD will be the midpoint of the semester. However, on a case by case basis the WD may be the documented last date of attendance or participation in an academically related activity. Examples of why a student may not report their withdrawal include illness, accident, grievous personal loss or other circumstances beyond the student's control. If a student does not inform the Registrar's Office of their withdrawal, the DOD and WD could be different.

Programs Taught in Modules Have Special Rules

The following withdrawal and drop policies apply to students who are enrolled in modular classes and are not enrolled in at least one class that spans the entire semester.

There are three important notes to keep in mind:

- 1) For programs with three five-week modules the starting point of the third module is past the 60% point in the semester.
- 2) If a class is dropped before it begins it is not considered "scheduled". However, if it is dropped after it begins it does meet the "scheduled" definition.
- 3) For Financial Aid purposes the word "withdrawal" is used to mean withdrawing from a semester, not withdrawing from a program. A student can withdraw from a semester without withdrawing from a program.

A student is considered withdrawn for Financial Aid purposes if the student ceases attendance at any point prior to completing all the scheduled classes in the semester, unless the school obtains written confirmation from the student he or she will attend a module that begins later in the semester. A letter or email sent to the Registrar's Office, Academic Advisor, or Financial Aid Office is considered written confirmation.

If the school obtains a written confirmation of future attendance but the student does not return as anticipated, the student is considered to have withdrawn from the semester. The student's withdrawal date would be the last day of attendance.

Corban determines whether a student enrolled in modules is withdrawn by following this series of questions:

- 1) After beginning attendance in the semester, did the student cease to attend or fail to begin attendance in a course he or she was scheduled to attend? If the answer is no, this is not a withdrawal. If the answer is yes, go to question 2.
- 2) When the student ceased to attend or failed to begin attendance in a course he or she was scheduled to attend, was the student still attending any other courses? If the answer is yes, this is not a withdrawal. If the answer is no, go to question 3.
- 3) Did the student confirm attendance in a course in a module beginning later in the semester? If the answer is yes, this is not a withdrawal, unless the student does not return. If the answer is no, this is a withdrawal and the return of financial aid funds calculation requirements apply.

Note that, for undergraduate students, Federal Pell Grant or Campus Based aid may need to be recalculated based on Full Time (12 or more credits), Three Quarter Time (9-11 credits), Half Time (6-8 credits) or Less than Half Time (5 or fewer credits) enrollment. This recalculation will be performed by the Financial Aid Office prior to the return of federal funds calculation being performed.

For information about how withdrawing affects your Financial Aid contact the Financial Aid Office at 503-375-7006 or financialaid@corban.edu.

For information about the withdrawal process or to notify the school you are withdrawing contact the Office of the Registrar at 503-375-7017 or registrar@corban.edu.

For information about how withdrawing affects your Student Account contact Student Financial Services at 503-375-7030 or financialservices@corban.edu.

ADMISSIONS

UNDERGRADUATE

Corban welcomes Christian students who value a Christian liberal arts education and meet the university admissions criteria.

The University seeks students who are able to present strong academic records and a clear testimony of faith in Jesus Christ. The Admissions Committee also evaluates each applicant's ability to succeed in college and is in agreement with the Statement of Faith and lifestyle policy of the University.

Corban University reserves the right to deny admission to any applicant. The University does not discriminate on the basis of age, race, sex, color, national origin or disability in its education programs or activities.

ADMISSION PROCEDURE FOR UNDERGRADUATE PROGRAMS

Corban University is committed to delivering the highest academic standards with a foundation in the Word of God. We are dedicated to seeing you succeed personally and professionally. Part of that success is finding the right place to complete your degree. Successful candidates for Corban's online programs will:

- Profess faith in Jesus Christ and live a consistent Christian lifestyle.
- Demonstrate the writing competency to function successfully at a bachelor degree level.
- Corban recommends a college GPA of 2.0 for students bringing in transfer credits, or a high school GPA of 2.7.
- Have one year of life, work or college experience since graduating high school.
- Submit faith statement.
- Submit an online application and \$50.00 non-refundable application fee.
- Official transcripts from all previously attended colleges.
- Submit the Christian Character Reference Form.

Call to schedule an information session with an Admissions Counselor.
Phone 503-375-7590 or 800-764-1383.

ADMISSION PROCEDURE FOR FRESHMEN

A freshman is defined as one who has graduated from high school and has never been enrolled in a post secondary institution after the date of high school graduation. Some freshmen may take advanced placement courses or complete college-level classes during high school and before high school graduation.

It is recommended that applicants complete four years of english, three years of math and social studies, and two years of science and a foreign language. In some cases, applicants whose records or test scores do not meet the recommended standard for admission may be admitted with a provisional acceptance. To assist students through the enrollment process, each student is assigned an Admissions Counselor. If your questions are not answered in this catalog, you can e-mail admissions@corban.edu or call 503.375.7005 or 800.845.3005.

1. It is encouraged to complete the application online at www.corban.edu beginning June 1st. The Application for Admission includes a brief personal faith statement regarding the applicant's relationship to Jesus Christ.
2. Request a copy of your high school transcript to be sent to Corban. Students who are applying to the University before they have graduated from high school may send a transcript showing work completed to date; **however a final transcript will be required after graduation which will contain dates of graduation and grade point average.** A cumulative 2.70 grade point average is recommended.
3. Have the Scholastic Aptitude Test (SAT) or American College Test (ACT) scores sent to the University. Corban University recommends a 900 score on the old SAT critical readings and math, or a 1,000 on the RSAT (Revised SAT), a 19 on the ACT. At this time, the University does not require the writing section of the SAT or ACT for acceptance decisions. Information regarding test dates and locations is available from your local high school guidance counselor. An applicant who has graduated from high school ten years or more maybe exempt from submitting these test scores.

4. Submit a Christian character reference from an individual who has an understanding of your Christian faith. It is recommended that this person be a leader in your church.
5. Once the applicant has been admitted and deposits are paid, the university will send packets of information, along with forms to be completed and returned regarding housing, health insurance, as well as a medical questionnaire. These must be completed prior to enrolling.

ADMISSION PROCEDURE FOR INTERNATIONAL STUDENTS

International students are subject to the admission policies of Corban University and to the regulations of the Immigration and Naturalization Service of the United States Department of Justice. An applicant who is not a citizen of the United States must meet the following requirements:

1. Request an International Student Application form from the Admissions Office.
2. Provide proof of secondary school completion in the form of an official transcript or diploma with graduation date. Corban University will also accept official IGCSE/GCSE scores. In lieu of a diploma, the student must submit official test scores showing 5 passes with a C or higher.
3. Prove English proficiency by one of the following means:
 - a. Test of English as a Foreign Language (TOEFL) minimum score of 70 (TOEFL IBT) or 520 (TOEFL PBT).
 - b. International English Language Testing System (IELTS) minimum score of 6.0
 - c. Common European Framework Level: B2
 - d. PTE Academic: 51-58
 - e. Level 2 qualification (grade range A*- C) in at least 1 GSCE English first or second language
 - f. Cambridge English Exam (CAE) scaled score 169-175
4. Submit official transcripts from each secondary and post-secondary school attended. Transcripts in languages other than English must be accompanied by a certified English copy and an evaluation by World Education Services (www.wes.org).
5. Guarantee financial responsibility. The applicant must submit a written document guaranteeing that the minimum amount required to support the costs of tuition, room and board, transportation costs to and from the United States and expenses will be underwritten. Copies of bank account records, other financial instruments, or letters of certification may be submitted for this purpose. A \$1,000 tuition deposit (in US dollars) must be received by Financial Services at Corban University by May 1. Upon receipt of these funds an I-20 will be issued. This is an official United States immigration document which enables a foreign student to apply for a student visa at the nearest U.S. Consulate.

Foreign students admitted to the United States on a student visa are required by law to be registered as full-time students, carrying a minimum of 12 credit units of academic work. International students are not permitted to work off-campus without written permission from the United States Immigration authorities.

ADMISSION PROCEDURE FOR ONLINE UNDERGRADUATE PROGRAMS

Corban University is committed to delivering the highest academic standards with a foundation in the Word of God. We are dedicated to seeing you succeed personally and professionally. Part of that success is finding the right place to complete your degree. Successful candidates for Corban's online programs will:

- Profess faith in Jesus Christ and live a consistent Christian lifestyle.
- Demonstrate the writing competency to function successfully at a bachelor degree level.
- Corban recommends a college GPA of 2.0 for students bringing in transfer credits, or a high school GPA of 2.7.
- Have one year of life, work or college experience since graduating high school.
- Submit faith statement.
- Submit an online application and \$50.00 non-refundable application fee.
- Official transcripts from all previously attended colleges.
- Submit the Christian Character Reference Form.

Call to schedule an information session with an Admissions Counselor. Phone 503-375-7590 or 800-764-1383.

ADMISSION PROCEDURE FOR TRANSFER STUDENTS

A transfer student is defined as one who has attempted to complete any transferable course work at a regionally-accredited college after high school graduation.

Transfer students must apply for admission and follow the same procedure as presented for freshman applicants. In addition, an official transcript from any and all colleges and universities attended is required, whether or not credit was given.

Transfer students with fewer than 31 semester hours or 47 quarter hours of college work must qualify for admission on the basis of SAT or ACT scores and academic records from both high school and college.

To facilitate the transition between colleges, each transfer student is assigned an academic advisor with whom she or he will connect prior to registration. The advisor will discuss and help arrange the student's program of study, taking into account previous college work, future goals, and the general education core requirements of Corban.

To help in the transition to Corban and to meet other new transfer students, all transfer students are required to attend a new student orientation. Information about this orientation will be mailed to transfer students before registration.

ADVANCED PLACEMENT (AP)

College credit may be granted in several subject areas to students who complete college-level courses in high school and receive a score of three or better through the AP program. The AP examinations are administered nationally once a year, in May, primarily at participating high schools. They are the culminating exercise for high school students who complete honors or advanced courses that parallel standard college-level courses.

Students expecting advanced placement credit should request, at the time the test is taken, that scores be sent to Corban University. Upon receipt of the official AP report, and enrollment of the student at the University, the acceptable credits will be transcribed and may count toward the total hours required for graduation.

Advanced placement credit will be withdrawn if work later is duplicated in a college-level course. These credits will not be given in conjunction with College Level Examination Program (CLEP) or transfer college credit.

APPLICANTS WITH CRIMINAL RECORDS

It is the policy of Corban that prospective applicants with a criminal record wait to apply for a minimum of one year from the end of their parole and/or probation. Prior to application, the candidate must have been established in a community and involved in an evangelical church for at least three years. Also, convictions for crimes involving moral turpitude as listed in ORS 342.143 and ORS 161.405 will be grounds for denial of admission to the University or grounds for dismissal from the University.

EARLY HIGH SCHOOL ADMISSION

An early admissions program is available to qualified high school students. This permits study at Corban University while a student completes a high school program.

Eligibility Requirements

An applicant must have completed the junior year of high school and be at least 16 years old prior to the end of their first semester of enrollment. An applicant who has completed the senior year of high school is not eligible. Early admission students must earn grades of "C" or better in the courses taken at the university to remain in the program.

Application Procedures for Early Admission

1. Contact the Admissions Office for admission form.
2. Complete the Application for Admission and return it to the Admissions Office with the application fee and indicate your choice of courses.
3. Submit an academic transcript for all courses taken in high school from the ninth grade to the present.
4. Have the recommendation forms completed and sent to the Admissions Office.

High school students may enroll in no more than seven semester hours during any regular semester. Early admission students in good standing are automatically admitted to Corban upon graduation from high school. All additional credentials must be received before university enrollment.

Cost and Credit

Early admission students may take a maximum of 14 semester hours with a tuition charge of \$65 per credit hour. Additional course fees may apply. Credit earned during early admission may be applied to degree programs at Corban University without additional charge.

HOME SCHOOLED STUDENTS

Corban welcomes applications from students who have been home schooled. The admission procedure and requirements are the same as for those who have graduated from a traditional high school. Students who cannot submit official transcripts must substitute a list of all course work completed during high school. Admission will be based upon courses taken, SAT or ACT results, and the academic reference.

INTERNATIONAL BACCALAUREATE

Corban recognizes the International Baccalaureate (IB) high school program. Three semester hours of lower division credit are granted for each Higher Level exam passed with a score of 5, 6, or 7. The University will also grant four semester hours of elective lower division credit for the Theory of Knowledge if the student has received the IB diploma. A maximum of twenty-four semester hours may be granted. Students can, therefore, earn nearly one year of college credit for IB work.

NON-DEGREE/NON-MATRICULATED STUDENTS

Non-degree enrollment status is designed for students who wish to take courses but do not plan to pursue a degree. Individuals often choose this path in order to expand their knowledge in a particular area or to strengthen their credentials. **Non-degree students do not qualify for financial aid or student visas.** Non-degree enrollment status does not require a full formal admission process or formal entrance requirements. However an application for Non-Degree Admission and the application fee are required for acceptance. Typically, a Non-Degree applicant may take up to 6 credits without formally enrolling in a degree program. Enrollment as a non-degree student does not guarantee subsequent admission for degree candidacy.

READMISSION OF FORMER STUDENTS

Any student who has left Corban for any reason will be required to file an Application for Readmission. Students who are dismissed may be required to fulfill other criteria. Official transcripts from any schools attended during the interval should be sent to the Admissions Office of the university. A Christian Character reference is also required. A student returning after an absence is also expected to complete any new or revised graduation requirements as published in the catalog in current use at the time of re-enrollment.

STUDENTS WITH DISABILITIES

Corban offers a variety of supportive services that facilitate access to educational opportunities for students with a disability. Documentation of an existing disability is required. Students are encouraged to contact the Director of Student Support as early as possible to request services.

TRANSFER EVALUATION CRITERIA

A minimum grade point average of 2.00 (exclusive of developmental or other nontransferable course work) is required for transfer admission consideration.

Generally, upper division credit is not allowed for courses taken in a community college and no more than 70 hours of lower division courses may be transferred. Only courses with a grade of "C-" or better will transfer from another institution. Credit conversion from quarter hours to semester hour credits is calculated by multiplying the number of quarter credits by two-thirds.

An official evaluation of transcripts to determine transfer credit is done only when an Application for Admission has been accepted. This evaluation will be sent to each transfer applicant following notification of acceptance. All matriculating transfer applicants are required to send final and official college transcripts to the Admissions Office before registering at the university.

After enrolling and completing a semester at Corban, the transfer student assumes a new cumulative grade point average that is subject to academic policies established by the university.

Up to 40 professional-technical hours may be transferred from an accredited institution if these courses are described as transferrable in that institution's catalog or recognized in the ACE Guide (American Council on Education). These courses usually are transferred as elective credit only. The total combined number of professional-technical hours and portfolio hours cannot exceed 64 semester hours.

A maximum of 12 College Work Experience (CWE) hours (must be 100 level or more) will be accepted as transfer elective credit.

Transfer students coming from institutions which are not accredited or recognized may be given the opportunity to validate credits.

VETERANS

Veterans or dependents of veterans who plan to enroll at Corban University are urged to apply for the benefits through the Veterans Administration well in advance of registration so that the necessary paperwork will be completed. The university certifying official may be able to provide the necessary forms and answer any questions. A late decision to attend may delay payments.

FINANCIAL INFORMATION

Corban attempts to keep the expense of securing a Christian education as affordable as possible. The actual cost of instruction is greater than what the student pays. The university receives support from individuals, churches, and foundations who share in providing this quality education. Student costs are subject to change by action of the Board of Trustees or Administrative Team.

CAREER SERVICES

The Corban website includes current job openings, internships, and ministry positions within the U.S. and worldwide. Openings are also posted on the on-campus job board. The Student Support Services office provides resources for creating a résumé, and preparing for an interview, an internship, a job, or graduate school.

HEALTH INSURANCE

The university is not responsible for injuries through the use of its facilities or athletic equipment, or for injury occurring in classes, during school activities, or while taking part in experiential learning programs, church and community service assignments, intramural or intercollegiate athletic programs. All students are required to sign a liability release at the time of registration.

The university requires that all students must be covered by health and accident insurance. During registration students are asked to provide proof of such coverage with an identification card from their insurance company. The company name and policy will be kept on file in the Student Life Department.

For additional information see the Student Life Department.

MEAL PLAN

All resident students are required to be on a meal plan and may choose from several options (townhouse residents are not required to purchase a traditional meal plan, but must choose from one of the commuter plans). Campus Dining offers hot meals each day during designated hours between 7:00 a.m. and 7:00 p.m. These hours may vary. Special dietary needs can be accommodated by contacting the Director of Food Services.

Campus dining also operates Common Grounds, an on-campus coffee shop located in the Student Center and a POD in the Library, throughout the day and evening. Common Grounds and the POD sells sandwiches, snacks and various other items for students and visitors.

PAYMENT POLICY

For students not on a Monthly Payment Plan your account balance (Charges minus Financial Aid) is due by the published due date for Traditional Undergraduates, and by the close of registration for all other programs. Registration is not complete until satisfactory arrangements are made with the Financial Services Office of the University. Additional aid received after your account is paid in full will be refunded.

A payment plan service is provided by the Student Accounts Team, to allow your tuition and fees to be paid in equal monthly payments over the course of the year. There is no additional fee for this service. Please complete the Payment Plan Application online or call the Financial Services Office at 503-375-7030 to request additional information. We would be pleased to assist you in planning for the upcoming academic school year.

Delinquent accounts (no payment, no payment plan) may be assessed a monthly 1.5% finance charge on the unpaid balance.

No transcripts or diplomas will be issued if you have a balance due.

REFUND POLICY FOR COURSE CHANGES

No tuition refunds will be granted for individual classes dropped after the close of registration or for private music lessons dropped after the fourth full week of the semester. However, courses changed or cancelled by the university that affect tuition and course-related fees will be fully refunded.

REFUND POLICY FOR WITHDRAWAL

Students who find it necessary to withdraw from the University after registration may be entitled to a tuition refund. A withdrawal card is available in the Office of the Registrar. Students are responsible to initiate the withdrawal, obtain the necessary signatures on their withdrawal card, and return it to the Registrar. The date it is returned is the effective date of withdrawal.

Refund of tuition (including summer), room, board, fees, (with the exception of the technology fee) and financial aid is prorated up to 60%.

Exceptions to the refund schedule may be petitioned to the Administrative Team. Petition forms are available in the Office of the Registrar. Complete the form, including the reason for requesting an exception and send the completed form to the Director of Student Accounts in the Financial Services Office who will submit it to the Administrative Team.

Note 1: A class day is counted as any day classes are scheduled according to the academic calendar.

Note 2: Fee schedules and costs for the degree completion program offered Online Undergrad Program are different.

MOVING ON OR OFF CAMPUS WITHIN A SEMESTER

The residential fee for students who move on or off campus after the close of registration will be prorated up to 60%. Moving off campus after 60% of the semester completion will allow no refunds and the student may continue to use their meal plan.

PURPOSE OF FINANCIAL AID

Financial aid at Corban University is provided to help bridge the gap between what students and their families can reasonably afford and the actual cost of a university education. Many types of financial aid are based on need as determined through the completed Free Application for Federal Student Aid (FAFSA).

Students should complete the FAFSA at www.fafsa.gov. There are certain types of aid that are distributed on a first come first serve basis. Therefore, a completed FAFSA must be received by February 15 to receive priority consideration. If a student elects not to complete a FAFSA they should notify the Financial Aid Office of that decision by February 15th. If a FAFSA is not completed, the student will not qualify for need based aid.

Students are required to maintain Satisfactory Academic Progress (SAP) in order to receive financial aid. A copy of the SAP policy of the University is included in this catalog. Failure to maintain SAP could result in a termination of aid.

Additional information concerning the purpose or offers of financial aid may be obtained by calling the Financial Aid Office.

RESIDENCE HALL CONTRACT AND HOUSING DEPOSIT

Students living in campus housing will sign a housing contract at the time of check-in.

Students who plan to live on campus pay a \$100 housing deposit which must be submitted to the Admissions Office by May 1. If an applicant is accepted for admission after May 1, he or she has four weeks to submit the housing deposit. The deposit is refundable prior to the May 1 deadline.

Students should fill out a housing preference form and turn it in with the housing deposit.

The housing deposit reserves a space in campus housing. Every effort is made to grant housing requests made by returning students and those new students who submit housing deposit fees prior to May 1. Those who make payments after May 1 will be accommodated as space allows. The University generally is able to house all students who wish to live on campus, but may not be able to fulfill all specific room requests.

Before leaving on-campus housing, students must be officially checked out by a Resident Assistant and approved by the Resident Director. Failure to get this approval will result in a check-out fine.

Housing deposit fees are refundable through May 1 for fall semester enrollment, or through December 1 for spring semester. Students who choose not to enroll at Corban University and fail to notify the Admissions Office prior to these deadlines will forfeit the fees paid. Fees paid for one semester's attendance may not be applied to another semester's enrollment or transferred to another applicant.

SCHOLARSHIPS, GRANTS AND LOANS

Students completing a FAFSA will be considered for the following federal and state aid programs: Federal PELL Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Perkins Loan, Federal Stafford and Unsubsidized Stafford Loan, Federal PLUS Loan, Federal Work-Study, and Oregon Opportunity Grant.

For more information visit www.corban.edu/financialaid. You may also email questions to financialaid@corban.edu or call 503-375-7006.

SENIOR CITIZENS TUITION WAIVER

Any person 62 years of age or older may enroll in one course per semester, for credit or audit, without a tuition charge. This rate does not apply to online courses, private lessons, or independent study courses. Enrollment is on a space available basis, which is determined by the registrar. Students are responsible for the cost of books, materials and fees related to the course. An application for this tuition waiver and information on courses is available in the registrar's office.

TRANSCRIPTS

Refer to information under "Academic Information and Policies" section

TUITION DEPOSIT

All applicants for admission and readmission must submit a \$200 tuition deposit. This deposit must be submitted to the Admissions Office by May 1. In the event that you are accepted after May 1, the deposit must be received within four weeks of your acceptance to the University. Please note that the deposit is only refundable up until the May 1 deadline.

Upon enrollment the deposit is credited towards the first semester's tuition. The tuition deposit reserves a place in the student body and helps the University plan to provide adequate academic services for all students.

Deposits are refundable through May 1 for fall semester enrollment, or through December 1 for spring semester. Students who choose not to enroll at Corban and fail to notify the Admissions Office prior to these deadlines will forfeit the deposit. A student's deposit for one semester's attendance may not be applied to another semester's enrollment or transferred to another applicant.

ENROLLMENT STATUS

Students who are registered for at least six credits at the graduate level are considered full-time. Students registered for three credits are considered to be half-time and qualify for financial aid.

FINANCIAL AID

The financial aid office is always available to assist with financial aid needs. A summary of available programs can be found at <http://www.corban.edu/graduate/financialaid.html>.

For information on student loans, see the Financial Aid office for guidelines. Please call: (503) 375-7006.

REFUND POLICY FOR COURSE CHANGES

No tuition refunds will be granted for individual classes dropped after the close of registration. However, courses changed or cancelled by the university that affect tuition and course-related fees will be fully refunded.

REFUND POLICY FOR WITHDRAWAL

If a student finds it necessary to withdraw from a program of study, the policy for dropping a course will be followed. There will be no refund of tuition, and financial aid calculations will be made based on federal requirements.

Situations such as family emergencies and other things beyond the control of the student will be handled on a case-by-case basis by the Program Director or Dean and the Registrar.

Petition forms are available in the Office of the Registrar or online. Complete the form, including the reason for requesting an exception and send the completed form to the Director of Student Accounts in the Financial Services Office who will submit it to the Administrative Team.

DOCTOR OF MINISTRY PROGRAM

Course Tuition 2017-2018

Tuition for the 2017-2018 academic year is \$415/credit hour. All modules are \$1,660 (4 x \$415) and thesis-project seminars are \$415 (1 x \$415). Tuition is subject to change at the end of each program year. Changes in tuition will be publicized to students prior to registration.

Tuition	\$415.00	Per credit hour
Audit Tuition (CUSM student)	\$400.00	Per module
Audit Tuition (non-CUSM student)	\$500.00	Per module

Tuition can be paid by semester or monthly. If paid by semester, full payment (charges minus Financial Aid) is due following initial billing. If paid monthly, a payment plan service is provided by the Student Accounts Team, to allow your tuition and fees to be paid in equal monthly payments over the course of the year. There is no additional fee for this service. Please call the Financial Services Office at 503-375-7030 to request additional information. We would be pleased to assist you in planning for the upcoming academic school year.

- January 30 = 60%
- February 15 = 50%

No tuition will be refunded if notification is not received before February 15.

STUDENT LIFE

UNDERGRADUATE STUDENTS

The Office of Student Life seeks to foster student learning that results in meaningful growth. This kind of growth is pursued through the development of activities, environments, programs, and services which foster curiosity, stimulate mindfulness, encourage stewardship, and promote citizenship.

Athletics, Intramurals, and Corban Recreation

Corban offers intercollegiate competition in men's and women's basketball, men's and women's soccer, men's and women's cross-country, men's and women's track, men's and women's golf, volleyball, baseball, and softball. Corban is a member of the National Association of Intercollegiate Athletics (NAIA) and competes in the Cascade Collegiate Conference (CCC).

In addition, every student at Corban has free access to a Student Fitness Center. Students may also participate in a wide array of recreational and competitive sports through Intramurals. Corban Recreation specializes in outdoor recreational pursuits by providing a wide range of non-competitive activities including hiking, kayaking, beach combing, paintball, mountain biking, rock climbing, snowboarding, supporting student led outdoor trips, and overseeing the operation of the Corban Disc Golf Course.

Nurturing the Spirit

Corban attempts to enhance the Christian life of its students in a variety of ways:

Required courses in Bible: Every major at the University requires that the student enroll in Bible and Theology courses to satisfy degree requirements.

Chapel Gatherings: The purpose of Chapel is to create time and space for nurturing student personal and corporate spiritual growth. These goals will be met through times of corporate worship, hearing from Christians from a variety of fields, cultivating an awareness of local and global needs, and hearing and celebrating the testimonies and scholarship for the Corban community and its members. Chapel meets three mornings each week and is intended for both students and employees—and guests are always welcome. Although some services are designed to inform, the overall goal of Chapel at Corban is to equip Christians who will make a difference in the world for Jesus Christ. What that means is while some Chapels will provide comfort through familiarity or predictability; others will be deliberately designed to create questions and constructive disequilibrium.

Service: The Reach program facilitates a wide variety of service opportunities in churches and non-profit organizations in both local and global contexts. Reach practically equips students to integrate faith, service, and learning. For more information, see the "Reach" section above.

Church Attendance: all students are expected to attend regularly and participate actively in the services and life of a local evangelical church.

Physical and Mental Health

Corban's Counseling and Career Services Office is located in the first floor of Davidson Hall and offers a variety of mental health services for the undergraduate population. For more information regarding these services, please consult Corban's webpages.

Although Corban does not have a health clinic on campus, there are medical and urgent care clinics located within three miles of the campus. In addition, there are two emergency rooms located within fifteen minutes. Student leaders and professional live-in staff are certified in First Aid, CPR, and AED use and first aid kits are available in all residence halls and in administrative building across campus. These contain supplies for minor health concerns.

Standard of Conduct

As a Christian university, Corban is committed to fostering an educational environment that equips men and women to become godly leaders in their communities and active participants within the body of Christ. We believe that the expectations outlined in the on-line *Community Life Walkthrough* (aka, the student handbook) are conducive to your personal growth and are in the best interests of the Corban community as a whole. University leaders including those within Student Life, the President's Cabinet, and the Board of Trustees determine these expectations based on a combination of biblical principles, school history, educational research, and a responsiveness to today's culture.

We recognize that individual students may not have personal convictions wholly in accord with these responsibilities and standards; in some cases the student will prefer more expansive policies, in other cases, more conservative. In either case, however, living in the company of others only works if each individual is willing to put aside his or her own preferences in order to honor the whole. This is an expectation we know from Scripture where we are told, *"Do nothing from selfish ambition or vain conceit. Rather, in humility value others above yourself, not looking to our own interests, but each of you to the interests of others"* (Philippians 2:3-4, NIV). Students are expected to be familiar with the contents of the Walk-through, are welcomed to ask questions and/or press for change and most importantly, be committed to *"...value others above yourself"*. For more information about these standards, please consult the on-line handbook

Student Appeals

Informal and formal procedures have been designed to assist students in resolving personal conflicts. The formal student concerns appeals process is described in the *on-line Community Life Walkthrough* or, if regarding Reach within this catalog or on the Reach pages in Converge. For further information contact the Office of Student Life.

Student Programs and Organizations

Associated Student Body

All traditional undergraduate students who have paid the student activity fee are considered members of the Associated Student Body (ASB). The purpose of ASB is to provide a student government that develops unity and mutual understanding among campus organizations, promotes and upholds Christian principles, and fosters vital cooperative student-faculty relations in every area of campus life. ASB officers are elected each spring and include a president, executive vice president, and vice presidents for finance and administration, marketing and communication, student ministries, student initiatives, and community engagement.

Student Organizations and Special Projects

Anyone wanting to initiate a student organization or a special project may obtain forms in the ASB office. Student organizations or special projects must be formed around specific interests and must abide by the guidelines established for recognition by the ASB. Student organizations and special projects may petition for funds and are responsible for the management and distribution of those funds.

Student Housing

All traditional undergraduate students under the age of 21 are required to live on campus unless they have junior or senior status (have completed more than 62 credits), are turning 21 during the upcoming academic semester, are married, are living at no cost with relatives over the age of 25, or have lived on campus for four (4) semesters. Studies show that living on campus enhances the likelihood that students will be satisfied with their undergraduate experience, feel more connected to the University community, and be more likely to graduate.

Wi-Fi is available in all residence hall rooms and common areas.

Each residence hall has a capable staff available for advice and guidance. The staff works together to develop and maintain a living environments that encourage a sense of belonging, invite student engagement and cultivate healthy citizenship.

Housing arrangements are made by the Operations Manager. Every effort is made to assign new students compatible roommates. Complete information concerning residence hall policies is found in the *Community Life Walkthrough*.

Housing options for off-campus students are posted on both the online housing and roommates wanted boards.

Student Safety

Corban strives to assure a safe and secure environment and is in compliance with federal guidelines regarding University transparency, accountability, and to prevention. For more information about these important federal guidelines, please refer to the following websites:

Jeanne Clery Act <http://clerycenter.org/summary-jeanne-clery-act>

The Campus Sexual Violence (SaVE) Act <http://clerycenter.org/campus-sexual-violence-elimination-save-act>

The Violence Against Women (VAWA) Act <http://clerycenter.org/article/vawa-amendments-clery>

Title IX and Sex Discrimination Law http://www2.ed.gov/about/offices/list/ocr/docs/tix_dis.html

For details regarding Corban's compliance and for information on reporting issues of concern, please refer to the Campus Safety and Student Life webpages.

Corban has a trained campus security force on duty 24 hours a day, seven days per week. The University subscribes to a campus wide notification system that allows emergency information to be sent to all registered students, faculty and staff as well as family members. This is a notification system that students will be encouraged to subscribe to during Orientation.

GRADUATE STUDENTS

Christian Conduct

Corban University believes that it has the responsibility to provide guidelines for Christian conduct which will help the student discern between that which is God-honoring and that which hinders Christian testimony. Conduct should be motivated by a personal love for God and for others (Matt. 22:34-40). Students are not to engage in things expressly prohibited by Scripture, such as sexual immorality, adultery, drunkenness, homosexuality, theft, murder, dishonesty, attitudinal sins and sinful speech (Mark 7:20-23; Rom. 1:26-31; Gal. 5:19-21). In matters not expressly addressed in Scripture, we expect students to conduct themselves in a manner consistent with biblical principles of godly living. We encourage students to develop the skill of living wisely, making choices that demonstrate one's ability to apply biblical principles in areas of conduct debatable in nature.

The student's family and its health are important to the mission of Corban University. Though study, work, and ministry responsibilities may be demanding, the University encourages students to develop and maintain strong, biblically-oriented family relationships. A wife, husband, or children deserve loving care and support while a student is engaged in graduate study.

CENTER FOR GLOBAL ENGAGEMENT

The vision of the Corban University Center for Global Engagement (CGE) is to provide a place for scholars to work together to discuss and address global issues affecting Christian education, the church, and other Christian organizations working to further the gospel in international contexts. The CGE also serves as an incubator for new initiatives aimed at creatively responding to global challenges. The Corban University Center for Global Engagement is focused on gathering new information and tools to empower others to reach the nations around the globe through education and social change (Matthew 28:19-20).

Faculty and staff involved in the Center for Global Engagement conduct research, teach internationally, lead gospel-focused projects and facilitate student learning opportunities.

The Center also serves as a hub for equipping Christians with cultural awareness and leadership skills to make a difference in the world for Jesus Christ.

UNIVERSITAS PELITA HARAPAN: TANGERANG, INDONESIA

The Corban University ---Universitas Pelita Harapan partnership was expanded in 2015 to include all of Asia through the development of an International department of Teachers College. The International Teachers College (ITC) department will target expatriate students from all over Asia while the Teachers College (TC) department focuses on preparing Indonesian students to become high quality teachers specifically for the Indonesian context. Corban University is committed to preparing effective educators to raise the educational attainment of the continent of Asia and reduce poverty through high quality holistic education. All students earn a Bachelor of Education degree. For more information, see UPH: ITC, TC catalog.

AMBEX STUDY PROGRAM: BAVARIA, GERMANY

Corban's own study abroad program is conducted each semester in Regensburg, Bavaria, Germany. The Semester Abroad program is the principal ministry of AMBEX, providing classroom and off-site academic instruction built upon a rigorous God-centered curriculum that integrates critical components of a comprehensive biblical worldview. The curriculum is thoughtfully designed to deepen the students' understanding of important theological truths toward a greater appreciation of the person and redemptive work of God, His creation, and a greater assurance and ability to adequately defend and proclaim the Gospel in a post-Christian, post-modern culture.

Student Learning Objectives

1. Knowledge of Germany's influence on American thought and culture
2. Articulation of understanding of historical importance of church leaders such as Martin Luther, John Calvin, and Dietrich Bonhoeffer
3. Essential German language words and phrases
4. Clearly articulated view of a world larger than America from a biblical perspective
5. Strong communication/presentation skills, practiced in/out of the classroom
6. Knowledge of European geography, economics, culture, and art
7. Appreciation for diversity, adventure, and relationship-building in a community away from home

Assessment

Formal assessment of AMBEX takes three forms:

- Final letter grades assessed at the end of each course and included on Corban University transcripts.

- Direct assessment of the seven student learning objectives throughout the semester.
- A student perception survey given through Survey Monkey at the end of each semester. The survey addresses pre-trip preparation, the cultural adjustment, and the transformative impact of AMBEX. It specifically assesses the effectiveness of AMBEX in meeting the Student Learning Objectives (above).

Admissions Policy

Students must meet select admissions criteria to be eligible for AMBEX:

- Cumulative GPA of 2.5 or higher at all times
- Sophomore status or higher (31 semester credits or more)
- Good standing with Corban University Student Life
- Make a successful application to AMBEX at www.ambex.org/apply.

Financial Aid Policy

Corban University financial aid does not apply to AMBEX. Most student loans are applicable to AMBEX and some financial aid may be available. Current and prospective students may consult with the Center for Global Engagement on the financial aid options available.

Activities outside of the classroom provide opportunities for spiritual growth in the practical application of truth learned in the classroom. Students are encouraged to utilize their gifts in serving others during their semester abroad, to be vessels in the Lord's hand to reach the heart of our German, American, Slavic, and Moslem, neighbors. Activities for travel and relaxation are also available. Some of the activities include:

- German-american Partnership (i.e. KONTAKT and the Regensburg Student Network)
- School and Dorm Open House—coffee, tea, cocoa, cake & cookies
- Academic Exchanges e.g. book club, pen pal, music, math, chess, etc.
- Travel and Excursions (Recreational and Academic)
- Recreation—Volksmarching, Bicycling, Canoeing, Horseshoes, Hiking
- Sports and Athletics Exchange—Softball, Soccer, Swimming, Squash, Tennis, Ping Pong, etc.
- Games—Indoor and Outdoor

BESTSEMESTER STUDENT PROGRAMS

The off-campus study programs offered by the CCCU are known as "BestSemester." Eight semester programs and one summer program serve the student academic program interests of CCCU member and affiliate institutions. BestSemester programs allow member institutions to send students to programs that are reviewed by the Student Academic Programs Commission.

These off-campus interdisciplinary learning opportunities are available to students at sophomore level and above and offer up to 16 semester hours of credit. Consult with the Corban University Center for Global Engagement to learn how these credits may apply to your major. The Corban University Registrar confers final approval on all credit equivalencies or substitutions from BestSemester programs.

Students must meet select admissions criteria to be eligible for BestSemester. Corban University criteria for study abroad are listed here:

- Cumulative GPA of 2.5 or higher (GPA requirements might be more stringent for specific BestSemester programs)
- Sophomore status or higher (31 semester credits or more)
- Good standing with Corban University Student Life.
- A successful application to a BestSemester program at www.bestsemester.com/apply

BestSemester may set additional requirements and specific academic pre-requisites as admission criteria for given programs. Other criteria are specified at www.bestsemester.com.

Corban University institutional financial aid does not apply to BestSemester. Most federal and state student loans are applicable to BestSemester and some financial aid may be available. Current and prospective students may consult with the Center for Global Engagement on the financial aid options available.

There are 10 semester programs and one summer program from which to choose:

- Australia Studies Centre (ASC)
- Costa Rica Latin American Studies program (LASP)
- Los Angeles Film Studies Center (LAFSC)
- Middle East Studies Program (MESP)
- Northern Ireland Semester (coming in January, 2018)
- Oxford Scholars' Semester in Oxford (SSO)
- Oxford Summer Programme (OSP)
- Washington DC American Studies Program (ASP)
- Uganda Studies Program (USP)

For in-depth information about the above programs, please visit this web-site:

http://www.cccu.org/about/programs_and_services/office_of_student_programs#SAPC

Students on the following programs receive transcripts from the host institution:

- Australia Studies Centre (Christian Heritage College)
- Scholars' Semester in Oxford (Wycliffe Hall, University of Oxford)
- Uganda Studies Program (Uganda Christian University)

THE CORBAN LANGUAGE INSTITUTE

PATHWAY TO ENGLISH PROGRAM

PATHWAY TO ENGLISH PROGRAM

Thousands of developing-language international Christian students are prevented from studying in the American university system or are forced to train at secular language institutes without the benefit of a solid, biblical foundation and supportive spiritual community. The Corban Language Institute's Pathway to English program seeks to provide these students the opportunity for high-quality intensive English instruction, coupled with a strong Christian community to enable them to achieve their goals to the glory of God.

Program Mission and Vision

Provide international Christian students, with a developing English language ability, the instruction, environment and experiences necessary to promote meaningful language acquisition to further their personal, professional and vocational goals

Program Learning Outcomes

- Students demonstrate the ability to write well-organized, well-developed, and well-supported paragraphs and essays of varying lengths and rhetorical styles at each level of the program.
- Students demonstrate the application of reading strategies to extract meaning and ideas from a variety of texts in different genres and at different levels of complexity as experienced at each level of the program.
- Students demonstrate the ability to apply listening strategies to comprehend, interpret, and respond to discourse that is either non-participative or participative in developing stages at each level of the program.
- Students produce spoken language to express themselves and their relationship with others and the world in a variety of activities, such as conversations, discussions, presentations and debates, each of which demands increasing fluency at each level of the program.
- Students demonstrate a solid foundation in the form, meaning, and use of grammatical structures in speaking, reading, and writing.
- Students apply skills from all language areas to synthesize and produce work that demonstrates a strong Biblical foundation and sense of Christian community in written and verbal forms.

Admissions

Students are admitted under the same academic and faith requirements as a traditional undergraduate student, with the one exception being that they are not required to take TOEFL exam prior to admittance. All Pathway students are granted conditional admission into the Corban University Traditional Undergraduate program and are admitted upon successful completion of the program without the need for further application.

Placement

Upon entrance, Pathway students are given an institutional TOEFL (ITP) test and then placed along the Pathway at the appropriate level for their abilities. In order to advance to the next level in the program, students are required to have achieved a C- in their current courses, test at higher than the level threshold, and receive recommendation from the Director of the program.

Credit-Bearing Courses and the Bachelor of Arts

The Intensive English (IE) courses in the A1 (Basic) through B1 (Low Intermediate) are taken as non-credit bearing courses. They may be repeated as necessary until a student breaks through to the next level. The courses at the B2 (High Intermediate) level are credit-bearing. *The Intensive English (IE) courses at the B2 level are applied as Foreign Language electives (12 credits); which allows all graduates of the Pathway program the opportunity to achieve a Bachelor of Arts degree.*

Completion and Matriculation into Undergraduate Program

To graduate from the program, a student must achieve a 520 on the institutional TOEFL exam – the minimum entrance score for Corban University's Undergraduate program.

Course Offering

Courses at the A1 (Basic) level are offered as needed when student enrollment meets the necessary minimum (six students per level). When not offered, admitted students are placed in the A2 and provided with additional language support through the Corban Language Institute's tutoring and conversation partner program.

Undergraduate students (both Pathway graduates and new international admits) whose TOEFL score would place them at the C1 (Advanced) level would take the courses as laid out on the Course Requirements page.

Cultural Trips, Native-Speaking Roommates, Study Hall, Mentors and Tutors

Successfully integrating into the Corban community and the American education system requires more than just class time and homework. It requires getting into the culture and spending real time conversing with native speakers. To accommodate this goal – of full integration – students are paired with native-speaking roommates where possible. Additionally, students have access to high quality tutors and upperclassmen mentors at no additional cost. This gives each CLI Pathway student the one-on-one support they need for success. An optional study is available for students who want to receive help on assignments or work in a quiet, focused environment. Finally, throughout each term students participate in immersive cultural trips in the local area. These include trips camping along the Oregon coast, hiking in the Cascade Mountains, and sightseeing in Portland.

Vacation Term Requests

The Corban Language Institute Pathway to English program is a three-term-per-year program. Students are given short mid-term breaks for regional cultural trips hosted by the university. Any specific vacation time away from the CLI pathway program is not hosted by the university and must be formally approved. Each student must fill out and submit a **Vacation Term Request** form which can be taken from the Center for Global Engagement office. The vacation request form must be approved to permit the vacation.

Students within the Pathway to English program are not allowed to take a vacation term within the first three consecutive terms of their program. For example, if a student begins their program during the Summer 2017 term, the first opportunity to take a Vacation Term would be Summer 2018. Where a student has left the Corban Language Institute for two or more terms, the student must reapply for admittance.

Upon return from a Vacation Term, a student will be required to retake the placement exam (TOEFL ITP). Should a student score above the minimal entrance score (520) for the Traditional Undergraduate program – they will be matriculated as a freshman student – according to the Corban Language Institute’s conditional admission policy. Should a student score below the minimal entrance score, they will be placed at the appropriate level of the Pathway program to continue their studies.

ADMISSIONS

ADMISSION PROCEDURE FOR THE CORBAN LANGUAGE INSTITUTE'S PATHWAY TO ENGLISH PROGRAM

Pathway students are subject to the admission policies of Corban University and to the regulations of the Immigration and Naturalization Service of the United States Department of Justice.

Procedure:

An applicant who is not a citizen of the United States must meet the following requirements:

1. Submit the Pathway to English Application to the Corban Language Institute to global@corban.edu for application.
2. Provide proof of secondary school completion in the form of an official transcript or diploma with graduation date.

Note: Corban University will also accept official IGCSE/GCSE scores. In lieu of a diploma, the student must submit official test scores showing 5 passes with a C or higher.

3. Submit official transcripts from each secondary and post-secondary school attended.

Note: Transcripts in languages other than English must be accompanied by a certified English copy and an evaluation by World Education Services (www.wes.org).

4. Guarantee financial responsibility. The applicant must submit a written document guaranteeing that the minimum amount required to support the costs of tuition, room and board, transportation costs to and from the United States and expenses will be underwritten.
 - a. Copies of bank account records, other financial instruments, or letters of certification may be submitted for this purpose.
 - b. A \$1,000 tuition deposit (in US dollars) must be received by Financial Services at Corban University one month before the start of the entrance term.
 - c. Upon receipt of these funds an I-20 will be issued. This is an official United States immigration document which enables a foreign student to apply for a student visa at the nearest U.S. Consulate.

TOEFL Exams

TOEFL exams (or its equivalent) are not required to be submitted to ensure entrance into the Pathway program. Students will take the TOEFL ITP upon arrival in order to place them at the appropriate level in the program. However, students who have taken the TOEFL prior to application are welcome to submit their results as part of the application process. This will assist program administrators in anticipating a student's appropriate placement.

Conditional Admission

Students admitted into the Pathway to English program are granted *conditional admission* into the Traditional Undergraduate program. They will matriculate fully into the Traditional Undergraduate program once the required TOEFL score is achieved.

Maintaining Visa Status

Foreign students admitted to the United States on a student visa are required by law to be registered as full-time students, carrying a minimum of 12 credit units of academic work. International students are not permitted to work off-campus without written permission from the United States Immigration authorities.

Pathway students are required to abide by Corban University's attendance policies and must attend class, both for maintain visa status purposes and class requirements. For example, if a class meets twice a week, students have two unexcused absences from class without penalty. More than two unexcused absences will begin to impact student grades. Students who have six or more unexcused absences may fail the class.

The general education curriculum consists of 69 units of coursework in Bible, Communications, Humanities and History, Human Performance, and Math/Science. The goal of our general education curriculum is to educate growing Christians to become competent thinkers, effective communicators, and involved citizens.

The general education *online* curriculum consists of 51 units of coursework in Bible, Communications, Humanities and History, Human Performance, and Math/Science. The goal of our general education curriculum is to educate growing Christians to become competent thinkers, effective communicators, and involved citizens.

General Education Outcomes

Transformative Learning

Corban is committed to creating a transformative learning culture where a sustainable biblical worldview takes shape. To do this effectively, Corban's curriculum builds on the foundation of biblical and theological training as students are educated to be well prepared for both the secular and Christian spheres. These foundational principles will provide students the opportunity to think deeply about learning as they identify, examine, and evaluate sources of information in order to synthesize that information into a framework of knowledge for informative decision making.

Holistic Development

Corban is committed to creating a community that promotes worship, creative expression and activities that reflect God's character. Development of all aspects of the created person is essential to enabling students to fully express themselves as people created in the image of God. A holistic approach encourages physical and emotional health as well as a well-developed spiritual life and deep social relationships. Engagement and intentional strategies for collaborating with others are used to equip and enhance interpersonal and intrapersonal awareness.

Christian Stewardship

Corban University promotes a life of stewardship and service toward God, humanity and creation throughout its programs and supporting departments. Christian stewardship equips students to become life-changers locally and abroad through action, intention and the personal discovery of life-calling and leadership. Following the biblical priority of stewardship, students are given opportunities to develop personal organization, to manage time and to use wisely gifts, talents and abilities to effect positive changes in society. Using resources and personal talents to serve others demonstrates a life of integrity and service.

CRIMINAL JUSTICE

PROGRAM OVERVIEW

The Corban University criminal justice program is built on four pillars; biblical integration, ethics, teamwork and communication skills (oral and written). These pillars are essential parts of a quality Christian education and the criminal justice profession.

Biblical Integration: The criminal justice profession is a demanding vocation. Having a sound Christian faith provides a foundation to a successful career and an opportunity to make a difference in the world for Jesus Christ.

Ethics: The criminal justice profession demands high ethical standards and accepts nothing less. Criminal justice officers are given great authority and with that authority comes the expectation that they will conduct themselves in a manner befitting the highest standards of the profession.

Teamwork: Nearly all criminal justice jobs require a great deal of teamwork. Developing interpersonal/relationship building skills are essential.

Communication Skills (oral and written): Ninety-five percent of the work of a criminal justice officer involves effective communication in one form or another. Effective communication can instill confidence, defuse situations, articulate the facts of a criminal investigation and convey compassion.

Our goal is to prepare men and women for an exciting and challenging career in the criminal justice profession. We accomplish this goal by offering hand-on courses taught by experienced criminal justice professionals with a wide array of knowledge and skills. We also encourage personal growth in maturity and faith, which are foundational to understanding God's purpose.

Careers

Career possibilities are numerous for criminal justice majors and minors including, but not limited to Law Enforcement (City, County, State, Federal – Police); Specialist (Criminal Investigations, Intelligence, Crime Scene Tech., SWAT, K-9, Fish & Game); Corrections and Parole & Probation.

LEARNING OUTCOMES

- Students will be able to apply critical thinking skills and speak intelligently about major events, ideas, and people that shape our criminal justice system.
- Students will demonstrate skill in collecting and synthesizing information toward the successful completion of investigations and research projects.
- Students will demonstrate an ability to speak in an articulate fashion.
- Students will understand the biblical worldview, apply it to an analysis of historical ideas and events, and create informed conclusions.

ENGLISH

PROGRAM OVERVIEW

The English program is designed to furnish students with the skills necessary to understand literature, to appreciate it as an aspect of God's redemptive voice, to write intelligently about it, and to pursue graduate studies. In short, this program invites students to enter the continuum of scholarly conversation from the ancients to contemporaries.

Since effective written communication and oral communication are vital in all spheres of life, the College Writing and Fundamentals of Speech courses stand as the foundation of all programs.

The English major provides a progressive course of study, built on the general education requirements and lower division prerequisites, culminating in a Senior Capstone Course. Upper division courses include literature, philosophy, and advanced writing. Students can pursue some of these studies abroad in Oxford, England; Regensburg, Germany; Jakarta, Indonesia; and other parts of the world.

The Communication Concentration examines the connection between the "redeemed human voice" and other voices in what philosophers have called the "global village." Small class sizes, individual skills-coaching and faculty-supported internships enhance students' understanding of the role their biblical worldview plays in the various careers and ministries supported by the communication arts.

The Journalism Concentration prepares students to write professionally and artistically about things that matter in a way that matters. Students receive personalized instruction in small classes taught by professional journalists and published faculty. Graduates transfer classroom and internship skills to print, electronic and mobile mediums.

The Creative Writing Concentration allows students time to focus on their development as writers. Small, intimate courses, in which students read and critique each others' writing, help students learn and develop their skills in their chosen genre and enhance success in various career paths. The courses are taught by published faculty.

The Humanities Concentration is essentially a combination of English and Philosophy and is especially appropriate for pre-professional studies. Those who plan to go to law school, for example, will find this track provides the skills and background necessary for a solid foundation.

Since the study of literature increases one's skill at analyzing a text, and since the subject matter of literature is the record and study of human thought and behavior, the **English minor** may be of special interest to those taking programs in Bible, Ministry, Psychology and Social Science.

PROGRAM MISSION AND VISION

The mission of the English Program is to prepare world citizens who will think from a biblical worldview, strive for professional excellence, and pursue a life that glorifies God through engagement in the creative arts.

The vision of the English Program is to challenge students to pursue the active, creative, lifelong adventure of learning – of worshipping God and serving Him through the study of the best of what it means to be truly human. We believe that education is more than courses and competency requirements – more than preparing for a career. We believe that education means finding and using our redeemed human voice to make a difference in the world for Jesus Christ.

PROGRAM LEARNING OUTCOMES

- Students will relate genres and periods of literature in their aesthetic, biblical, historical and social contexts.
- Students will use various audience-centered and honest styles to effectively communicate in writing.
- Students will use various audience-centered and honest styles to effectively communicate orally.
- Students will use the academic content necessary for their profession and citizenship.
- Students will analyze various texts using critical approaches to literature.

OCCUPATIONAL OPPORTUNITIES

Personal mentoring, small class sizes and faculty-supported internships enhance each graduate's prospects for pursuing careers and ministries in writing, editing, teaching, journalism, public relations, corporate communication, human resource management, theater, media arts, radio, television and missions. While most students enter these careers following graduation, others attend graduate school and find their Corban preparation exceptional.

EXERCISE SCIENCE

PROGRAM OVERVIEW

Our human body is the temple of the Holy Spirit and we are commanded to be good stewards of our body. Corban's Exercise Science program believes that Christians are to understand and apply the principles of physical health in order to enhance both their mental and spiritual health.

The foundational basis of the program lies in its focus on biblical principles through which individual understanding and development prepare one for a life of service to others. A primary function of the program is to provide the student with activity-oriented knowledge and problem solving skills to meet the demands of a life of ministry in the exercise science and human movement related fields.

Exercise Science has a research project requirement with an option for majors to add an internship experience.

PROGRAM MISSION AND VISION

The mission of the Exercise Science major is to equip our students with the knowledge, skills and understanding of the discipline to interact with others in our profession to further the kingdom of our Savior Jesus Christ.

PROGRAM LEARNING OUTCOMES

- Students will critically appraise scientific writings within the field of exercise science, within the context of a biblical worldview, and relate it to their own beliefs and faith statement.
- Students will have the knowledge base to evaluate and prescribe exercise for all populations.
- Students will successfully develop a research thesis, test a null hypothesis, complete the research paper in a proper format, and present orally.

OCCUPATIONAL OPPORTUNITIES

Career opportunities for Exercise Science graduates may exist in therapy, allied health, leadership, supervision, planning and programming, teaching, administration and management. Graduates may seek professional opportunities within rehabilitation clinics, churches, camping ministries, municipal park and recreation departments, private and commercial recreation, industry, recreation and fitness clubs, missions, recreation in the armed services, national organizations (Red Cross, Boys and Girls Club, Boys and Girls Scouts, YMCA, etc.), various parachurch organizations, such as Youth for Christ, Young Life and Athletes in Action and private and public educational settings.

The Exercise Science major will sit for the ACSM CPT exam as a junior (following completion of the course HP473 Exercise Prescription) and could thus be certified to fitness train as seniors in fitness clubs or as an independent contractor. Career opportunities for Exercise Science majors includes professional training in graduate programs such as occupational and physical therapies, physical therapy assistance, fitness assistants in cardio-pulmonary rehab centers, college athletic department fitness trainers, or as trainers within professional sports organizations. The major could also branch out to other health care professions.

Should they desire to pursue further education, such as a masters or doctorate, the exercise science curriculum will prepare them for graduate programs in Physical Therapy or Occupational Therapy, Athletic Training and/or sports conditioning, exercise physiology, cardiac and pulmonary rehabilitation specialists, public health, health administration, human kinesiology, sport performance research, and other exercise science related fields.

FORENSIC PSYCHOLOGY

PROGRAM OVERVIEW

Forensic psychology is where the practice of psychology and law meet. It combines the fields of criminal justice and psychology to form a unique field of study that focuses on the analysis and assessment of adults and juveniles involved in legal cases and/or who may have mental health and chemical dependency issues.

The Undergraduate Forensic Psychology degree at Corban University provides a strong foundation in understanding the world we live in, what guides human behavior, and how human behavior is analyzed and assessed in relation to our legal system and biblical truth. Students will learn how to conduct and relate to research; develop investigative and interview skills; and study the history, theories and science of criminology and its impact on the criminal justice system and society. Through practical exercises, students will wrestle with ethical and moral dilemmas commonly encountered in the forensic psychology profession.

Each faculty member brings a unique set of skills, expertise and experience to the classroom as well as a diverse training and educational background including certifications, specialized training, state licensure, theological training, and multiple graduate degrees in their field. They aim to help students reach their goals in becoming forensic psychologists, teachers, or other professionals in the field of criminal justice.

Courses at Corban University incorporate the most up-to-date research and theories in forensic psychology. Our courses are interactive, engaging, and practical and are built on a foundation of biblical learning, communication, ethics and relationships.

A major or minor in forensic psychology can be a great value to students whom wish to combine this knowledge with studies from other disciplines such as criminal justice, ministry, business, communications, and education.

The Undergraduate degree in Forensic Psychology provides excellent preparation for careers in psychology (forensic), licensed counseling, research, and criminal justice. Graduates are well prepared biblically, theoretically, and practically for success in graduate school or the criminal justice profession.

DEGREE OPTIONS: Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) in Forensic Psychology

This degree track will provide students with the opportunity to study the combined field of criminal justice and psychology, focusing on the analysis and assessment of adults and juveniles involved in legal cases and/or who may have mental health and chemical dependency issues.

PROGRAM LEARNING OUTCOMES

- Students will be able to use critical thinking skills, skeptical inquiry and a scientific approach to apply forensic psychology principles to legal, ethical, social, personal and organizational issues informed from a biblical worldview.
- Students will develop insight into behavioral and mental processes to conduct basic evaluation and assessment of an individual's capacity with regard to law and/or treatment.
- Students will be able to apply basic research methods, including research design, data analysis and interpretation.
- Students will be able to identify and apply basic knowledge of major concepts, theoretical perspectives, empirical findings and historical trends in forensic psychology and to evaluate them from a Christian worldview.
- Students will value empirical evidence, tolerate ambiguity, act ethically and recognize their role and responsibility as a member of the forensic psychology profession and society.

HEALTH SCIENCE

PROGRAM OVERVIEW

The Department of Science offers a major in Health Science. This major is a pre-professional program for students interested in pursuing careers in the health care professions. Graduates may seek entrance to professional schools in medicine, physical therapy, physician assistant, optometry, veterinary medicine, dentistry, pharmacy, occupational therapy, and medical informatics. Admission requirements for these graduate programs vary; however, some basic courses are common to most. These common courses are the foundation of the Health Science Major. Electives in the major allow students to tailor their program of study to meet the specific admission requirements of their chosen professional or graduate school. Students are encouraged to work closely with the program advisor of this major to plan a course of study to meet their educational objectives.

PROGRAM LEARNING OUTCOMES

- Students will demonstrate knowledge and understanding of the principles of the science courses provided within the Health Science program.
- Students will demonstrate the ability to problem solve, think critically, and reason analytically, using both quantitative and qualitative approaches.
- Students will demonstrate basic research practices, data analysis, and interpretation.
- Students will demonstrate safe lab practices.
- Students will effectively communicate on a variety of scientific topics and issues (orally & in writing).
- Students will demonstrate proficiency in the use of technology for computation, data acquisition, and analysis.
- Students will articulate different theories on the origin and nature of the universe and life, and explain how each theory affects one's interpretation of scientific concepts and assumptions about the world.

OCCUPATIONAL OPPORTUNITIES

HEALTH SCIENCE PROGRAM ADMISSION

Students may declare Health Science as their program of choice upon entry to Corban University. Continuation in the Health Science program is dependent on being admitted to the program and maintaining program status.

Students may have either Provisional or Full Status in the Health Science program.

- Provisional Status - All students who have completed 16 semester hours with 8 hours of life science and 8 hours of physical science may apply. Courses meeting this standard must be approved by the Science Department.
- Full Program Admission - Admission to the Health Science program is required for all students who have completed 24 semester hours of science courses which would lead towards a Health Science degree. Further qualifications include:
 - o Completed a minimum of 8 hours of life science courses and 8 hours of physical science courses as approved by the Department.
 - o Minimum 2.85 GPA in science courses for their Health Science major. The student must have a minimum Corban 2.75 GPA.
 - o Transfer student entering as Health Science majors are exempt from these requirements their first semester at Corban. Application must be made at the end of their first semester.
 - o Students having Full Program Admission status and falling below a Corban Science GPA of 2.85 will be placed on Provisional Program status.
 - o Provisional Program Admission for the Health Science majors is granted for a maximum of two semesters.

Most students will prepare their applications for Provisional or Full Program Admission during the spring semester of their Freshman or Sophomore year after completing Biology and General Chemistry. The full policy and Admission form is available from any Health Science Faculty Advisor.

HISTORY

PROGRAM OVERVIEW

ENCOUNTERING THE PAST, PREPARING FOR THE FUTURE

From the time of the ancient Greek historians, Herodotus and Thucydides, studying the human experience has been a compelling endeavor. History remains a vital field of inquiry, offering much insight on the modern human condition by linking our contemporary world to the past. The profound lessons of history involve much more than a chronology of names, dates, and events. Rather, students are challenged to memorize information, analyze theories, and draw reasoned conclusions, placing historical events within certain contexts. Ultimately, they are enabled to effectively interpret the past and explain its significance, even unto the present day.

As Christian scholars, we also seek to integrate faith and knowledge in ways that glorify our Creator. In essence, we must be more than scholars who happen to be Christians. Rather, we favor a more holistic vision of our faith, measuring historically significant events and ideas through a Christian lens and offering a biblical worldview critique when necessary. In doing so, the Christian historian may impart a more complete picture of God's impact in the world, making vital connections between God's redemptive mercy and grace in the lives of previous generations and His continued fulfilling presence in our own time.

Career possibilities are numerous for students of history. After commencement, history majors will be prepared for either graduate study or other career service depending upon professional requirements. Though not limited to the following, these include:

- Historian (Higher Education Faculty)
- Historian (Park Service – State or National)
- Historian (Independent Researcher and Writer)
- Museum Director (e.g. State Historical Society)
- Government or Corporate Researcher/Archivist
- Diplomatic Corps
- Intelligence Analyst (e.g. CIA or NSA)

LEARNING OUTCOMES

- Students will be able to think and speak intelligently about the people, events, and ideas that shaped human history
- Students will demonstrate skill in historiography and methodology, including collecting and synthesizing information toward the successful completion of research projects.
- Students will demonstrate an ability to speak in an articulate fashion.
- Students will demonstrate an ability to write in an articulate fashion.
- Students will understand the biblical worldview, apply it to an analysis of historical ideas and events, and create informed conclusions.

MATHEMATICS

PROGRAM OVERVIEW

Because the physical and biological worlds were created by God, they exhibit orderliness that can be understood and studied through mathematics. The mathematics department views the study of mathematics as a means of understanding God's creation and using those findings in science and technology.

A degree in mathematics serves as preparation for careers in fields such as engineering, statistical research, computer science and education. Generally students with a mathematics degree will do graduate study in a specialized area before entering a career.

PROGRAM LEARNING OUTCOMES

- Students will apply effectively appropriate quantitative tools and logical modes of thinking to analyze and synthesize information in problem solving situations.
- Students will demonstrate mathematic concepts through modeling real-world situations.
- Students will communicate mathematical thought by writing a mathematical argument.
- Students will understand the meaning of a mathematical proof and why it is necessary.
- Students will apply appropriate technology to enhance their mathematical thinking and understanding, solve mathematical problems, and judge the reasonableness of their results.

MEDIA ARTS

PROGRAM OVERVIEW

Designed to help students excel in the growing marketplace of media and related arts, the Media Arts Program prepares Christian thought leaders to understand media as an aspect of God's redemptive voice – to write, design and produce intelligent and aesthetically-rich media and to practice the skills necessary for advancement in the growing number of careers and ministries that require an artistic orientation.

Small class sizes, individual skills-coaching and faculty-supported internships enhance students' understanding of the role their biblical worldview plays in connecting art and skill – a connection that promotes worship and wonder and a deeper relationship with the One whose art and skill created us. Through its efforts to encourage students to examine the relationship between the "redeemed human voice" and other voices in what philosophers have called the "global village," the Media Arts curriculum encourages students to pursue studies in film and media centers like Los Angeles and Washington DC and abroad in Cameroon, Indonesia, Germany and other parts of the world.

Media Arts students develop portfolios through projects and internship experiences in area organizations.

PROGRAM MISSION AND VISION

The mission of the Media Arts Program is to prepare world citizens who think from a biblical worldview, strive for professional excellence, and pursue a life that glorifies God through engagement in the arts.

The vision of the program is to challenge students to pursue the active, creative and lifelong adventure of learning – of worshipping God and serving him through the study of the best of what it means to be truly human. We believe that education is more than courses and competency requirements – more than preparing for a career. We believe that education involves finding and using our redeemed human voice to make a difference in the world for Jesus Christ.

PROGRAM LEARNING OUTCOMES

- Students will carefully examine the media genres in their aesthetic, biblical, historical and social contexts.
- Students will use various audience-centered and honest styles to effectively communicate in writing.
- Students will use various audience-centered and honest styles to effectively communicate orally.
- Students will use various audience-centered and honest styles to effectively communicate visually.
- Students will use the academic content necessary for their profession and citizenship.

OCCUPATIONAL OPPORTUNITIES

Personal mentoring, small class sizes and faculty-supported internships enhance graduates' prospects for pursuing careers and ministries in corporate communications; script, screen and organizational writing; editing; radio; television; video production; public relations; documentary production; graphic and web design; magazine production; and other developing occupations within the media-arts supported careers and ministries.

MUSIC

PROGRAM OVERVIEW

The mission of the music faculty is to help Christian students develop the biblical values, musical skills, and professional knowledge they need to serve our world effectively, representing Christ in life, ministry, and service.

The music department offers many opportunities for students in other majors to improve their musical skills. Our choirs, bands, and orchestra are open to students in any major. Private and group lessons are available for singers and for many different instruments. Music theory and other music classes are open to all students who meet the prerequisites.

MUSIC DEGREES

The music curriculum begins with a common core of courses for all music majors.

- The music education major prepares students for careers as classroom teachers in public or private schools, including Christian schools.
- The worship arts major equips students to lead music and worship in churches and other settings.
- The major in music performance prepares students to work as professional performing musicians and private teachers or to enroll in graduate studies.
- The general music major offers students a flexible program of study built on a solid foundation of musicianship; graduates from this program typically work in music ministry, teaching, accompanying, missions, etc.
- A minor in music offers several different tracks.

PROGRAM LEARNING OUTCOMES

- Students will develop a personal philosophy of what it means to be a Christian musician, based on biblical principles.
- Students will demonstrate technical skill and musicianship in their major performance areas.
- Students will demonstrate knowledge of the theoretical foundations of music.
- Students will demonstrate knowledge of the historical foundations of music.
- Students will demonstrate competence in supporting musical skills - piano proficiency.
- Students will demonstrate competence in supporting musical skills - aural skills.

Specific Department Requirements

Admission to the Music Program. Students who desire to study music as their major must complete a music major application and audition for admission to the music program. Application for a music scholarship may be made on the same form. If a student auditions for a music scholarship, the same audition may also be used for admission to the department.

Music Theory Placement Test: Entering music students, both freshmen and transfers, must take a music theory placement test online. This test establishes a student's readiness to take MU 113 Music Theory I. Students with a weak grasp of music rudiments will take complete online preparatory study before taking MU 113 Music Theory I. A placement test will also be used to verify the skills of transfer students.

Ensembles: Music majors are required to participate in one or more performing ensembles each semester. Performing in the concert band, jazz band, concert choir, chamber choir, or orchestra will satisfy this requirement.

Performance Studies: All music majors need a primary performance area such as voice, piano, guitar, or some other instrument. Each music degree plan requires private study and performance in this area. During each music major's development, the student must pass a jury advancement examination to demonstrate mastery of basic competence in this primary performance area. Passing this advancement exam is required for the student to study at the upper division (300) level. All music majors must study their primary instrument at least two semesters at the 300 level in order to graduate with a music degree; performance majors must study at least four semesters at the 300 and 400 level.

Musicianship Core: Passing the Musicianship Core indicates that a music major has completed the foundational studies in music and is ready to move into upper division studies. Passing the Musicianship Core is a prerequisite for some upper division courses but not all. The specific upper division courses are listed in the Music Student Handbook.

To pass the Musicianship Core, the student must have:

1. **Piano Proficiency:** The student must complete all piano proficiency requirements before being admitted to advanced standing. This should be accomplished by the end of the second year as a music major. Students prepare for this exam by taking keyboard classes or private piano lessons (if piano is their primary instrument). A list of requirements is listed in the Music Student Handbook
2. **Applied Music Studies:** The student must pass an advancement jury to be admitted to 300-level applied study in the primary instrument. A list of requirements is listed in the Music Student Handbook
3. **Ensemble Participation:** The student must participate satisfactorily in at least one large ensemble (choir/band/orchestra) every semester.
4. **Music Theory/Aural Skills:** The student must complete MU223 Music Theory IV and MU221AS Aural Skills IV with passing grades.
5. **Grades:** The student must have a grade point average above 2.0 and must have grades of C- or better in all music courses.

Final Project: A final project is required for every music major. This project could be a recital, a teaching experience, a worship leadership experience, or some other activity demonstrating the student's mastery of the primary areas of musicianship studied during the preceding three years. The final project must be approved in advance by the music faculty. Performance majors will present both a junior and a senior recital as their final project.

POLITICAL SCIENCE

PROGRAM OVERVIEW

The Political Science Degree includes four concentrations: Political Entrepreneurship, Global Governance, U.S. Governance, and Pre-Law. Because studying the human experience is central to a Christian liberal arts education, degrees in this field is meaningful, providing students with a more profound understanding of the complex interplay between religion, philosophy, politics, law, and justice that has defined humanity since the dawn of civilization.

In keeping with the educational mission of Corban University, the Political Science Program is committed to understanding and critiquing human endeavors through the lens of biblical truth. Hence each professor in the program not only conveys appropriate information and knowledge, but also intentionally challenges students to analyze societies, past and present, from a Christian worldview perspective. Ultimately, the goal is for students in the program to think like mature Christians about a vast array of topics, including ethics and war, political ideologies, social justice causes, legal precedents, and criminal rehabilitation, among many others.

One unique feature of the Political Science Program is the veteran team of adjunct instructors which include active and retired judges, attorneys, and former U.S. State Department officials. Career possibilities are numerous for students in the program. After commencing from their chosen degree program, students will be prepared for graduate study or other career service depending upon professional requirements. Though not limited to the following, these include:

Political Science

Law (Attorney/Judge/Para-legal/Mediator)

Government (Foreign Service/Legislator/Intelligence)

Education (Professor/Researcher/Analyst)

Non-Profit (NGO/Political Organizer/Public Policy)

LEARNING OUTCOMES

- Students will be able to think, write and speak critically and intelligently about major political events, ideas;
- Students will demonstrate skill in collecting and synthesizing information toward the successful completion of political research projects;
- Students will understand how economics, politics, and culture interact;
- Students will understand the interplay between politics and Christian thought and practice and apply it to their lives.

PSYCHOLOGY

PROGRAM OVERVIEW

The Undergraduate Psychology degree at Corban University provides our students with a strong foundation in understanding the world we live in, what guides human behavior, and how we can live biblically and successfully. We teach students how to relate to research, investigate well, and think about people by understanding the whole person.

Each faculty member brings their unique set of skills and passions and abilities to the classroom and personal relationships with students. Each have unique gifts and training along with a combination of the following: certifications, specialties, state licensure, theological training, Seminary training, multiple Master's degrees, and terminal degrees in their field. They aim to help students reach their goals in becoming counselors, teachers, medical professionals, missionaries, and strong in their future professions. Courses at Corban University incorporate the most up-to-date psychological research and theories. Our courses are interactive, engaging, and practical.

A major or minor in psychology can be a great value to students whom wish to combine this knowledge with studies from other disciplines such as ministry, business, communications, criminal justice, and education.

The Undergraduate degree in Psychology has two tracks providing an excellent preparation for ministry, careers in research, and future licensure. Graduates are well prepared biblically, theoretically, and practically for ministry, research, and a skill set for work and a successful graduate school experience.

DEGREE OPTIONS: Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) in Psychology

Family Studies Concentration:

This concentration is designed for students who are interested in working in human services occupations, including a wide variety of positions in agencies or organizations, such as case manager, rehabilitation specialist, or career counselor. Family Studies graduates are also prepared to work as church staff in family ministries positions. Family studies students often go on to graduate school. [Online only]

Psychology Concentration:

This concentration is designed for students who are interested in the clinical, social, developmental, cognitive, biological and/or research areas in graduate school heading towards an M.A., M.S., Ph.D., or Psy.D., as well as for immediate careers in psychology-related settings.

Pre-Counseling / Clinical Psychology Concentration

This concentration is designed for students who are interested in becoming licensed counselors, or marriage and family therapists after completing graduate school, and/or working in ministry, social work, and hands-on work settings, as well as for immediate careers in psychology- and ministry-related settings. [Also available online]

PROGRAM MISSION AND VISION

Educating Christian students in the discipline of psychology and liberal arts, equipping them to be competent and compassionate Christ-like servant leaders in all of their life pursuits.

PROGRAM LEARNING OUTCOMES

- Students will be able to apply basic research methods, including research design, data analysis and interpretation.
- Students will be able to use critical and creative thinking, skeptical inquiry, and a scientific approach to apply psychological principles to personal, social, ethical, religious, and organizational issues informed from a biblical worldview.
- Students will develop insight into their own and others' behavior and mental processes and apply effective strategies for self-management, self-improvement, and self-care, as well as apply psychological principles to individuals, interpersonal, group, and societal issues.
- Students will be able to identify and apply basic knowledge of major concepts, theoretical perspectives, empirical findings, and historical trends in psychology, and to evaluate them from a Christian worldview.
- Students will value empirical evidence, tolerate ambiguity, act ethically, and recognize their role and responsibility as a member of society.

HOFF SCHOOL OF BUSINESS

UNDERGRADUATE PROGRAM

BUSINESS ADMINISTRATION

MASTER PROGRAM

MASTER OF BUSINESS ADMINISTRATION

HOFF SCHOOL OF BUSINESS

TRADITIONAL UNDERGRADUATE BUSINESS

BUSINESS ADMINISTRATION

PROGRAM OVERVIEW

The business program is designed for individuals who desire training and experience in the professional skills necessary to be successful leaders, managers, or workers in any enterprise, whether for-profit or not-for-profit. It emphasizes the application of a biblical world view to the decisions of economic commerce, management of people, and stewardship of resources. Students are supported in the expectation to strive to become effective decision makers, skilled verbal and written communicators, and spiritually mature leaders.

The Hoff School of Business (HSB) program builds on the foundation of a solid general education program that uses studies in the Bible and liberal arts to train students in communication and personal relationship skills within the framework of a biblical world view. Broad training in organization leadership and management skills, course work in specific disciplines, and internship opportunities prepare the student for success in their future roles in both the business community and local church.

For a student desiring to pursue an advanced degree in a related field, the general education and program core and specific discipline courses provide a solid base for acceptance and success in a graduate program.

Undergraduate students majoring in business may choose either a traditional on-campus program or the On-line Non-Traditional Program. This program's core classes mirror the Traditional Undergrad classes. Currently, all On-line students will achieve a program of study (concentration) in Leadership and Management. Concentrations, other than Leadership and Management for the On-line program will be offered based on sufficient student interest. The General Education requirements of the On-line program differ from the traditional on campus program. To be eligible for the On-line Program, a student must be an adult at least one year from high school graduation who wants to complete an undergraduate degree online.

Hoff School of Business Traditional undergraduate students can choose specific programs of study (concentrations) in Accounting, Marketing, Leadership & Management or Sports Recreation Management. The Leadership & Management concentration allows students the flexibility to customize their degree program by completing a general core of business courses and selecting courses from a variety of business disciplines to complete the program. The HSB also offers a Master of Business Administration degree. Information about the program can be found in the following section of the catalog.

PROGRAM LEARNING OUTCOMES

- Students will be able to integrate discipline, specific knowledge and skills into a complete business plan.
- Students will demonstrate foundational knowledge of the functional areas of business.
- Students will be able to analyze business problems using appropriate theories and techniques.
- Students will be able to communicate effectively in a professional context.
- Students will be able to work effectively in a team situation.
- Students will be able to articulate a biblical understanding of key business concepts.

MASTER OF BUSINESS ADMINISTRATION

PROGRAM OVERVIEW

The Hoff School of Business (HSB) Master of Business Administration is designed for Christians, emphasizing the application of a biblical worldview to the decisions of economic commerce, management of people, and stewardship of resources. Integrity is a theme that will run through the entire degree. The MBA utilizes both current business experience and case study methodology, challenging students to develop practical problem solving skills.

PROGRAM MISSION AND VISION

To develop Christian business leaders who exemplify professional excellence and integrate a biblical worldview into their personal and professional lives for the glory of God. Our instruction is Bible-centered and is communicated in a caring environment that encourages scholarly and intellectual inquiry and Christ-like behaviors.

PROGRAM LEARNING OUTCOMES

- Students will demonstrate the ability to analyze and manage organizational problems and issues from a multi-disciplinary perspective.
- Students will be able to use technology and appropriate quantitative methods to make business decisions.
- Students will be able to communicate effectively in a professional context.
- Students will be able to demonstrate teamwork skills in geographically diverse situations.
- Students will be able to articulate a biblical understanding of key business concepts and make application to their workplace.

HOFF SCHOOL OF BUSINESS MBA ADMISSIONS

Admission Requirements

The successful candidate will:

1. Profess faith in Jesus Christ and live a consistent Christian lifestyle.
2. Have completed a Bachelors or Masters degree at an accredited institution with a minimum cumulative GPA of 3.00 or approval from the Dean of Business.
3. Have a **minimum of three years full-time** business experience with a progression in responsibility beyond the level of an individual contributor.
4. A candidate may take the GMAT to compensate for the GPA and/or experience requirement. A minimum score of 500, or approval from the Dean of the Hoff School of Business, is required.

Admission Procedures

To be considered for admissions, the potential candidate will:

1. Complete the Application for Admission;
2. Respond to the appropriate admissions essays;
3. Remit Payment of \$50 as a nonrefundable application fee;
4. Submit Reference Forms listed below. Evaluators who complete the form should send it to the Office of Graduate & Online Admissions;
 - Professional
 - Christian Character
5. Send official transcripts from the final undergraduate institution and any graduate coursework to the Office of Graduate & Online Admissions;
6. Provide evidence of professional experience in the form of a progression in responsibility by submitting a professional resume;
7. Complete the Graduate Management Admissions Test (GMAT).

Note: An applicant with at least a 3.0 cumulative undergraduate GPA and a minimum of four years full-time professional experience that shows a progression in responsibility, or a graduate studies degree, will not be required to take the GMAT

Admission Essays

The following short essays are included in the Application for Admission. Essay response provides insight into the degree to which the candidate meets admission requirements as outlined above. (2-3 paragraphs each)

1. Explain how you came to know Jesus Christ as your Savior, including the Scriptural basis for your salvation and what in your life indicates that you are walking with the Lord.
2. What do you believe are the characteristics of an effective Christian business leader?
3. What do you expect to gain from participation in The Hoff School of Business MBA?

Admission Procedure of International Students

International students are subject to the admission policies of Corban University School of Business and to the regulations of the Immigration and Naturalization Service of the United States Department of Justice. An applicant who is not a citizen of the United States must meet the following requirements:

1. The applicant must submit all of the documents required of any new student, as listed under the Admissions Procedure. Transcripts of the student's academic record submitted in a language other than English must be accompanied by a certified translation into English by World Evaluation Services. (www.wes.org)
2. The applicant must demonstrate proficiency in reading, writing, and speaking English by attaining a minimum score of 637-673 (paper test) or 110-120 (Internet) on the Test of English as a Foreign Language (TOEFL). We would also accept an equivalent score on a similar, approved test. The TOEFL code number for Corban University School of Business is 4956. This number should be entered on examination answer sheets. To report scores of tests previously taken, enter the code number on TOEFL Request Forms. An alternative to the TOEFL exam is the International English Language Testing System (IELTS). Applicants must attain a minimum score of Band 8-9. Outside of the United States, information regarding the tests may be obtained from American embassies and consulate offices of the United States Information Service. Students who are accepted with minimal language ability may be required to take formal training in English as a Second Language (ESL).
3. The applicant must submit a written guarantee that transportation costs to and from the United States and expenses while in attendance at Corban University School of Business will be underwritten. Copies of bank account records, other financial instruments, or letters of certification may be submitted for this purpose.

International students must maintain a full schedule of studies, which is defined as a minimum of six units per semester. The United States government will not grant permission for part-time employment until a student has completed one year of studies and can prove that his or her financial situation has changed. In most cases, permission is granted only for work that is a practical application of the area of study being pursued by the student. In no case may other activities be allowed to interfere with a student's academic responsibilities.

The processing of an application usually takes several weeks. All application materials should be received by the Admissions Office by July 1 for the fall semester and by November 1 for the spring semester.

Graduate Business Committee

This committee meets monthly to discuss and approve all appeals.

Appeals to be reviewed by the Committee are due two weeks prior to the Committee's meeting date, the second Tuesday of every month. Please submit appeals to the Dean of Business.

Graduation Requirements

To become eligible for the Master of Business Administration, the student must satisfactorily complete the following:

All required courses in the Hoff School of Business MBA.

A minimum grade point average of 3.00 for the total graduate degree, with no more than six hours of grade "C+" or lower included (credits earned with a grade of "D+" or lower will not be applicable to the degree).

Formal application for graduation.

- Students who expect to complete all degree requirements must apply for graduation.
- Students are expected to apply for graduation during the semester prior to their anticipated finish of coursework (see deadlines in Academic Calendar).
- A \$130 graduation fee must accompany the application.
- If the student wishes to participate in commencement ceremonies in May, additional fees may be necessary. To participate in commencement ceremonies, all requirements must be completed no later than the last full week before graduation. Please note that commencement ceremonies are only held in May, although degrees are awarded at the end of each semester.

Readmission of Students

To apply for readmission after an absence of one year or more, a student must complete an Application for Readmission through the Graduate & Online Admissions office. If the student has been absent from the program for six years or more, they must complete a new application for admission.

Time Limit

All degree requirements must be completed within six years from the beginning of admission to the graduate program at Corban University in order to avoid loss of credit.

Transfer of Credit

Graduate work completed at other regionally-accredited institutions may be accepted in partial fulfillment of the requirements for The Corban MBA at Corban University and are subject to the following conditions:

Transfer credit will not be allowed for any course in which the grade received was lower than a B.

Students are permitted to transfer a total of nine semester hours of graduate work from another institution. Each request for transfer of credit will be considered on an individual basis.

The value of the course content in relationship to the applicant's degree program will be considered in the decision.

TRADITIONAL UNDERGRADUATE EDUCATION

PROGRAM OVERVIEW

The Education Program is designed to provide a foundation for leadership in educational service, both in public and Christian schools. Its courses are designed to give theoretical training, technical skills, and practical experience. The education faculty, serving as advisors to the students are committed to help them achieve the competencies necessary for a successful teaching experience.

PROGRAM MISSION AND VISION

We aim to prepare educators who will serve in their school community, strive for professional excellence, think from a biblical worldview, and pursue a life that glorifies God.

Corban University students are challenged to become learners, not just students. Learning is a process that is an active, creative, lifelong adventure. We believe that Christian students/teachers' adventures need to be more than courses and competency requirements. A thorough foundation in God's Word, in order to integrate it into their lives, is imperative. Our graduates are prepared for their first teaching job, but more importantly they are prepared for living. Most graduates accept jobs right out of college, and others continue their formal education in graduate school. In either situation, our graduates celebrate the adventure of learning and teaching.

PROGRAM LEARNING OUTCOMES

- The candidate will successfully complete a variety of field experiences that demonstrate the learning/teaching process by using engaging instructional strategies.
- The candidate will design learning experiences that show distinguished understanding of content knowledge. The candidate will successfully complete a variety of field experiences that show excellent understanding of content knowledge.
- The candidate will evaluate student data using a variety of formal and informal assessments and use the data to support student achievement in learning.
- The candidate will model professionalism, beliefs, values, and behaviors characteristic of a Christian educator from a biblical worldview.
- The candidate will use a variety of technology to enhance student learning.
- The candidate will manifest dispositions that shows the student values diversity, professionalism, interpersonal and intrapersonal awareness, and a positive outlook.

A FOUR-YEAR PROGRAM

Corban believes the ministry of the Christian teacher can and must find effective expression in both public schools and Christian schools. Moreover, in our mobile society, and with the changes that may come in one's personal situation, it may be necessary for the teacher to be able to make the transition from one sphere of teaching to the other. Thus it is our desire to prepare teachers who will be well equipped to serve in both the public and private sectors of education.

The Music Education major is a four and one-half year program.

Upon completion of all Education Program requirements, students receive a B.S. degree from Corban University, recommendation for an Initial Oregon Teaching License from Oregon's Teacher Standards and Practices Commission (TSPC), and an ACSI (Association of Christian Schools International) Teaching Certificate.

ADMISSION REQUIREMENTS TO THE EDUCATION PROGRAM

During the second semester of the sophomore year, each student will apply for “Admittance to the Corban Education Program”. The student will submit or complete the following:

1. An application for admittance to the education program.
2. Proof of passing Protecting Student and Civil Rights in the Educational Environment (PSCREE).
3. Proof of a cumulative GPA of 3.00.
4. A grade of C- or better in ED 102, ED 214, ED 222, and ED 233
5. Satisfactory completion of ED 111 requirements
6. Competence in communication (a grade of C or higher in EN 123, EN132 and CO 102)

Upon satisfactory completion of the above requirements, the Corban Education Committee will approve the applications, and a letter of acceptance will be sent to the student.

During the second semester of the junior year, each education major will be reviewed by the Corban Education faculty. At this point, each student must demonstrate that he/she has satisfactorily completed the majority of the content/professional education coursework and has met the following GPA requirements of the program:

1. Proof of a cumulative and continuing GPA of 3.00.
2. Proof of a cumulative GPA of 3.00 in the student’s major and in the professional education courses.

Upon a satisfactory review of the requirements by the education faculty, the student will be allowed to proceed to the final classes of the program, including student teaching.

Transfers

A student transferring into the CEP at the beginning of the junior year will have one (1) semester to meet the sophomore- level requirements. The student will be allowed to take second-semester junior-level classes only if all requirements are met.

GRADUATE PROGRAMS

GRADUATE EDUCATION

MASTER OF SCIENCE IN EDUCATION

PROGRAM OVERVIEW

This program is designed for educational professionals who plan to pursue a Master of Science in Education degree. The program contains four tracks: Curriculum and Instruction, ESOL Endorsement, Literacy, and Continuing Teacher License. Upon completion students will have articulated a biblical worldview and educational philosophy that informs their teaching and educational leadership. Through the thesis project students will also have the opportunity to find and apply relevant research to educational issues and use that research to inform their own teaching, leading and learning.

PROGRAM MISSION AND VISION

The conceptual framework for the professional programs in the Education Department provides an outline for operationalizing the mission of Corban University and of the School of Education and Counseling. Positive change is the centerpiece of the three intersecting elements of *teaching for transformation*, *teacher leadership* and *community engagement*. The framework provides direction for program vision, course planning and decision-making. The SOEC conceptual framework has been aligned with the InTASC standards and professional organization standards of practice. To develop educational leaders who address the needs in their school community, exemplify professional excellence and integrate a biblical worldview into their personal and public lives for the glory of God. Our instruction is Bible-centered and is communicated in a caring environment that encourages scholarly and intellectual inquiry and Christ-like servant leadership.

PROGRAM LEARNING OUTCOMES (3 – TRACKS)

Curriculum and Instruction Track

1. The candidate will write a Personal Philosophy of Education.
2. The candidate will differentiate between the various teaching and learning theories.
3. The candidate will write a thesis dealing with a relevant educational issue.
4. The candidate will demonstrate how important issues for educational leaders are informed by a Biblical worldview.
5. The candidate will develop strategies that can be used to address the needs of diverse populations.
6. The candidate will evaluate his/her philosophy of curriculum development and assessment to ensure effective student learning occurs.

ESOL Track

1. The candidate will write a Personal Philosophy of Education.
2. The candidate will differentiate between the various teaching and learning theories.
3. The candidate will write a thesis dealing with a relevant educational issue.
4. The candidate will demonstrate how important issues for educational leaders are informed by a Biblical worldview.
5. The candidate will develop strategies that can be used to address the needs of diverse populations.
6. The candidate will demonstrate appropriate and successful ESOL instruction.

Literacy Track

1. The candidate will write a Personal Philosophy of Education.
2. The candidate will differentiate between the various teaching and learning theories.

TECHNOLOGY PROGRAM REQUIREMENTS

All students are required to use Microsoft Word as their word processing application, to be able to navigate online resources with reasonable fluency and to use their official Corban email account for all program communication. Corban students will be eligible to purchase Microsoft Office at a discounted price.

ENDORSEMENTS

ESOL Endorsement: This program is for Oregon licensed educators. Candidates can either complete the 14-credit endorsement as a stand-alone program or as a track in the Master of Science in Education degree. The endorsement sequence comprises 4 core courses in ESOL/Bilingual theory and practice, and a 2-credit practicum. A candidate for the Bilingual endorsement must also furnish evidence of proficiency in the designated foreign language. This may be with a passing score on the ACTFL Proficiency Test, or by passing another second language fluency exam approved by program leadership or by evidence of prior experience.

Reading Intervention Specialist Endorsement: This program is for Oregon licensed educators. Candidates can either complete the 14-credit endorsement as a stand-alone program or as a track in the Master of Science in Education degree. The endorsement sequence comprises 12 course credits in reading theory and practice and a 2-credit practicum.

ADDITIONAL ADMISSION REQUIREMENTS

The successful candidate will:

- Profess faith in Jesus Christ and live a consistent Christian lifestyle.
- Have completed a Bachelor's or Master's degree program at an accredited institution with a minimum cumulative GPA of 3.00.

ADMISSION PROCEDURES

To be considered for admissions, the potential candidate will:

- Complete the Application for Admission. Respond to the appropriate admissions essays.
- Remit Payment of \$50.00 as a nonrefundable application fee.
- Submit Reference Forms listed below. Evaluators who complete the form should send it to the Office of Graduate & Online Admissions.
 - Professional
 - Christian character
- Send official transcripts from the final undergraduate institution and any graduate coursework to the Office of Graduate & Online Admissions.
- Provide evidence of professional teaching experience, applicable experience and/or licensure by submitting a Professional Resume.

ADMISSION PROCEDURE OF INTERNATIONAL STUDENTS

International students are subject to the admission policies of Corban University School of Education and to the regulations of the Immigration and Naturalization Service of the United States Department of Justice. An applicant who is not a citizen of the United States must meet the following requirements:

1. The applicant must submit all of the documents required of any new student, as listed under the Admissions Procedure. Transcripts of the student's academic record submitted in a language other than English must be accompanied by a certified translation into English by World Evaluation Services. (www.wes.org)
2. The applicant must demonstrate proficiency in reading, writing, and speaking English by attaining a minimum score of 637-673 (paper test) or 110-120 (Internet) on the Test of English as a Foreign Language (TOEFL). We would also accept an equivalent score on a similar, approved test. The TOEFL code number for Corban University is 4956. This number should be entered on examination answer sheets. To report scores of tests previously taken, enter the code number on TOEFL Request Forms. An alternative to the TOEFL exam is the International English Language Testing System (IELTS). Applicants must attain a minimum score of Band 8-9. Outside of the United States, information regarding the tests may be obtained from American embassies and consulate offices of the United States Information Service. Students who are accepted with minimal language ability may be required to take formal training in English as a Second Language (ESL).
3. The applicant must submit a written guarantee that transportation costs to and from the United States and expenses while in attendance at Corban University will be underwritten. Copies of bank account records, other financial instruments, or letters of certification may be submitted for this purpose.

International students must maintain a full schedule of studies, which is defined as a minimum of six units per semester. The United States government will not grant permission for part-time employment until a student has completed one year of studies and can prove that his or her financial situation has changed. In most cases, permission is granted only for work that is a practical application of the area of study being pursued by the student. In no case may other activities be allowed to interfere with a student's academic responsibilities.

The processing of an application usually takes several weeks. All application materials should be received by the Admissions Office by July 1 for the fall semester and by November 1 for the spring semester.

CURRICULUM AND INSTRUCTION TRACK

PROGRAM OVERVIEW

This program is designed to address the needs of classroom teachers (not an endorsement). Candidates explore curriculum issues as they relate to the classroom and have the opportunity to take elective courses that would enhance their instruction and their understanding of the field of education.

REQUIRED COURSES

ED534 Teaching the Diverse Learner (3) ED535 Curriculum Development and Evaluation (3) ED542 Assessment for Learning (3) Content Area Electives (6)
--

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL) ENDORSEMENT AND TRACK

PROGRAM OVERVIEW

This program is for Oregon licensed educators. Candidates can either complete the 14-credit endorsement as a stand-alone program or as a track in the Master of Science in Education program. The endorsement sequence comprises four core courses in ESOL/Bilingual theory and practice, and a 2-credit practicum.

A candidate for the Bilingual endorsement must also furnish evidence of proficiency in the designated foreign language. This may be with a passing score on the ACTFL Proficiency Test, by passing another second language fluency exam approved by program leadership or by evidence of prior experience.

REQUIRED COURSES

ED611 Intro to Linguistics and Language Acquisition (3)
ED614 Intercultural Communication and Teaching (3)
ED615 ESOL Methods and Materials (3)
ED616 Content Area Instruction & Assessment for ELL Students (3)
ED618 ESOL/Bilingual Practicum (2)

Upon completion of coursework and practicum, an ESOL endorsement candidate is required to pass the NES ESOL exam administered by Oregon Educator Licensure Assessments (ORELA). Corban University will then recommend the candidate for the endorsement to Teachers' Standard and Practices Commission (TSPC) and the candidate applies directly to TSPC for the added endorsement to his/her license.

Note: Though there is a policy limit of six "track" credits transferable from another institution for ESOL and Reading (and nine Core credits). Students may transfer in up to 14 if they have completed an endorsement program with another institution. In these cases, however, the student must complete all Core coursework for the M.S.Ed. at Corban.

LITERACY TRACK AND/OR READING INTERVENTION SPECIALIST ENDORSEMENT

PROGRAM OVERVIEW

This program is for Oregon licensed educators. Candidates can either complete the 14-credit endorsement as a stand-alone program or as a track in the Master of Science in Education degree. The endorsement sequence comprises 12 course credits in reading theory and practice and a 2-credit practicum. Below is a listing of the courses that lead to the endorsement.

REQUIRED COURSES

ED621 Foundations of Literacy and Language Development (3)
ED625 Current Issues & Leadership in Literacy Instruction (3)
ED626 Advanced Literacy Assessment and Diagnosis (3)
ED632 Advanced Methods in Reading & Writing Instruction (3)
ED634/ED638 Reading Intervention Specialist Practicum – Elementary/Secondary (2)

Upon completion of coursework and practicum, a Reading Intervention Specialist Endorsement candidate is required to pass the Praxis II Reading Specialist exam. Corban University will then recommend the candidate for the endorsement to Teachers' Standard and Practices Commission (TSPC) and the candidate applies directly to TSPC for the added endorsement to his/her license. (If the candidate holds a Basic or Standard teaching license, he or she is eligible for the endorsement upon passing the exam and completing a practicum. The candidate applies directly to TSPC with no program recommendation required.)

Note: Though there is a policy limit of six "track" credits transferable from another institution for ESOL and Reading (and nine Core credits). Students may transfer in up to 14 if they have completed an endorsement program with another institution. In these cases, however, the student must complete all Core coursework for the M.S.Ed. at Corban.

GRADUATE TEACHER LICENSURE PROGRAM (GTL)

PROGRAM OVERVIEW

The program is designed for candidates who have an accredited bachelor degree but did not earn a teaching license along with that degree. Upon completion of this program, the candidate will be eligible for an Oregon Preliminary Teaching license to teach at the elementary, middle or secondary level.

The following is a list of endorsements we currently provide for secondary licensure: Biology, Health, Arts, Mathematics, Music, Physical Education and Social Studies. A unique feature of Corban's initial licensure program is that the candidate is provisionally enrolled in the Master of Science in Education program, and up to 12 credits can be used toward that degree. GTL program course schedules by semester are listed in Appendix A.

PROGRAM MISSION AND VISION

To develop educational leaders who address the needs in their school community, exemplify professional excellence and integrate a biblical worldview into their personal and public lives for the glory of God. Our instruction is Bible-centered and is communicated in a caring environment that encourages scholarly and intellectual inquiry and Christ-like servant leadership.

PROGRAM LEARNING OUTCOMES

- The candidate will write a Personal Biblical Philosophy of Education.
- The candidate will differentiate between the various teaching and learning theories.
- The candidate will demonstrate effective instructional planning, the use of teaching strategies that reflect an understanding of individual student differences.
- The candidate will design and implement assessment strategies that provide an analysis of the progress and needs of all students.
- The candidate will demonstrate characteristics of a teaching professional that include a collaborative mindset, ability to receive constructive criticism, and commitment to positive professional relationships.
- The candidate will design instruction that values the characteristics of academically and culturally diverse populations of students.

WASHINGTON RESIDENTS:

Prospective Washington State students are advised to contact the Office of the Superintendent of Public Instruction at 360-725-6320 or profed@k12.wa.us to determine whether this education program is approved for teacher certification or endorsements in Washington State. Additionally, teachers are advised to contact their individual school district as to whether this program may qualify for salary advancement.

MASTER OF SCIENCE EDUCATION & GRADUATE TEACHER LICENSURE POLICIES

Admission of Candidates

The Admissions Committee considers completed applications periodically in advance of each semester in which new students may start a degree or program of study. Following are the determinations that are made by the Admissions Committee and subsequently communicated to applicants in letter form.

Official Acceptance. The applicant meets Admission Requirements and is offered the opportunity to enroll as a student in an upcoming semester. No provisions for admission are issued with this determination.

Provisional Acceptance. The applicant meets admission requirements and is offered the opportunity to enroll as a student in an upcoming semester subject to certain prescribed provisions. The determination letter sent to the applicant will specify required provisions. Provisions for acceptance must be fulfilled prior to completion of the student's first semester of coursework. If provisions are not fulfilled on a timely basis, the student will not be allowed to take additional courses until admission is complete and approved. Some provisions may be prescribed which must be fulfilled prior to enrollment in the first semester of classes. The provisionally accepted candidate must submit evidence that provisions have been fulfilled to the Office of Professional Studies & Graduate Admissions. After provisions have been fulfilled, a letter of official acceptance will be issued.

Declination. The applicant does not meet Admission Requirements and is not allowed to enroll as a student in an upcoming semester. Unless specified in the determination letter, declination does not preclude re-application at a future time if the applicant's situation changes and an updated application can be submitted to demonstrate the candidate subsequently meets Admission Requirements.

Christian Scholarship Seminar (M.S.Ed)

Master of Science in Education candidates are required to take Christian Scholarship Seminar (ED501) during the first semester of their program. Over the course of the semester the candidate will confer with a graduate advisor to discuss the policy and procedures of the program as well as plan the course of study to fit the specific needs of the candidate.

Exam Deficiency Policy (GTL)

- 1) If a candidate does not have all required exams passed at the end of student teaching, but ultimately passes the exam(s) less than a year after student teaching
 - Corban will submit the C-2 recommendation to TSPC when scores are received.
- 2) If the scores are received more than one year after student teaching, and if the candidate has been taking courses in the M.S.Ed program since completing student teaching or if he/she has been teaching regularly at the relevant authorization levels
 - Corban will submit the C-2 recommendation when scores are received.
- 3) If the scores are received more than one year after student teaching and the candidate has neither continued in the M.S.Ed nor been teaching regularly at the relevant authorization levels:
 - The candidate needs to take an additional 3 graduate credits of content area studies or pedagogy, or
 - 2 credits of supervised practicum.
- 4) If scores are received more than two years after student teaching, and if continuing in M.S.Ed program, but not teaching or subbing regularly
 - The candidate needs an additional 2 credits of supervised practicum.
- 5) If scores are received more than two years after student teaching, and if he/she has been teaching regularly, but not continuing in the M.S.Ed program
 - The candidate needs an additional six graduate semester credits of relevant content or pedagogy instruction
- 6) If scores are received more than two years after student teaching, but the candidate has neither continued in the M.S.Ed or been teaching regularly
 - The candidate needs six additional graduate semester credits in relevant content or pedagogy, and
 - 2 credits of supervised practicum
- 7) Scores received more than three years after student teaching any circumstances requires re-evaluation of program completion to include a minimum of 8 credits of additional coursework and a 2 credit supervised practicum.

See OARs **584-052-0010** (2) Applicants from Oregon approved programs must apply for licensure within three years following completion of their respective programs. If more than three years elapse before application is made, the candidate must qualify for recommendation under rules for licensure in effect at the time of application.

Duration of Study Limits

Graduate Teacher Licensure students have three years to complete all program requirements leading to Initial Teaching License. If student teaching is not completed within three years of entering the program, additional methods coursework will be required. Methods coursework to be considered for licensure requirements must be taken within three years of licensure recommendation. Decisions regarding specific courses and number of additional required semester credits will be made on an individual basis by the Director of Graduate Education and the Dean of Education. Recency of coursework and relevant teaching experience will be considered. The fingerprinting process required for student teaching by TSPC must be repeated and updated if not completed within two years prior to student teaching placement.

Master of Science in Education requirements must be completed within six years from the beginning of admission to the M.S.Ed program without loss of credit for completed classes. This does not apply to candidates who have completed the Graduate Teacher Licensure program. Those candidates have four years upon completion of licensure requirements to enter the M.S.Ed program, at which time all GTL coursework that applies to the M.S.Ed requirements will be accepted and the candidate has four years in which to complete the remaining M.S.Ed requirements. All decisions will be made on an individual basis by the Director of Graduate Education and Dean of Education based on recency of coursework and relevant professional experience. Graduate Teacher Licensure Students Entering M.S.Ed Program

Candidates admitted to the Graduate Teacher Licensure program are at that time provisionally admitted to the M.S.Ed program, and may take M.S.Ed coursework beyond licensure requirements. The following conditions apply to GTL students seeking to continue in the M.S.Ed program:

If seeking to enter the M.S.Ed program *while still completing GTL requirements*, the candidate will be officially accepted to the M.S.Ed program upon completion of an admissions application with no fee and no letters of recommendation.

If seeking to enter the M.S.Ed program *within one year* of completing the GTL program, the candidate will be officially accepted upon completion of an admissions application with no fee and no letters of recommendation.

If seeking to enter the M.S.Ed program *within two years* of completing the GTL program, the candidate will be officially accepted upon completion of an admissions application with no fee, but letters of recommendation will be required.

If seeking to enter the M.S.Ed program after an *absence of two years*, the candidate will be officially accepted upon completion of an admissions application including application fee and letters of recommendation.

If seeking to enter the M.S.Ed program after an *absence of four years* or more the candidate is required to submit a complete application, including fees and letters of recommendation, and will be considered for acceptance with all new program applicants.

Current or former GTL students will be required to enroll in ED501 Planning Seminar the first semester after official acceptance into the M.S.Ed program.

Graduation Requirements (M.S.Ed)

To become eligible for the Master of Science in Education, the candidate must satisfactorily complete the following:

- Program of Study. All coursework must be completed according to a program of study defined and on file with the academic advisor during orientation and the Christian Scholarship Seminar, updated as needed with the advisor and consulted for degree audit purposes the semester before expected degree completion. All courses must be completed within the Duration of Study Limits policy articulated elsewhere in the Academic Bulletin.
- Presentation of Thesis. The penultimate step to graduation is the formal presentation of the research thesis to the education faculty. Though this will be incorporated into ED602 requirements, it is meant to be an academic community event, so other education students may be in attendance. Local students will be expected to come to campus at a designated day and time for the presentations, and distance students will arrange a telephone or video conference call with at least two faculty who have read and evaluated the thesis.
- A minimum grade point average of 3.00 for the total graduate program, with no more than six hours of grade below "B-". (Any course in which a grade lower than "C" is earned must be retaken). included. (Any course in which a grade below "B-" is earned must be retaken.)
- Formal application for graduation. Candidates who expect to complete all degree requirements must apply for graduation. To participate in commencement ceremonies, all requirements must be completed no later than the last full week before commencement.

Online Courses

The M.S.Ed program can be completed entirely online, or students may choose to take some courses face-to-face (F2F). M.S.Ed courses are offered in both formats, while most are offered only online. Candidates in the Graduate Teacher Licensure program (GTL) are required to take a significant portion of courses F2F, but there are also online options for some courses in this program. A course matrix is available to current students describing when all courses will be offered and in what format.

Readmission of Candidates

Candidates absent from the GTL or M.S.Ed program for one year or less are not required to apply for re-admission. They will meet with the program advisor to determine a continuing program plan. To apply for readmission after an absence of one year or more, a candidate must complete an Application for Admission and return it to the Office of Graduate Admissions. The following additional factors and conditions apply for candidates absent from the program for more than one year:

Returning after one year but within two years the candidate will be re-admitted upon submitting an application for admission with no application fee and no letters of recommendation required.

Returning within three years the candidate will be re-admitted upon submitting an application for admission, including the application fee and letters of recommendation.

After a three year absence the candidate is required to submit all admissions application documentation and fees and will be considered for admission as a new student to the program – though any coursework completed within six years of original admission can be included as fulfillment of M.S.Ed requirements.

All other Duration of Study Limits apply as described in that section of the Academic Bulletin.

All admissions requirements as described in this Bulletin apply to any request for re-admission.

Registration

Graduate students register themselves using the online Student Information System, and they may register for courses beginning on the day of Open Registration according to the calendar in this bulletin.

Student Teaching (GTL)

The required student teaching experience for graduate teacher licensure candidates is a minimum of 15 weeks, full-time in the schools. This will most often be divided between two placements, referred to as 1st authorization and 2nd authorization. The 1st authorization placement will be approximately 10 weeks, and the 2nd authorization will be approximately 5 weeks. (For example; 2nd grade for 10 weeks and 5th grade for 5 weeks, or middle school for 5 weeks and high school for 10 weeks).

The following requirements must be met before one begins the student teaching experience:

- All coursework completed with a cumulative GPA of 3.00 and no more than 6 semester hours of a grade below "B-". Any course in which a student receives a grade lower than a C must be retaken before student teaching.

- Placement application submitted to the teacher education secretary no later than the first month of the semester (September or January) prior to the student teaching experience.

- This is typically completed as part of the requirements for Instructional Alignment II.

- Passing score on ORELA Civil Rights Exam.

- Passing score on the Multiple Subjects Exam and/or Praxis II content area test if required for licensure.

- Documented classroom experience that satisfies this requirement.

Summer Schedule

During the academic year (fall and spring semester) courses are taught online or in the evening or on the weekend. This is done to facilitate candidates' busy work and teaching schedules. In the summer, courses are offered online or on campus from June through August. These courses are referred to as two-week intensives. These courses meet 5 days a week for two weeks in evening hours. Precise dates for specific courses are posted early each spring semester.

Thesis Requirement (M.S.Ed)

Definition of a Thesis: A position or proposition that a person advances as a candidate for scholastic honors and offers to maintain by argument.

All candidates for the Master of Science in Education degree at Corban University will write a Thesis Paper addressing an educational issue relevant to their professional goals. Foundations for the Thesis will begin as students consider topics of interest to them while they are taking M.S.Ed coursework. They will then identify a specific focus area and probable guiding questions during the first course in the research sequence. The Thesis Paper will include an extended literature review of relevant research and other academic or professional literature, a synthesis of the research, a discussion of the biblical worldview impact on the topic and a concluding proposition or recommendation (thesis). Study and writing for the Thesis Paper will be included in the research sequence, ED601 and ED602. *Candidates not finishing their Thesis by the end of the semester will be required to take one credit of Thesis work each semester until completed or withdrawing from program.*

Transfer of Credit

Graduate work completed at other regionally-accredited institutions may be accepted in partial fulfillment of the requirements for the initial teaching license or the Master of Science in Education at Corban subject to the following conditions:

- Transfer credit will not be allowed for any course in which the grade received was lower than a B-.

- Candidates are permitted to transfer a total of nine semester hours of graduate work from another institution to replace core coursework requirements. Additionally, they may transfer in a total of six semester hours of graduate work to fulfill elective or track requirements.

- Graduate credit completed in another institution's licensure program cannot be used to satisfy elective credit in the Master of Education program.

- Each request for transfer of credit will be considered on an individual basis. The value of the course content in relationship to the applicant's program will be considered in the decision.

Waiver of Required Courses

Courses required for completion of the Graduate Teacher Licensure program may be waived based on similar graduate or undergraduate courses taken at Corban or another higher education institution. Decisions will be made on an individual basis by the advisor and Director of Graduate Education. Undergraduate courses applied to GTL requirements in this way will NOT be counted as graduate credit toward the M.S.Ed.

CLINICAL MENTAL HEALTH COUNSELING DEPARTMENT MASTER OF ARTS IN COUNSELING

PROGRAM OVERVIEW

The Master of Arts in Clinical Mental Health Counseling (MA) program is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). The common core of coursework – meets the CACREP standards, preparing students who are pursuing a master’s level clinical mental health counseling degree. The program of study is designed for individuals who have a personal profession of faith in Christ and emphasizes the application of a biblical worldview to the professional practice of counseling. Christian ethical principles and theological principles are the themes that run through the program. Interactive materials are used to engage students in each course, culminating with on-site practical experience and supervision in the counseling field. This will challenge students to develop professional problem solving skills with a Christian lens throughout the program.

The graduate program is built on the cohort model. Graduate students in the Clinical Mental Health Counseling program will be required to attend class or supervision sessions on the Corban campus once a week throughout the entire degree sequence. Additional coursework will be completed online. The program includes a 100 clock hour Practicum and a 100 - clock hour Practicum and a 600 – clock hour Internship at a Clinical Mental Health setting. Corban requires an additional six credits in theology for a total of 60 semester hours in the MA Counseling degree.

PROGRAM MISSION AND VISION

The mission of Corban University’s Clinical Mental Health Counseling Program is to prepare competent, clinical mental health counselors who promote social, cultural, psychological, spiritual, and physical well-being of individuals, families, communities, and organizations.

Professional clinical mental health counselors serve as advocates in promoting wellness and social justice. This is accomplished through intentional focus on increasing students’ personal development as well as awareness of self and others; developing knowledge and applying a theory to practice model in the development of clinical skills; case conceptualization; applied ethical awareness; appreciation of diversity; productive vocational skills, and mastery of the cognitive, behavioral, and emotional dynamics that permeate the human experience.

Corban’s mental health counseling students are incrementally exposed to a broad range of clinical issues through a breadth of course work and clinical practice. Students learn to show unconditional positive regard and to develop a coherent theoretical, ethical, and multicultural framework for counseling practice. Additionally, students are prepared to serve as change agents in their community, state, region, and world. Graduates deliver effective services in a variety of mental health counseling job placements and are eligible to apply for licensure and certification upon successful program completion.

PROGRAM LEARNING OUTCOMES

- Professional Counseling Practice/Ethical Practice-Students will demonstrate their understanding of professional and ethical practice, including knowledge of professional roles, advocacy processes, ethical and legal procedures in counseling, technology, and record keeping.
- Social and Cultural Diversity- Students will demonstrate their knowledge of social and cultural diversity in terms of counselor roles, multicultural and pluralistic trends, and counseling practices in areas of identity development, social justice, advocacy and conflict resolution.

THE LICENSURE PROCESS

Individuals with an earned Master of Arts in Counseling degree with a specialization in Clinical Mental Health Counseling may apply to the Oregon Board of Licensed Professional Counselors and Therapists to become a Licensed Professional Counselor (LPC). The licensure process includes submitting graduate transcripts and documentation of clinical experience, passage of the National Counselor Examination (NCE) or the National Clinical Mental Health Counselor Examination (NCMHCE), and continued clinical supervision for the equivalent of about two years of full-time counseling experience, a total of 2400 hours. For more information, students may visit the Board's website at www.oblpct.state.or.us. Students interested in pursuing an LPC should contact the Oregon Board of Licensed Professional Counselors and Therapists, 3218 Pringle Road SE #160, Salem, OR 97302, (503) 378-5499.

The Oregon Board of Licensed Professional Counselors and Therapists handles the entire licensure process. The Counseling Program, while maintaining an interest in its graduates and desiring to be supportive of Program graduates working toward an LPC, has no other involvement in the licensure process other than to release documentation of clinical hours earned during the Program to the board. In the course of the Program at Corban University, any information from the Board will be made available to students, and every effort will be made to assist students in making inquiries to the Board. Specific questions should be directed to the licensure Board.

Students interested in professional licensure in a state other than Oregon should consult the appropriate board responsible for licensure in that state.

ACADEMIC POLICIES

The Clinical Mental Health Counseling Department strives to uphold the highest standards academically and professionally. Students are expected to maintain a grade point of 3.0. A grade below a B- is not acceptable in the Clinical Mental Health Counseling program. Therefore, any student receiving a grade of less than a B- must retake the course and will need to develop a plan of action as detailed in the evaluation and retention section of the Student Manual.

Students are expected to conduct themselves honestly. Corban University's goal is to nurture integrity and character development. In response to academic dishonesty, a plan of action will be developed according to the evaluation and retention section of the Student Handbook.

Practicum

The practicum consists of numerous skill building experiences culminating in a clinical mental health setting. Students begin skill building with CN501 Counseling Theory & Skills I in the fall and CN502 Counseling Theory & Skills II in the spring. Students will participate in role-plays in class and will progress to audio and videotaped role-plays with classmates. Students must also complete CN535 Psychopathology-Diagnosis, CN537 Ethical and Legal Issues, CN531 Foundations of the Profession, and CN521 Intro to Family Counseling before beginning Practicum.

In the second year fall semester students will complete CN512 Practicum. The practicum student has a chance to gain experience, develop competencies, integrate learning, and realize personal and professional growth under the guidance of a clinical supervisor. The practicum student is expected to demonstrate an increase in designated skills as the experience progresses. In addition to the opportunity to put counseling skills into practice, practicum offers the unique opportunity for the integration of experience and theoretical knowledge. Students must complete 100 clock hours that include: 40 hours direct client service, one hour weekly individual supervision, and 1.5 hours weekly group supervision. Students may not complete Practicum in a setting where they are currently employed.

Internship

After successful completion of CN512 Practicum sequences, students begin their internship. The internship sequence (CN561-563) reflects the work experience of a professional counselor. Students select potential internship sites in the community based on an area of interest and level of skill and experience, in consultation with the faculty advisor. Students may not complete Internship in a setting where they are currently employed. Students will complete 600 clock hours including: 240 direct hours of service, one hour weekly of individual supervision (typically offered at internship site), and 1.5 hours of group supervision. Interns have the opportunity to observe and participate in all aspects of a professional counselor's work. Experience may include time spent with clients, supervision, staff meetings or trainings, community relations, and record keeping. The internship is the culminating professional experience. .

Counseling Requirement:

Counseling students are expected to participate as clients in an individual counseling experience and to provide written verification of at least 10 sessions while they are enrolled as graduate students. This requirement recognizes the value of such an experience in the continuing development of self-awareness and personal identity. It is also based on the belief that first-hand experience as a client bridges the gap between intellectual and emotional understanding of the client experience. Students will participate in individual counseling with a licensed counselor or mental health provider. This therapeutic experience should focus on personal growth and awareness rather than specific skills training. Students may not consider any program faculty as resources to fulfill this requirement. Clinical Mental Health Counseling faculty may be able to provide a list of local counselors.

A verification form can be found in the Student Manual. Specifics of the counseling relationship will be kept confidential between student/client and counselor in accordance with the ethical guidelines of the American Counseling Association (ACA).

Graduation Requirements

To become eligible for graduation the student must satisfactorily complete the following:

- All required courses in program of study

- A minimum grade point average of 3.00 for the total graduate program

- Formal application for graduation:

 - Students who expect to complete all degree requirements must apply for graduation. Students are expected to apply for graduation during the semester prior to their anticipated finish of coursework. (See deadlines in Academic Calendar)

 - A graduation fee must accompany the application. The fee is set by the Registrar's office. If the student wishes to

participate in commencement ceremonies in May, additional fees may be necessary. To participate in commencement ceremonies, all requirements must be completed no later than the last full week before graduation.

Completion of Personal Counseling.

Completion of Portfolio as outlined in the Student Handbook.

Readmission of Students

To apply for readmission after an absence of one year or more, a student must complete an Application for Readmission and return it to the Office of Graduate & Online Admissions. The Clinical Mental Health Counseling Faculty will review the application and make the determination regarding readmission. All holds must be cleared prior to readmission. To apply for readmission after an absence of six years or more, a student must go through the fall application and interview process.

Time Limit

All degree requirements must be completed within six years from the beginning of admission to the graduate program at Corban University without loss of credit for completed classes.

Transfer of Credit

Graduate work completed at other regionally-accredited institutions may be accepted in partial fulfillment of the requirements for the Master of Clinical Mental Health Counseling Program at Corban University subject to the following conditions:

- Transfer credit will not be allowed for any course in which the grade received was lower than a B.
- Students are permitted to transfer a total of 12 semester hours of graduate work from another institution.
- Each request for transfer of credit will be considered on an individual basis.
- The value of the course content in relationship to the applicant's program will be considered in the decision.

ADMISSIONS

Applicants are recruited from a variety of groups and cultures within society. Admissions policies and procedures are designed to foster the identification and selection of all prospective students who possess: the potential for Master level work in counseling; consideration for the applicant's potential success in forming effective and culturally relevant interpersonal relationships in individual and small group contexts; each applicant's career goals and their relevance to the program.

The successful candidate for admissions will:

1. Profess faith in Jesus Christ and live a consistent Christian lifestyle.
2. Have a minimum cumulative GPA of 3.00. Applicants with an undergraduate cumulative GPA of less than 3.00 (2.99 and below) will not be considered for an interview until evidence of an ability to complete graduate level academic work is submitted. The following are acceptable options of documentation:
 - a. Completion of six credits as a non-degree seeking student in Corban University's Clinical Mental Health Counseling Program;
 - b. Completion of 6 graduate credits transferred from an accredited institution;
 - c. Completion of undergraduate credits at the 300–400 level from an accredited institution.
3. Have an earned Bachelor's degree from a regionally accredited institution.
4. Successfully complete the application essays and admission interviews. The submitted application essays and interviews are factored into the admit score by the Clinical Mental Health Counseling Department.

Admission Procedures

1. Complete the application for admission.
2. Remit payment of \$50.00 nonrefundable application fee.
3. Submit recommendation forms listed below. Evaluators who complete the form should send it to the Office of Graduate & Online Admissions.
 - a. Professional
 - b. Christian character
4. Send official transcripts from your final undergraduate institution and transcripts with any graduate coursework to the Office of Graduate & Online Admissions.
5. Provide a professional resume documenting education and experience.
6. Complete the following admissions essays:

Please answer the following with approximately 500 words each.

- Explain how you came to know Jesus as your Savior, including the Scriptural basis for your salvation and what in your life indicates that you are walking with the Lord.

- What do you believe are the characteristics necessary for a Christian to be an effective professional counselor?
- How will the Corban Counseling Program help you accomplish your professional and personal goals?
- Applicants must submit a criminal background check prior to acceptance to the Program. A packet of forms is available from the Office of Graduate & Online Admissions.

ADMISSION PROCEDURE OF INTERNATIONAL STUDENTS

International students are subject to the admission policies of Corban University and the Clinical Mental Health Counseling Program and to the regulations of the Immigration and Naturalization Service of the United States Department of Justice. An applicant who is not a citizen of the United States must meet the following requirements:

1. The applicant must submit all of the documents required of any new student, as listed under the Admissions Procedure. Transcripts of the student's academic record submitted in a language other than English must be accompanied by a certified translation into English by World Evaluation Services. (www.wes.org)
2. The applicant must demonstrate proficiency in reading, writing, and speaking English by attaining a minimum score of 637-673 (paper test) or 110-120 (Internet) on the Test of English as a Foreign Language (TOEFL). We would also accept an equivalent score on a similar, approved test. The TOEFL code number for Corban University School of Ministry is 4956. This number should be entered on examination answer sheets. To report scores of tests previously taken, enter the code number on TOEFL Request Forms. An alternative to the TOEFL exam is the International English Language Testing System (IELTS). Applicants must attain a minimum score of Band 8-9. Outside of the United States, information regarding the tests may be obtained from American embassies and consulate offices of the United States Information Service. Students who are accepted with minimal language ability may be required to take formal training in English as a Second Language (ESL).
3. The applicant must submit a written guarantee that transportation costs to and from the United States and expenses while in attendance at Corban University will be underwritten. Copies of bank account records, other financial instruments, or letters of certification may be submitted for this purpose.

International students must maintain a full schedule of studies, which is defined as a minimum of six units per semester. The United States government will not grant permission for part-time employment until a student has completed one year of studies and can prove that his or her financial situation has changed. In most cases, permission is granted only for work that is a practical application of the area of study being pursued by the student. In no case may other activities be allowed to interfere with a student's academic responsibilities.

The processing of an application usually takes several weeks. All application materials should be received by the Admissions Office by February 1 for the fall semester.

General Guidelines and Conditions for Admission into the Counseling Program

The Clinical Mental Health Program faculty has adopted the following specific principles and conditions for admission and retention in the program:

1. Applicants are recruited from a variety of groups and cultures within society. Admissions policies and procedures are designed to foster the identification and selection of all prospective students who possess the potential for Master level work in counseling—to the extent of looking beyond the more traditional criteria when advisable and possible.
2. Applicants are recruited who have demonstrated a commitment to the profession of counseling and to the specific counseling areas emphasized at Corban through interest, preparation, and experience.
3. The Clinical Mental Health Counseling Faculty has the responsibility for the selection of Masters' Candidates and has established admission criteria consistent with and in excess of those of Corban University.
4. Counseling students enrolled in the Master's Degree are required to participate as clients in an individual or group counseling experience. On-going student emotional and psychological well-being is paramount for continuation in the program.
5. The faculty of the Clinical Mental Health Counseling Program subscribe to the ethical standards of the American Counseling Association (ACA). Consistent with these standards, students may not independently offer mental health diagnosis, counseling, or consultation services, either gratis or for remuneration. If it should come to the attention of the faculty that a student is offering such services, a committee appointed for this purpose will conduct an investigation of the student's activities. The committee will present its findings and recommendations to the staff for decision on retention of the student in the program.
6. If accepted to the Clinical Mental Health Counseling Program, Applicants must complete a criminal background check prior to starting classes.

TRADITIONAL UNDERGRADUATE SCHOOL OF MINISTRY

PROGRAM OVERVIEW

The School of Ministry provides all Corban students with the biblical and theological values, skills and knowledge necessary for starting a lifetime of personal growth and Christian service. Ministry majors receive the focused training and experience needed to begin effective lifelong vocational ministry.

The School of Ministry features two types of training programs for undergraduates. We have five majors leading to the Bachelor of Science degree: Biblical-Theological Studies, Intercultural Studies, Intercultural Education, Church Ministry, and Linguistics. We also have two accelerated programs that allow an undergraduate to earn both a B.S. and a master's degree in five years total: Fast Track and Kairos.

The B.S. in Biblical-theological Studies provides in-depth study and training in the academic fields of Bible and Theology. It can serve as a foundation for teaching ministries or further academic studies.

The B.S. in Intercultural Studies prepares students to understand, engage and minister to people in a variety of cultural contexts within the United States and around the world. Areas of study include the biblical basis for mission, intercultural intelligence and competence, language acquisition, as well as strategies to address contemporary geo-cultural realities and religious worldviews.

The B.S. in Intercultural Education provides graduates with training to teach Bible in Christian schools and to teach overseas in a variety of cross-cultural settings. This program is a shared program between the School of Ministry and School of Education.

The B.S. in Church Ministry trains students seeking full-time Christian service in a wide variety of church, parachurch and community ministries. The program focuses on a philosophy of shepherding and care, meeting people's needs by discipling them in the Word, and communicating the truths of Scripture. Emphasis is also placed on understanding American culture, developing the competencies expected of an excellent minister, studying contemporary models of ministry, and developing one's own philosophy of ministry. This degree is an excellent choice for those seeking to serve in children's, youth, women's or pastoral ministry. It is also the recommended program for community and parachurch work.

In partnership with the Canada Institute of Linguistics, the School of Ministry offers a B.S. in Linguistics. This degree prepares students to serve language groups worldwide, analyzing and describing linguistic structures of previously unwritten languages. Graduates are also prepared to pursue ongoing professional development or advanced linguistics training.

For students concerned about education debt, Corban offers two accelerated programs that shorten the time and reduce the tuition needed to complete a bachelor's and master's degrees. The *Fast Track* program allows Corban students to finish a ministry bachelor's and M.A.C.L. degree in five years. The *Kairos* program is a cooperative program with Western Seminary that allows a student to complete a Corban bachelor's and a Western Seminary M.Div. degree.

PROGRAM LEARNING OUTCOMES

- Students will demonstrate an advanced working knowledge of the Bible and the skills for personal in-depth study.
- Students will be able to articulate a biblically defensible theology that appreciates our Baptist heritage and addresses current issues.
- Students will exemplify growing Christian character and biblical readiness for productive ministry.
- Students will manage their personal lives through effective planning, prioritizing and problem-solving.
- Students will be able to articulate and implement a biblically based and culturally relevant ministry philosophy.
- Students will practice a preaching and teaching ministry characterized by accuracy and impact.
- Students will manifest a caring shepherd's heart that ministers to people with compassion and skill.

GRADUATE SCHOOL OF MINISTRY

PROGRAM OVERVIEW

Corban University School of Ministry educates Christians to understand, model, and communicate biblical and theological truth and equips them for effective ministry in the church and the world.

The academic programs of Corban University School of Ministry are designed to facilitate the university mission to educate Christians who will make a difference in the world for Jesus Christ.

PROGRAM MISSION AND VISION

Corban University School of Ministry serves as an extension of the Church in the plan of God. This conviction is driven by the belief that the Church is essential to the carrying out of Christ's worldwide mission. This worldwide mission is accomplished through local churches, parachurch and other types of organizations.

The School of Ministry recognizes that no dichotomy should exist between systematic and practical theology. The biblical and theological messages must be internalized by students and subsequently implemented through service to contemporary society.

In the field of practical theology the integration of doctrine and practice finds its greatest expression. The School of Ministry attempts to equip its students to be leaders in the worldwide mission through evangelizing, preaching, teaching, and shepherding ministries. Whether the graduate serves as a pastor, missionary, youth pastor, chaplain, worship leader, teacher, evangelist, community leader, or lay-leader, every effort is made to send out well-balanced individuals who are capable of communicating the Word of God with conviction and clarity, and of ministering to the needs of people with love and effectiveness.

Students enrolled in the School of Ministry are challenged to worship and glorify God, to nourish their souls with His Word, to fellowship with Him through prayer, to evangelize the lost, and to edify the saints. This challenge demands a personal relationship with Jesus Christ which includes the practice of a daily quiet time, a walk by faith, the cultivation of the fruit of the Spirit, confession of sin, and a genuine surrender to the known will of God.

MASTER OF ARTS: CHRISTIAN LEADERSHIP

PROGRAM OVERVIEW

The Master of Arts in Christian Leadership is designed to prepare graduates to serve in a variety of leadership positions in ministry and community organizations including associate pastors, non-profit managers, parachurch leaders, Christian school teachers, and community service leaders. The degree has a total of 52 credits and consists of a Bible/Theology and Christian Ministry core (37 credits) and a choice of three concentrations (15 credits): Spiritual Formation, Non-profit Leadership, and Christian Teaching.

PROGRAM MISSION AND VISION

The Master of Arts in Christian Leadership is designed to prepare graduates to serve in a variety of leadership positions in ministry and community organizations. The goal is to provide students a strong theological base with three versatile tracks. Though not recommended for those seeking senior pastor roles, it gives excellent training for associate positions, teaching roles and community jobs.

PROGRAM LEARNING OUTCOMES

- Students will be able to understand the Bible and accurately interpret the Bible within its historical, cultural, and, geographical background.
- Students will be able to explain, defend, and consistently apply Christian theology and biblical worldview within any cultural context.
- Students will be able to articulate and live out a biblical theology of spiritual transformation.
- Students will apply learned ministry leadership practices that reflect biblical principles and are informed by contemporary theory and practice.
- Students will be able to communicate Scripture clearly and accurately in both public proclamation and private counsel.
- Students will be able to communicate the gospel and its relevance effectively to those in their ministry and vocational circles.
- Students will be able to locate, evaluate and synthesize information from a wide variety of sources for improving biblical and theological thinking and practice.

OCCUPATIONAL OPPORTUNITIES

The Master of Arts in Christian Leadership trains graduates to be effective in many leadership roles including associate pastors, non-profit managers, parachurch leaders, Christian school teachers, and community service leaders.

MASTER OF DIVINITY

PROGRAM OVERVIEW

The Master of Divinity is designed to train ministers who will serve as senior pastors, teaching pastors, missionaries, church planters and similar vocations. The degree has a total of 85 credits and consists of a Bible/Theology and broad ministry core (64 credits) and a choice of two concentrations (21 credits): Church Ministry and Biblical Languages.

The Master of Divinity provides depth of study in Bible and theology as well as the additional training in cross-cultural awareness, counseling and ministry philosophy. The church ministry track provides the educational base to pursue a Doctor of Ministry degree. The biblical language track provides the educational base to pursue a Doctor of Philosophy degree.

PROGRAM MISSION AND VISION

The Master of Divinity equips its students to be leaders in the worldwide mission through evangelizing, preaching, teaching, and shepherding ministries. Every effort is made to send out well-balanced individuals who are capable of communicating the Word of God with conviction and clarity, and of ministering to the needs of people with love and effectiveness.

PROGRAM LEARNING OUTCOMES

- Students will be able to understand the Bible, accurately interpret the Bible within its historical, cultural, and, geographical background, utilizing original languages.
- Students will be able to explain, defend, and consistently apply Christian theology and biblical worldview within any cultural context.
- Students will be able to articulate and live out a biblical theology of spiritual transformation.
- Students will design and convey a philosophy of ministry that is informed by Scripture and culture.
- Students will be able to communicate Scripture clearly and accurately in both public and private ministry settings.
- Students will be able to communicate the gospel and its relevance effectively to those in one's culture as well as to those of other cultures.
- Students will be able to locate, evaluate and synthesize information from a wide variety of sources for improving biblical and theological thinking and ministry practice.

OCCUPATIONAL OPPORTUNITIES

The Master of Divinity prepares the graduate to serve in a wide array of ministries, including as a pastor, missionary, youth pastor, chaplain, worship leader, teacher, evangelist, church planter or community leader.

SCHOOL OF MINISTRY MASTERS LEVEL ACADEMIC POLICIES

ACADEMIC LOAD

A full-time load is 6 – 15 credit hours per semester. If students desire to carry more than the full-time load, they must receive special permission from the Faculty advisor and Registrar.

ADVANCED STANDING, COURSE WAIVER AND DUAL CREDIT

Students who have obtained through their undergraduate work equivalence in competency with graduate level work may be eligible for advanced standing or a course waiver. Competency will be assessed by the Dean of the School of Ministry in conjunction with the Registrar.

Upon the demonstration of competency, up to and including 21 semester hours of advanced standing or waivers may be applied to the M.Div. degree and up to and including 13 semester hours to the M.A. degree. If advanced standing is granted, the student will receive graduate credit for approved upper-division undergraduate work. If a course waiver is granted, the student will have specific course requirements waived, but no graduate credit granted.

In addition to the advanced standing and course waiver credits, Corban upper classmen undergraduates may take dual-credit graduate courses from the School of Ministry. These graduate courses may be used to meet undergraduate degree requirements as well as graduate requirements.

AUDITING A COURSE

A student who is auditing a course must complete an Audit student application for each course they wish to audit. Students may enroll in a course for non-credit according to the following guidelines:

1. There must be space available in the class.
2. The instructor of the course must give their consent.
3. Audit students are not expected to submit assignments. Faculty are not required to give feedback on written work of students auditing courses.
4. They may change a course from credit to non-credit (audit) during the first four weeks of the semester. In such a case there is a processing charge of \$25.00 and no refund of tuition unless the change is made prior to the close of registration.
5. The student is responsible to complete all required coursework and actively participate in the class.

DEGREE PROGRAM CHANGES

A student who desires to switch from one degree program to another must complete a Change of Program Form. If permission is granted to switch from one degree program to another, the student must meet all the requirements in the new degree program. Students adding a second program will be subject to the policy governing the completion of multiple degrees.

GRADUATION REQUIREMENTS

To graduate with a degree from the School of Ministry, the student must satisfactorily complete the following:

1. All required courses in relevant degree.
2. A minimum grade point average of 3.00 for the total graduate degree. Required courses with grade D+ or lower must be retaken.
3. Formal application for graduation.

Students who expect to complete all degree requirements must apply for graduation. Students are expected to apply for graduation during the semester prior to their anticipated finish of coursework (see deadlines in Academic Calendar). The graduation fee must accompany the application. To participate in commencement ceremonies, all requirements must be completed no later than the last full week before graduation. Please note that commencement ceremonies are only held in May, although degrees are awarded at the end of each semester.

REPEATING A COURSE

If a student receives a grade of "D+" or lower in a course required for graduation, the course must be repeated. A student may also repeat such a course if a "C+", "C", or "C-" was received. Only the second grade and its respective grade points will be used in the overall grade point calculation shown on the official transcript.

SCHEDULED EXAMINATIONS

Students are expected to complete an examination at the scheduled time. A fee of \$25 will be assessed students who take an examination late. If an examination is missed without prior arrangement, in addition to the late fee, the examination score may be reduced.

TRANSFER CREDIT POLICY

Corban University School of Ministry may accept credits from regionally and nationally accredited institutions approved by CHEA (Council for Higher Education Accreditation). Exceptions to this policy will be made on a case-by-case basis. The following rules govern the transfer of credit:

1. A student must be accepted by the university before the registrar will consider requests for course credits to be transferred.
2. No more than 50% of the total credit hours required in a program may be transferred from another institution. The final 20 semester hours must be taken in residence at the School of Ministry.
3. Courses must be completed with a minimum of a B- (2.7) grade. Acceptable credits earned in another institution are recorded on the student's permanent academic record, but only work completed at the University will be included in the student's Corban grade point average.
4. The decision to approve transfer of credits will be based on similarity of course content, final judgment being made by a comparison of course syllabi.
5. Course work from non-accredited institutions will be considered on a case by case basis.
6. A student who is enrolled at the School of Ministry may take courses elsewhere and have those credits transferred to the University. This will require approval by the Registrar before the course is taken. In such cases, the Registrar will consult with the Dean, but the registrar will make the decision on whether or not the credits may be transferred.
7. Transfer of credit applies only to degree programs. No transfer credit will be granted for non-degree status students.

SCHOOL OF MINISTRY MASTERS ADMISSIONS POLICIES

Corban University seeks to accept only students who desire God's leading in their lives. Prospective students should desire to develop their spiritual lives and skills for ministry in order to be prepared for any ministry to which God may lead.

Corban University admits students of any gender, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at university. Corban University does not discriminate in the administration of its admission and education policies, financial scholarships, and aid programs.

ACADEMIC PREPARATION

Applicants must have earned a baccalaureate degree from an accredited institution to be admitted into one of the graduate degree programs. Others with adequate academic qualifications may enroll in one of the certificate programs or as non-degree students.

ADMISSION PROCEDURE

In order to register at Corban University, an Application for Admission must be filed with the Office of Admissions regardless of classification or number of courses taken. Applicants will not be officially accepted for admission to the School of Ministry until this office has in its files:

1. The Application for Admission form completely filled out;
2. Admission essays, including the applicant's personal testimony;
2. References from a pastor, educator or employer, and a friend;
3. An official transcript from every college and/or graduate school attended, whether or not credits are to be transferred, sent directly from the institution(s) concerned to the Office of Graduate & Online Admissions of Corban University School of Ministry;
4. A \$50.00 Application Fee.

The Admissions Committee reviews each application only after all data have been received. When all records have been completed satisfactorily, the applicant will be sent a letter indicating the decision of the Admissions Committee. Students are

assigned faculty advisors who assist them in formulating their programs of study. All faculty members are available for general counseling.

ADMISSION PROCEDURE OF INTERNATIONAL STUDENTS

International students are subject to the admission policies of Corban University School of Ministry and to the regulations of the Immigration and Naturalization Service of the United States Department of Justice. An applicant who is not a citizen of the United States must meet the following requirements:

1. The applicant must submit all of the documents required of any new student, as listed under the Admissions Procedure. Transcripts of the student's academic record submitted in a language other than English must be accompanied by a certified translation into English by World Evaluation Services. (www.wes.org)
2. The applicant must demonstrate proficiency in reading, writing, and speaking English by attaining a minimum score of 637-673 (paper test) or 110-120 (Internet) on the Test of English as a Foreign Language (TOEFL). We would also accept an equivalent score on a similar, approved test. The TOEFL code number for Corban University School of Ministry is 4956. This number should be entered on examination answer sheets. To report scores of tests previously taken, enter the code number on TOEFL Request Forms. An alternative to the TOEFL exam is the International English Language Testing System (IELTS). Applicants must attain a minimum score of Band 8-9. Outside of the United States, information regarding the tests may be obtained from American embassies and consulate offices of the United States Information Service. Students who are accepted with minimal language ability may be required to take formal training in English as a Second Language (ESL).
3. The applicant must submit a written guarantee that transportation costs to and from the United States and expenses while in attendance at Corban University School of Ministry will be underwritten. Copies of bank account records, other financial instruments, or letters of certification may be submitted for this purpose.

International students must maintain a full schedule of studies, which is defined as a minimum of six units per semester. The United States government will not grant permission for part-time employment until a student has completed one year of studies and can prove that his or her financial situation has changed. In most cases, permission is granted only for work that is a practical application of the area of study being pursued by the student. In no case may other activities be allowed to interfere with a student's academic responsibilities.

The processing of an application usually takes several weeks. All application materials should be received by the Admissions Office by July 1 for the fall semester and by November 1 for the spring semester.

ADMISSIONS REQUIREMENTS

- Profess faith in Jesus Christ and live a consistent Christian lifestyle.
- Possess an earned undergraduate degree from an accredited school. (If you have questions, please contact Corban's Admissions Office at 800-764-1383 or email graduate@corban.edu.)
- Be in essential agreement with the following foundational Christian doctrines:
 - That Scripture is inspired by God and therefore is authoritative and inerrant.
 - That the God of the Bible is the only true God.
 - That there is one God in three equal persons (Father, Son, Spirit).
 - That Christ is true God and true human.
 - That the human race is completely spiritually depraved.
 - That Christ died as a substitutionary sacrifice to atone for sin.
 - That Christ bodily rose again.
 - That salvation is received by faith alone in Christ alone.
 - That Christ will bodily return to the earth to reign.

ADVANCED STANDING, COURSE WAIVER AND DUAL CREDIT POLICY

Students who have obtained through their undergraduate work equivalence in competency with graduate level work may be eligible for advanced standing or a course waiver. Competency will be assessed by the Dean of the School of Ministry in conjunction with the Registrar.

Upon the demonstration of competency, up to and including 21 semester hours of advanced standing or waivers may be applied to the M.Div. degree and up to and including 13 semester hours to the M.A. degree. If advanced standing is granted,

the student will receive graduate credit for approved upper-division undergraduate work. If a course waiver is granted, the student will have specific course requirements waived, but no graduate credit granted.

In addition to the advanced standing and course waiver credits, Corban upper classmen undergraduates may take dual-credit graduate courses from the School of Ministry. These graduate courses may be used to meet undergraduate degree requirements as well as graduate requirements.

CHRISTIAN CHARACTER

Applicants for admission must testify that they are personally trusting in Jesus Christ as Savior and are endeavoring to live in submission to the will of God as manifested in obedience to the Word of God. Standards of Christian conduct required of students at Corban Graduate School of Ministry are set forth in the Student Handbook.

COMPLETION OF MULTIPLE DEGREES

Students wishing to complete more than one graduate degree at the School of Ministry may do so with the following conditions:

- All program requirements in both degrees must be met.
- No more than 50% credits used to meet the requirements of the second degree can also have been used in the first degree. At least 50% of the total hours required in the second degree are not needed for the first degree.

DUAL CREDIT COURSES

Undergraduate students at Corban University may enroll in certain courses which have been designated as Dual Credit courses. These are courses which are taught at the graduate level which will count towards the student's undergraduate degree. Should the student choose to enroll in a graduate program in the SOM, the student will not be required to complete the Dual Credit course at the graduate level. Students may not have more than 14 Dual credit hours for an M.Div. and 8 semester hours for an MA.

FAST TRACK PROGRAM

Students enrolled in Corban University may enroll in the BS in Ministry Fast Track programs. These programs allow students to complete their BS in Ministry and MA in Christian Leadership in five years. More information is in the School of Ministry, Undergraduate section of the University catalog.

POLICY FOR ADMISSION OF NON-BACCALAUREATE STUDENTS

Students who have not earned an accredited baccalaureate degree may be admitted as non-degree students. If they subsequently complete their baccalaureate degree, they may apply for a degree program.

UNDER-GRADUATE EDUCATION RECOMMENDATIONS

Students who plan to apply for admission to Corban Graduate School of Ministry are encouraged take college courses which provide for an understanding of people and nature, an acquaintance with the culture and ideas of contemporary society, and the ability to communicate clearly and accurately in the English language. Undergraduate programs should include courses in English grammar, composition, literature, speech, general philosophy, logic, psychology, natural science, and history - especially ancient and world history. These courses provide a solid base for effective graduate studies in ministry.

READMISSION TO THE SCHOOL OF MINISTRY

Students who do not register for three consecutive semesters (one year) must apply for readmission before enrolling again. Students must complete the Application for Readmission through the Graduate and Online Admissions Office. If a student has been absent from courses for over six years, the full application form must be submitted. Students are subject to the requirements of the catalog and its programs in force at the time of re-matriculation.

DOCTOR OF MINISTRY PROGRAM

PROGRAM OVERVIEW

The Doctor of Ministry Program is a post-graduate professional degree designed to help ministry leaders integrate biblical and theological truth with disciplined reflection and ministry praxis. Building upon a foundation of graduate studies in Christian thought, Bible and ministry, the D.Min. program provides students the opportunity to undertake advanced study in personal and ministry formation. Under the guidance of reputable faculty with expertise in the area of their instruction, students interact with peers, engage in broad reading, and develop and implement new initiatives in their ministry contexts. Individuals engaged in vocational or bi-vocational ministry including senior and associate pastors, teachers, school administrators, counselors, chaplains, missionaries, and leaders of parachurch organizations will benefit appreciably from the program. The program consists of 30 credit hours taken through six modules (24 credits), three thesis-project seminars (3), and a thesis-project (3).

PROGRAM LEARNING OUTCOMES

- Students will be able to advance their personal and professional development within the context of their current ministry.
- Students will be able to analyze and implement new models of ministry for enhanced effectiveness in areas pertinent to their primary context of service.
- Students will articulate a theology of spiritual formation based on God's transforming grace and truth.
- Students will be able to apply learned ministry leadership practices that reflect biblical principles and are informed by contemporary theory and practice.
- Students will be able to assess the effectiveness of personal and corporate leadership practice within their ministry.
- Students will be able to address crucial theological issues that impact ministry today.
- Students will be able to use research skills in their chosen fields of ministry.

Students' progress and growth in the program will be evaluated through pre-residency course work, module projects within the participant's ministry context, the advisement process, the thesis-project and its' public presentation.

FACULTY

Each Doctor of Ministry cohort is led by a scholar-mentor from the primary field of study being addressed. Guest lecturers and Corban faculty supplement the instruction. Additional information about the D.Min. faculty can be found on the appropriate web page of the University.

PROGRAM COMPONENTS

The Doctor of Ministry program consists of six modules and three seminars designed to be taken sequentially over three years. It includes a two-week residency each of these three years during which two intensive courses (modules) and one thesis-project seminar are taught.

1. Pre-Residency Studies

Starting in January, approximately six months before each residency, students will undertake studies to prepare for the residency modules consisting of extensive reading and various writing projects. Students should plan to devote approximately 10-12 hours per week in preparation for the residency.

2. Residency Modules

Each year, typically in June, students will attend two weeks of classes consisting of one module each week. A one day thesis-project seminar will be included on the Friday of either of these two weeks.

3. Post-Residency Projects

Following each of the residencies, students will complete a major project for each of the modules and seminar as described and outlined in the course/seminar syllabi. The due-date for this project will be determined by the course professor. All course work must be submitted by October 15 to receive credit.

Program Limitations

The Doctor of Ministry program is intended to be completed in five years; three years for the modular course work and two years for thesis writing. The maximum time allowed for completion is six years. Additional time may be granted upon request due to extenuating circumstances.

PROGRAM TRACKS

The Doctor of Ministry program includes two separate cohort tracks. The first D.Min. cohort track is in Strategic Leadership led by Dr. Gary McIntosh and Dr. Leroy Goertzen. The second D.Min. cohort track is in Christian Theology and Apologetics led by Dr. Wayne House.

1. Cohort in Strategic Leadership Overview

The Doctor of Ministry in Strategic Leadership provides advanced training for individuals leading Christian Ministries. This program of study challenges students to reflect upon and assess their leadership experience and practice within their ministry contexts for the purpose of addressing those matters of philosophy, personality, and proficiency that can expand their leadership capacity and effectiveness. To this end, this integrative course will incorporate Biblical theology, leadership theory and practice, online peer interaction and learning, professional mentoring, and personal and corporate assessment. Special focus will be given to studying the principles of leadership that apply to both individuals and institutions as they relate to the character, values, skills, tasks, and context of leadership.

As the capstone degree within the ministry profession, the Doctor of Ministry in Strategic Leadership program is designed to advance the understanding and practice of leadership amongst ministry professionals such as Senior Pastors, Christian School Administrators, directors of para-church organizations and agencies, and members of administrative staff responsible for leading people, directing programs, and managing organizational assets.

2. Cohort in Theology and Apologetics Overview

Two great challenges face leaders today: teaching the truth of God to a Christian public that is shaped more by cultural than Scripture and defending Christianity against the charges of a multitude of critics. To meet these challenges, this program equips leaders with the biblical, historical, scientific, and philosophical knowledge necessary to effectively engage our world with the Christian faith.

Foundational to Christian ministry is an in-depth knowledge of the teachings of the Bible and the ability to state and defend biblical truth. The Doctor of Ministry in Christian Theology and Apologetics at Corban University builds on the Bible and theology learned in a master's degree program. The D.Min. enables the minister to teach and preach the Word in a biblically faithful and transformational way (2 Tim 4:1). Because this advanced program expands and extends beyond the master's, students are expected to have sufficient proficiency in hermeneutics, theology and biblical languages.

DOCTOR OF MINISTRY ACADEMIC POLICIES

ACADEMIC POLICIES

Faculty advisors are assigned to assist each student in successfully pursuing a course of study. However, ultimate responsibility for compliance with academic policy and graduation requirements rests with the student.

ACADEMIC PROBATION

Students who receive a grade below a "B-" in any two of their residency weeks will be placed on academic probation and be required to meet with the program director to assess their academic progress. A written proposal will be submitted to the program director by the student detailing their plans to improve academic performance.

Academic probation will be lifted when the student completes two consecutive modules with a "B" average.

Removal from the Program:

Students may be required to withdraw from the program on the basis of their inability to maintain academic standards. Students who receive three grades below a "B-" will be excused from the program. Students may also be dismissed from the program because they no longer are able to meet entrance requirements, such as, being engaged in vocational ministry. Students who have been excused from the program will not be readmitted.

ACADEMIC PROGRESS

A student's academic progress in the program is monitored closely through the quality of his/her work as assessed by the visiting professors and the D.Min. Director. Course work is graded by the visiting professor of each module in accordance with the requirements of their syllabus.

ACADEMIC YEAR

The Doctor of Ministry Program operates on a schedule that follows the calendar year. Pre-residency work is done between early January and May 31; the two-week residency takes place in June; post-residency work commences immediately following the residency and continues through October 15.

ATTENDANCE

Due to the brevity and intensity of the modular format, students may not miss more than 4 hours of class-time in any given module during the residency. The one day thesis-project seminars must be attended in their entirety. Recording class-time lectures does not substitute for personal presence in the classroom.

AUDITING COURSES

Doctor of Ministry modules may be audited by three classes of individuals: 1) Corban University graduate students, 2) ministry professionals, and 3) Corban D.Min. students who are in their thesis-project stage or who have graduated. Corban D.Min. graduates may audit one module per year tuition-free.

Due to the nature of D.Min. modules, auditing students are considered full classroom participants. They are required to fulfill course expectations that the D.Min. Director establishes in cooperation with the professor for each module.

Auditing D.Min. modules is dependent upon available space and the final discretion of the D.Min. Director. Individuals interested in auditing should contact the Director for specific details.

DROPPING AND ADDING MODULES

Students are encouraged to register for both modules in any given residency. Due to personal or professional crises, students may request to drop a module. Such a request must be made in writing to the director of the program prior to the due date of the pre-residency assignments for that module.

Students who have received permission from the D.Min. Director to register for one module may submit a request to add a second module. The request can only be granted if 1) it is made within 6 weeks of the pre-residency assignments due-date, 2) the student is not on probation, and 3) there is adequate reason to believe that the student's situation will support the added academic load. Permission is granted by the D.Min. Director.

GRADE REQUIREMENTS

D.Min. students are required to maintain a 3.0 grade point average to remain in good standing in the program. A grade less than a "B-" in two courses will result in that student being placed on probation. An additional grade below a "B-" will result in the need to reassess the student's continuation in the program. This will be done by a committee made up of the D.Min. Director, the School of Ministry Dean and the Registrar.

GRADING SCALE

Grades in the doctoral program follow the traditional A – F scale used in the undergraduate and graduate programs of Corban University. In the D.Min. program, however, any grade below a B- is considered grounds for academic probation and possible dismissal from the program.

GRADUATION REQUIREMENTS

To graduate from the School of Ministry's Doctor of Ministry Program, the student must complete satisfactorily the following: All modular and seminar coursework and the thesis-project including the project presentation prior to graduation. (Students applying for graduation without having completed all coursework may have graduation postponed until all program requirements are met). Students intending to graduate must also maintain a minimum GPA of 3.0, settle all financial obligations to the university, and submit a; formal application for graduation.

INCOMPLETES

An incomplete grade (I) is a temporary grade given when students are unable to complete the work for a course on time because of extraordinary circumstances, such as illness, emergency, or other reasonable causes. On rare occasions, an incomplete grade may be given due to the inability of a visiting professor to complete the grading process on time because of circumstances beyond his/her control.

To be considered for an incomplete grade, students must be passing the course, have completed the pre-residency course work and have attended the residency class-time. If the incomplete work has not been received by the final registration date for the upcoming year (November 30) or whatever time the professor and D.Min. Director agreed to, the instructor will assign a contingency grade, which will become the final grade.

Students who know they will be unable to complete the module assignments on time must petition the D.Min. Director for additional time. A contract will be established with the D.Min. Director, which includes an appropriate completion date and any grade reductions.

REGISTRATION AND PAYMENT OF FEES

Registration for D.Min. modules will open on October 15 of each year. Students already in the program will be automatically re-enrolled in the modules and thesis-project seminar offered for the upcoming year. A fee of \$100 per module will be added to the cost of tuition. (Please note that tuition and fees are subject to change.) No refunds on dues will be granted following the close of registration.

TRANSFER CREDIT POLICY

Up to 12 hours of D.Min. credit, representing three modules/courses, may be transferred into the program from other accredited seminaries. Exceptions to this policy will be considered by the D.Min. Director and the Dean of the School of Ministry. The transfer of courses is subject to the approval of the Director and Dean based upon their relevance to the current program emphasis and structure, and whether the courses represent a comparable level of academic and professional quality. Students requesting credit transfers should do so at the time of admission to the program. If requested after admission is approved, permission for transfer is subject to the decision of the program director and the Registrar's Office.

DOCTOR OF MINISTRY ADMISSION POLICIES

ADVANCED STANDING

Because the D.Min. program is a post-graduate degree that builds successively year by year, advanced standing is not typically given. This includes credit for life and ministry experience and of vocation-related training seminars and programs. Certain advanced-training, such as CPE units offered by the military will be considered on a case-by-case basis. The maximum number of modules for which advanced standing will be given is one.

ADMISSION PROCEDURES

In order to register at Corban University School of Ministry, an Application for Admission must be completed with the Office of Graduate & Online Admissions. The Application includes:

1. A completed Application for Admission form;
2. Admissions Essays;
3. An official transcript from the college at which the student earned their undergraduate degree, and the school from which the student earned their graduate degree, sent directly from the institution(s) to the Office Graduate & Online Admissions;
4. Resume;
5. References from a member of the student's leadership board, ministry colleague, and friend;
6. A completed Faculty Recommendation form;
7. A completed Ministry Organization Endorsement form;
8. A graduate-level research paper;
9. A non-refundable Application Fee of \$50.00.

The Admissions Committee reviews each application only after all data have been received. When the application has been completed satisfactorily, the applicant will be sent an email and a letter indicating the department's decision. The Director of the D.Min. program serves as the faculty advisor for all students and is available to offer assistance in all matters pertaining to the program.

COURSE SUBSTITUTIONS & EXEMPTIONS

The nature of the Corban Doctor of Ministry program does not allow for course substitutions and exemptions.

PRE-DOCTORAL EDUCATION

The Doctor of Ministry program is designed to build upon three foundational fields of study: Christian Thought/Theology, Biblical Studies/Languages, and Christian Ministry. Students planning to apply for admission to the D.Min. program should have or seek to acquire a well-rounded education in these fields—something most graduate programs in Bible and theology or Christian ministry provide.

WITHDRAWAL FROM AND READMISSION TO THE PROGRAM

Students may voluntarily withdraw from the program at any time but are subject to whatever financial policies are in force regarding tuition and fee reimbursements.

Withdrawal from the program may include a one-year leave of absence. The program's design requires students to register for modules each year. Students who have begun the D.Min. program but who are unable to register for the following year's modules will be required to take a one-year leave of absence from the program and pay the program continuation fee. A leave of absence does not extend the six-year maximum length of the program. A student who is absent from a residency without having been approved for a leave of absence will be removed from the program.

Students who have withdrawn from the program on a leave of absence may re-enter the program with the understanding that they will be subject to the current academic catalog, policies and pricing.

COURSE DESCRIPTIONS

COURSE NUMBERING SYSTEM

Courses are designated by numbers that reveal their difficulty and sequence.

Course Numbering Key:

- Courses numbered 1-99 are non-baccalaureate level and are not acceptable for a bachelor's degree.
- Courses numbered 100 through 299 are considered lower-division courses (freshman and sophomore years).
- Courses numbered 300 through 499 are considered upper-division courses (junior and senior years) and intended for undergraduates.
- Courses numbered 491-493 are generally special topics courses.
- Courses numbered 500 through 799 are graduate courses.
- Courses numbered 800 through 899 are doctoral courses.
- Courses numbered at the 900 level are reserved for professional development courses.

Courses offered online may reflect a different number because the credit value may be different. In most cases, courses online will have a SP suffix. For example BA131 would become BA131SP.

Corban provides opportunities for students to pursue a study of special interest under the guidance of competent faculty members. These courses are usually designated by numbers 491-493. Registration for these studies must be filed during regular registration periods.

Courses offered in the honors program will have an H suffix. For example, PH399H would be Philosophy Honors.

Courses generally offered alternate years are indicated with (Alt).

The course also surveys the language backgrounds of Oregon's ELL population, identifies common language struggles of each group, and compares and contrasts the acquisition and development of listening, speaking, reading, and writing in first and second languages. Candidates determine professional goals as related to ESOL education. Prerequisite: Admittance to School of Education required. (Fall)

ED312 Teaching Exceptional Learners – Elementary (2)

A course designed to introduce the student to the broad range of special needs of children that will be encountered in the regular elementary classroom. A variety of issues, legislation, and legal principles pertaining to exceptionalities will be discussed. The course will cover general information common to all exceptionalities. Attention will focus on specific characteristics, classroom management and teaching strategies that will promote successful learning for all students, including those with dyslexia, and those who are culturally and linguistically diverse. Prerequisite: Admittance to School of Education

required. (Fall)

ED315 Teaching Exceptional Learners - Secondary (2)

A course designed to introduce the student to the broad range of special needs of children that will be encountered in the regular secondary classroom. A variety of issues, legislation, and legal principles pertaining to exceptionalities will be discussed. The course will cover general information common to all exceptionalities. Attention will focus on specific characteristics, classroom management and teaching strategies that will promote successful learning for all students, including those who are culturally and linguistically diverse. Prerequisite: Admittance to School of Education required. (Fall)

ED316 Adaptive and Inclusive Lifespan Physical Education (2)

This course is designed to give students a background in how to effectively teach physical activity to individuals with disabilities. In addition the course will provide some basic knowledge of the history of adapted physical education; federal and state laws pertaining to the education of individuals with disabilities and gifted and talented individuals; psychological psychomotor, social and behavior characteristics of individuals; program planning and teacher effectiveness including assessment, task analysis and behavior management. Furthermore, this class will prepare future teachers to enhance their ability to effectively adapt instruction to meet the needs of exceptional students in a physical education program. (Alt. Fall)

ED330 Instructional Alignment I (3)

This is part one of a two-semester course designed to model the process of instructional alignment through all stages of curriculum development, including development of goals, objectives, content and strategies as they relate to Oregon licensure. These concepts will be applied in age-group breakout sessions focusing on effective and developmentally appropriate teaching strategies. Micro-teaching sessions will allow students to practice the use of major teaching strategies. The course will culminate with the design and development of a three-day teaching unit, including all supplemental instructional materials. Prerequisite: ED233, Admittance to School of Education required or approval of director. Cross listed with ED530. *Students may not receive credit for both ED330 and ED530.* (Fall)

ED331 Instructional Alignment II (2)

This is part two of a two-semester course designed to model the process of instructional alignment through all stages of curriculum development. This course builds upon the concepts presented in Instructional Alignment I. Students will be introduced to a variety of techniques

appropriate for evaluating and assessing at all levels of Oregon licensure. Additional emphasis is placed upon the effective integration of technology and other media into instruction. Concepts and skills learned in Instructional Alignment I and II will be applied in the culminating project of designing and assessing an edTPA, which will be taught in Field Experience III. Prerequisite: ED330, Corequisite: ED331L, Admittance to School of Education. Cross listed with ED531. *Students may not receive credit for both ED331 and ED531.* (Spring) Course Fee:\$75

ED331L Field Experience III – Internship/Practicum (1)

This course is preferably taken concurrently with ED331 Instructional Alignment II and either a content methods course (for ML/HS authorization levels) or MA393 Math for Elementary Teachers III (for EC/EL authorization levels). Students will teach a unit of instruction in a public or private classroom at their chosen primary authorization level. Students will be observed by both the classroom teacher and a university supervisor. Prerequisite: Admittance to School of Education required or approval of director. Corequisite: ED331. (Spring) Course fee: \$75.

ED410 Philosophy of Education (2)

This course presents major philosophies and discusses their effect upon education. Each student writes a culminating philosophy of education paper from the Christian perspective. This includes the theological basis for education, educational goals, the role of the teacher, the nature of students, classroom discipline, curriculum and the teaching/learning process, and the relationship between the home, the church, and the school. Enrollment is limited. Prerequisite: Admittance to School of Education or approval of director. (Fall, Spring, Summer)

ED415 The ESOL Classroom: Methods, Materials, and Issues (2)

This course focuses on instructional strategies for developing social and academic English in ELL students. Participants explore and learn about commonly used programs, methods and materials; as well as Oregon's English Language Development standards. Additionally, this course examines the issues in the areas of social justice and educational equity that surround ELL programs and their students. Lastly, the course challenges participants to act as advocates in their school and communities on behalf of their ELL students. (Fall)

ED416 Content Area Instruction and Assessment–ESOL (2)

This course centers on the ways in which all content areas may serve to strengthen ELL student fluency and language competency. The course will focus on sheltered instruction (including GLAD and SIOP) and scaffolding techniques, with specific emphases on developing ELL student

comprehension, vocabulary enrichment, and developmental writing. Candidates will also develop fair and useful assessment tools to determine literacy and academic learning and practice the administration, scoring, and interpretation of formal and informal tests of language proficiency. Prerequisite: Admittance to School of Education required. (Spring)

ED418 ESOL/Bilingual Practicum (2)

(In conjunction with one of the student teaching authorizations.)

The practicum is a supervised teaching experience of 90 contact hours in two authorization levels, and will be arranged individually for each candidate. The practicum is an opportunity to apply the learning from coursework. Candidates are to demonstrate competence in teaching both English and academic content to ELL students at a variety of English proficiency levels. In addition, candidates for the Bilingual Endorsement must demonstrate proficiency in the classroom use of the designated foreign language. Course fee: \$100. Prerequisite: Admittance to School of Education required. (Spring and Fall)

ED440CL Children's Literature (2)

An introduction to and an overview of literature for early childhood and elementary aged children. The emphasis is on reading the literature itself and learning the criteria for evaluating children's literature. Effective methodology to use/teach children's literature in the classroom is stressed. (Spring)

ED440FA Methods in Fine Arts (2)

This course focuses on the study of fine arts (music, visual art, drama and dance) as well as the methods for teaching fine arts to children in the early childhood and elementary classrooms. These methods will be complimented by the study of the philosophies of arts in education as well as brief history of the arts. Prerequisite: Admittance to School of Education required. (Spring)

ED440LA Language Arts (2)

This course focuses on materials and strategies for developing literacy in elementary classroom, focusing on writing, speaking, and listening. Class activities will help prepare students for the early childhood (EC) and elementary (EL) levels of licensure. Lessons will include developmentally appropriate activities that are related to language arts instruction. Prerequisite: Admittance to School of Education required or approval of director. Corequisite: ED462EB. (Fall)

ED440PE Physical Education (2)

A course designed to introduce students to the broad range of physical fitness and movement education concepts necessary for early childhood through the elementary child. The course will expose students to general fitness concepts, developmental levels for skill development, curriculum and lesson planning tools, and legal responsibilities of physical education teachers in the early childhood and elementary classroom. Prerequisite: Admittance to School of Education required. (Fall)

ED440SH Science and Health (2)

This course prepares early childhood/elementary pre-service teachers to teach science and health in the classroom. The course will expose students to scientific literacy, general fitness concepts, developmental levels for general wellness, curriculum and lesson planning tools, and general health and science content for teachers in the early childhood and elementary classroom. The focus is on strategies that encourage learners to become active participants in science and health as well as to reinforce content mastery by the student. Prerequisite: Admittance to School of Education required. (Fall)

ED440SS Social Studies (2)

This course is focused on content, strategies and materials for teaching social studies in the elementary classroom. Course requirements and activities will engage students in the evaluation of social studies curriculum, planning for effective instruction and assessment of social studies knowledge and skills. Students will also write a position statement regarding the effective teaching of social studies and design two social studies unit plans appropriate for two different elementary grade levels. Prerequisite: Admittance to School of Education required. Corequisite: 462ED. (Fall)

ED443 Elementary Reading Methods (3)

This course is designed to introduce elementary education students to the major approaches and techniques for teaching reading in the early childhood/elementary classroom. Students will examine the developmental, remedial, and corrective techniques in reading methodology. Included is the diagnosis of pupil deficiencies in reading, designing appropriate instructional tasks, accommodating for exceptionalities (e.g. dyslexia), and organizing the classroom to facilitate successful instruction. (Spring)

ED456 ML/HS Literacy Across Content Areas (3)

This course is designed to explore various aspects of literacy as it applies to middle level and high school students in content area classrooms. Special emphasis will be placed upon strategies that will facilitate the development of reading, writing, speaking, listening, and

thinking skills within the specific disciplines in which you will be teaching. Today's educational climate requires every teacher to be a literacy teacher and this course will prepare you to know and communicate academic language effectively to your students as well as train you in a variety of methods to improve and increase the vocabulary, language function, syntax and discourse of your students in your area of content. Students will be challenged to evaluate their own literacy so they may more effectively direct the literacy learning of their future students. Admittance to School of Education required. Cross listed with ED556. *Students may not receive credit for both ED456 and ED556.* (Fall)

**ED462EB Student Teaching —
Second Authorization Elementary Block (4)**

This is a semester-long practicum in conjunction with ED440 Senior Block Courses. This student-teaching experience meets the requirements for adding a second authorization to an Oregon teaching license. Students will spend a minimum of three days per week in their assigned classroom, teach at least one unit of study culminating in a work sample, and attend a weekly seminar designed to reinforce, supplement, and build upon the student teacher's classroom experience and professional growth. Prerequisite: senior classification and approval of director and CEP. (Fall) Course fee: \$475.

**ED46310/ED46312 Student Teaching – First
Authorization (10/12)**

This is a 10-15-week practicum consisting of both a student teaching experience and professional development seminars. Students will be in a classroom full-time (teacher hours), and will teach at least one unit of study culminating in a work sample. The student teaching experience meets the requirements for the first authorization of an Oregon teaching license. The Professional Development Seminars meet throughout the semester to reinforce, supplement, and build upon the student teacher's classroom experience and professional growth. Prerequisite: senior standing and consent of director and CEP. (Fall and Spring) Course fee: \$700

ED464 Student Teaching – Second Authorization (2)

This is a 4-6 week practicum designed to allow students to add a second authorization to an Oregon teaching license. Students will be in a classroom full-time (teacher hours), and will teach at least one unit of study culminating in a work sample. Prerequisite: senior standing and consent of director and CEP. (Fall and Spring) Course fee: \$125

ED465 Student Teaching – Third Authorization (2)

This is a 4-6 week practicum designed to allow students to add a third authorization level to an Oregon teaching license. Students will be in a classroom full-time (teacher hours), and will teach at least one unit of study culminating in a work sample. Prerequisite: senior standing and approval of director and CEP. (Fall and Spring) Course fee: \$125

ED483 Preparing and Leading Educational Travel Experiences (3)

This course is designed to prepare future teachers to design and lead a student trip. Students will learn how to plan for a student travel trip that supports and enhances a school curriculum and core standards. There will be opportunity to evaluate and compare touring companies, as well as the discussion of planning a trip without outside assistance. Students will design pre-trip information designed for parents, students, and administrators, and will plan educational experiences that coincide with the travel before, during, and after travel occurs. There will be dialogue about managing groups of students abroad, cultural awareness required with travel, and basic group travel safety procedures. Finally, the course will culminate with a travel abroad experience for students. *Cross listed with ED683. Students may not receive credit for both ED483 and ED683.* (Fall – Odd)

ED491-493 Special Topics in Education (1-3)

Focused studies on specific issues in education. Requires instructor and department approval.

ENGLISH**EN081 Basic College Writing (1)**

This workshop, called The Corbanator covers a variety of grammar/punctuation/spelling topics.

EN093 Writing Matters (3)

A paragraph-based approach will be used to immerse students in the types of assignments they will be pursuing in college. Grammar will be emphasized through the writing process, rather than as a collection of assignments that function as stand-alone activities. Students will demonstrate an appropriate-level of accomplishment on various assignments used in University classes. (As needed)

EN123 College Writing I (3)

Designed to prepare students to think, write clearly and explore “the redeemed human voice,” this course involves producing various types of essays for personal enrichment and publication. EN123 is a prerequisite for EN132 (Fall, Spring).

EN123 College Writing I (3) (Online)

Designed to prepare students to think, write clearly and explore “the redeemed human voice,” this course involves producing various types of essays for personal enrichment and publication. EN123 is a prerequisite for EN132. *Online Course.* Offered as needed.

EN132 College Writing II (3)

Prepares students to perform undergraduate-level research utilizing peer-reviewed journals. Students produce research papers that promote critical thinking through textual analysis and synthesis and through addressing logical fallacies and research protocols. EN123 is a prerequisite (Fall, Spring).

EN222 Creative Writing (3)

This is an introductory creative writing course. Students will write poetry, drama, and fiction. Students will read examples, critique each other’s work, and complete various exercises designed to spark their imagination and stimulate their writing skills. (Fall, Alt.)

EN307AW American Literature: American West (3)

Few periods in any nation’s history have prompted so many novels, movies, legends, iconic figures and team mascots as the period from Lewis and Clark’s Voyage of Discovery (1804-1806) to the end of the open range following the winter of 1886-87. This course will examine two Wests, the real one revealed in Lewis and Clark’s journals and Osborne Russell’s Journal of a Trapper, and the West of the imagination, the West of early dime novels and “oaters,” and later, more historically astute, fiction. (Rotating)

EN307CW American Literature: Civil War (3)

This course goes behind the battles and timelines of America’s great struggle with itself to study what diarists, poets, fiction writers and orators had to say about the public and personal effects of The War Between The States. There is pain here, and anguish, anger and love, bitterness and hope, the voices of the patriot and the private and the nurse, and finally the voice of Walt Whitman mourning the death of Lincoln, the “western fallen star,” as the funeral train makes its slow journey across America to the tomb in Illinois. This class will chart not only the war reported in newspapers and history books, but the war recorded in the human heart. (Rotating)

EN307MA American Literature: Minority Authors (3)

Covering major African-American, Asian-American, Chicano, and Native-American literature in their historical contexts, this course also examines the silences perpetuated on minority writers. The class readings include novels and poetry. (Spring, Alt.)

EN307N American Literature: 19th Century (3)

Addresses the key ideas and major American writers of the nineteenth century. The boundaries of the study will be marked by the careers of Washington Irving, whose *The Sketchbook* was published in 1819, and Mark Twain. (Fall, Alt.)

EN3131 Poetry Writing (3)

Helps students improve their skills in a workshop format. Students will be coached on imagery and symbolism, voice,

tone, format, and editing. Students will analyze published poems and write various kinds of poetry. The course will guide students in market research and publication. The course will also include guest lectures from area poets. (Fall, Alt.)

EN3133 Short Story Writing (3)

Offers instruction in the production of short fiction. Students will be coached in such elements of fiction as setting, character, dialogue, action, and plot. In addition, students will learn professional skills in marketing short fiction, including market research, submission formatting and etiquette, and working with editors. (Spring, Alt.)

EN3134 Script and Screen Writing (3)

Students will be coached in the production of play scripts and screenplays. This workshop-formatted course will focus on dramatic story structure: including instruction in dialogue, setting, the arc of conflict, character development and revelation, and stage direction and screen action. The course will culminate in the presentation of scripts and screenplays during an evening of Readers Theatre. (Spring, Alt.)

EN323I English Literature: Irish (3)

A study of contemporary Irish literature, focusing on authors who have been actively publishing since the 1970s. Context for contemporary Ireland will allow for some study of James Joyce, but primarily the course will sample more modern novels and poetry. Authors studied will include Joyce, Deane, Doyle, Heaney, Eavan Boland, Edna O'Brien. (As needed)

EN323MA English Literature: Middle Ages (3)

A study of literature from the times of Beowulf to Malory with particular emphasis on Chaucer and Arthurian legend. Some of the Middle English will be read in the original, the rest in translation. (Spring, Alt.)

EN323NT English Literature: 19th and 20th Centuries (3)

Students will study the rise of Romanticism, the Victorian Age, and the sharp changes as England moved into the present. The course will stress both literary technique and the ideas that shook the world, as reflected in the literature. (Spring, Alt.)

EN323SN English Literature: 17th - 19th Century (3)

Covering English literature from the Restoration to the Romantics (1660-1832), this course traces the development of the novel, the rising middle class, the Age of Enlightenment, and the Age of Sensibility. Both dramatic and non-dramatic literature are covered, including works by Behn, Austen, Sterne, Fielding, Defoe, Pope, Dryden, Swift, Blake, Shelley, Wordsworth, and Keats. (Spring, Alt.)

EN323R English Literature: Renaissance (3)

Studies the great flowering of English literature during the Renaissance, from the Tudor period to the Restoration, but including the works of John Milton. Using both dramatic and non-dramatic works, this course will emphasize the literary technique and the new ways of thinking manifested by many of England's finest authors. (Rotating)

EN325 English Lit/World Lit: Masterpieces of Christian Literature I (3)

This course focuses on the major English Christian literary artists beginning with passages in the Bible through authors of the late 18th Century. The focus will be on influential English Christian writers, with particular emphasis on Chaucer, Spenser, the 17th century devotional poets and both Milton and Bunyan. Devotional material and other non-fiction works will be included as well as poetry ranging from lyric poetry to drama and the epic. (Alt. Fall or Spring)

EN343 Creative Writing Nonfiction (3)

Builds on skills developed and reinforced in EN123. In this course students produce narrative and reflective essays that grow out of personal experience. Course enrollment is limited to allow time for multiple drafts to be presented to the class for editing and discussion.

EN353 ML/HS Content Methods —Language Arts and Social Studies (3)

Examines the content of middle and high school language arts/social studies programs. Students explore current theory, methodology, and instructional materials for each field. The course involves collaboration, reading and sharing, and the development of a work sample and a teaching practicum. Prerequisite: Admittance in School of Education required. Corequisite: Currently enrolled in ED331 Instructional Alignment II or approval of director. *Cross-listed with ED581.* (Spring)

EN373 Literary Criticism (3)

Examines the writings of major literary critics from the ancient Greeks to the moderns. The major "schools" of criticism such as New Criticism, Reader-Response, Structuralism, Feminism, Psychoanalytic Criticism, Deconstruction, Marxism and New Historicism are also studied. Recommended for upper-division students. (Fall)

EN383 Nature and Structure of the English Language (3)

Examines the origins and development of English from medieval to modern times. Studies of syntactic, morphological, and semantic changes in the word stock. Development of British and American English. (Spring)

EN385 World Literature: Eastern European (3)

Explores questions of place, identity, sensibility, entitlement, voice and empowerment in the works of Polish writer Tadeusz Borowski; Czech writers Bohumil Hrabal and Ota Pavel; Latvian writers, Inga Abele and Valentin Jacobsons; Romanian writer, Herta Mueller; Hungarian writer, Imre Kertesz; and Jewish/Yiddish authors Isaac Singer and Sholem Alechem. (Fall, Alt.)

EN399H Honors Course (3)

Each academic year a course on a selected topic is offered to students of the Honors Program. Previous course topics have included Christ and Caesar, America Between World Wars, Slavery's Legacy, The Christian and Environment, The Holocaust, The Christian and War, etc. (Spring)

EN413S English Literature: Shakespeare (3)

Studies both Shakespeare's plays and his poems. The primary focus is to examine each for literary elements and to explore meaning from an historical and modern perspective. (Fall, Spring, Alt.)

EN423M2 English Lit/World Lit: Masterpieces of Christian Literature II (3)

Examines literature by major Christian writers beginning in the 18th Century and extending through the present day. Includes William Blake, Alfred Lord Tennyson, Christina Rossetti, Gerald Manley Hopkins, T. S. Eliot, Graham Greene, Dostoevsky, Tolstoy, Flannery O'Connor, George MacDonald, and C.S. Lewis and the Inklings, as well as various contemporary writers from throughout the world. (Spring)

EN433 Senior Capstone (0)

Provides an opportunity for a small group to investigate a designated author or work in depth. Students will prepare both short papers and a significant long paper or project. (Fall and Spring)

EN433DP English Literature: Devotional Poets (3)

Combines literature with the Christian faith, studying selections from the religious poetry of John Donne and George Herbert (17th century) and Christina Rossetti and Gerard Manley Hopkins (19th century). Students will learn how Christian doctrine and personal Christian experience blend with literary experience, as well as the place of devotional poetry within the context of both religious and secular poetry. (Spring, Alt.)

EN443 Specific Studies (2, 3)

An intensive study of a single important literary figure or genre. Offered on demand. (Fall and Spring)

EN443CS C. S. Lewis (3)

Covers an eclectic bundle of C.S. Lewis's work, paying special attention to philosophical and theological motifs.

EN443LL World Literature: Literature of Love (3)

This course offers a survey of the literary expressions of love from ancients to contemporaries. Begins with a chronological overview, then examines common themes, and concludes with a study of some of the notable genres of love poetry.

EN443MI Milton (3)

Examines Milton's literary sources, his contemporaries, his prose, and his creative influence on English poetry. Class sessions include close readings of his work and examinations of theological, historical and political contexts.

EN443JT J.R.R. Tolkien (3)

This course will focus on Tolkien's literary artistry with a view to understanding his conception of Christian myth and the impact of faith on imagination.

EN443WM World Literature: Western Mythology (3)

Because a large body of literature, art and scripture (e.g. Acts 14, 15 and 19) references myth, this course is designed to acquaint students with Greco-Roman mythology, the Arthurian stories, and the mythology of the Norse and Celtic traditions.

EN463NW Novel Writing (3)

This course is designed to look at both how stories are made to give students opportunities to engage in the crafting of longer fiction. Students will participate in writing exercises, critique each other's work, discover their writing style(s), and examine what it means to write from a biblical worldview. Students will outline a novel and will complete two chapters. (Spring, Alt.)

EN465 Advanced Creative Writing (3)

This course is an extension of the approaches practiced in Introduction to Creative Writing. Students will continue to explore ways of generating ideas for their work. Advanced Creative Writing is designed to offer Creative Writing majors the opportunity to continue to hone their skills as creative writers. In this course, students will choose one or more of the following genres (poetry, short story, literary nonfiction, or playwriting and/or screenwriting) and will study and practice that genre in depth. The instructor and the student will then craft an individual plan of study for the semester. Students will also learn the ins and outs of publishing. (Alt. Fall)

EN491-493 Special Topics in English (1-3)

Focused studies on specific issues in English or literature. Requires instructor and department approval.

EXERCISE SCIENCE**ES243 Care and Prevention of Athletic Injuries (3)**

Theoretical and practical approaches to sports training and conditioning, prevention, care and rehabilitation of activity related injuries. Prerequisite: SC234 w/lab and SC244 w/lab (Spring) Course fee: \$35

ES312 Motor Development (3)

A study of the human development relating to the acquisition of motor skills, patterns, and control throughout the life span. The content of the course is mainly based on reviewing historical and current research to establish normal sequence of development necessary for acquiring functional and specialized movements. The course also addresses factors impeding or facilitating normal motor development through the life span. (Fall)

ES313 Motor Learning (3)

A study of the process involved in learning movement in various activities and sports throughout the life span. Practical application of motor learning principles will include experiential activities in basic body management, body control, and fundamental motor skills. Analysis of movements based on perceptual concepts, mechanical principles, critical elements, and sequential progressions will be applied to foundational, advance, and rhythmic movement patterns. Emphasis of the lab will be on teaching, observing, and assessing the process of motor learning. (Spring)

ES401 Senior Research I (3)

This class begins with a study of appropriate activity-related research methodology. The course is a writing-intensive experience that includes an in-depth review of literature, a research proposal, letter of consent when necessary and references too many periods, an application for approval from the Human Subjects Review board. The student surveys the literature, gaining critical reading skills, and organizes existing knowledge into a written review. Writing technique is critiqued through both faculty and peer review. The research proposal is to be used as a springboard for research conducted in ES402 Senior Research II. (Fall) Course Fee:\$45

ES402 Senior Research II (3)

Experimental research is performed under the guidance and in the area of expertise of a faculty member that may include specialized topics in kinesiology/biomechanics, exercise physiology, nutrition, sport finance/budgeting, and physical activity. Students must have a pre-approved written proposal from Research I along with an accepted Human Subjects Review board document, carry out the research, write the thesis, and orally defend it at a research symposium. Application details can be obtained from the Junior Research Seminar instructor, faculty research advisor, or department chair. Prerequisites: MA223, ES401. (Spring) Course Fee:\$45

ES403 Therapeutic Exercise (3)

Methods, theories, and techniques in the rehabilitation of injuries to athletes and others engaged in physical activity. The evaluation of injuries relative to rehabilitation. The course includes basic components of a comprehensive rehabilitation program and theory and principles associated with the use of special evaluation/therapeutic exercise techniques. Laboratory experiences include practical use of manual testing techniques, goniometry, and the application of selected types of manual exercises. Prerequisites: SC234 w/lab, SC244 w/lab, ES423 (Fall) Course Fee: \$35

ES413 Nutrition (3)

A study of normal, sport and special population nutrition for all ages relating to physical development and health; functions of the food macronutrients, vitamins and minerals, hydration and their requirements for digestion, absorption, metabolism, and planning of normal diets. Nutritional programs for the sports-minded people; current carbohydrate loading procedures, pre, during and post competition nutrition, myths and fantasies. Special populations nutrition; obese, seniors, special needs youth and young adults. (Fall)

ES423 Physiology of Exercise (3)

Practical application of physiological principles relating to physical activity in exercise, conditioning and sport performance. Prerequisites: SC234 w/lab and SC244 w/lab. (Spring) Course Fee:\$45

ES443 Biomechanics (3)

Biomechanics is an introduction to mechanical, neuromuscular, and anatomical bases of human movement. The purpose of the course is to provide meaningful information concerning the biomechanical aspects of human performance in order to aid the instructor, exercise scientist, coach or therapist in evaluation and teaching of motor skills. The course provides an interdisciplinary approach to the quantitative and qualitative study of human motion, kinesiology, as it

relates to basic loco motor and advanced physical movements or skills. This course also provides a scientific basis for evaluating the safety of movement-related activities. The expected outcome of this course is that the student will be able to understand and utilize the course content to become a reflective practitioner. Prerequisites: SC234 w/lab and SC244 w/lab. (Fall) Course Fee:\$35

ES460-ES466 Internship/Field Experience (1-6)

Offered on demand after fall term of junior year. Practical professional experience within the sports and fitness management field, designed to give students on the job training while working under the supervision of professionals in public and/or private organizations. The internship is expected to provide students with experience in a wide variety of situations, planning, leadership, supervision, administration, evaluation, etc. Prerequisite: Junior standing and consent of instructor and program advisor. May be repeated for credit.

ES473 Exercise Prescription (3)

This course is the study of the theory and principles behind the development of exercise programs. Students will learn how to accurately assess and stratify, evaluate contraindications and disease risk, and develop individual exercise prescriptions based upon sound scientific research. Exercise prescriptions will be developed in accordance with the guidelines set forth by the National Strength and Conditioning Association and the American College of Sports Medicine. Students will sit for the ACSM cPT exam. HE401 will be required for the exam. Prerequisite: SC234 w/lab, SC244 w/lab, ES423. (Spring) Course Fee: \$35

ES483 Epidemiological and Health Determinants (3)

The main purpose of this course is to provide students with an understanding of how social factors contribute to racial/ethnic, socioeconomic and gender disparities in health and health care. Historical and current epidemiological studies and statistics will be used to examine the state of global and national health affairs. We will examine how relationships such as interpersonal forms of discrimination, marriage, and social ties may contribute to health disparities. We will also examine the ways in which neighborhood and community context, as well as inequalities in socioeconomic status materially shape health and access to health care services. Individual characteristics such as acculturation and patient preferences may also contribute to disparities and will be explored briefly, but are not a major focus of this course. (Spring) Course Fee:\$35

GREEK LANGUAGE

GR470, GR471 Greek I, II (4, 4)

An introductory course designed to instruct students in the fundamentals of grammar and the basic vocabulary essential for reading the New Testament in Greek. HP231TS or IS Professional Development in Activity (1)

This course is set up to challenge the Human Performance major to develop skills in an activity that is new to them. The student will learn the various skills of the activity and must meet a minimum proficiency. Knowledge of the activity, such as rules, strategies, and terminology are emphasized. The student will participate in drills and games. (Fall and Spring)

HP250 Health and Fitness (3)

This course explains the need for maintenance of a healthy lifestyle. Includes study of the relationship between nutrition and health and the effects of stress and cardiovascular disease upon the pulmonary and circulatory systems of the body. Students will be presented with current research related to health and wellness and will complete assessments of body composition and develop an exercise program to improve upon their current level of fitness.

HP321 Directing Experience in Exercise Activity (1)

This is a course for the student to put into practice the theory they learned in the ES473 (course). The student will assist an instructor with a fitness oriented activity course. Some of the duties will be to evaluate, teach exercises and concepts, monitor student progress, adjust programs, fitness test, develop forms for such tests, create a fitness test, and provide assistance where necessary to safe guard the clients. Prerequisite: ES473 and ES423. (Fall and Spring)

HP322 Coaching Sports: Theory and Practice (3)

An introductory course designed to aid the student in coaching children, adolescents, and adults. This course will examine the role and responsibility of the coach, psychological and physiological factors affecting sports participation, conditioning and training, coaching styles, teaching methods and public relations. In doing so, the students will begin to examine a sport of their choice and complete an analysis of fundamental skill development and team play, player selection, strategy, rules, planning and conducting practice sessions, coaching methods, conditioning, game preparation and team management for that sport. Attendance at appropriate sport clinics and practicum/internship experience may be required.

HP353 ML/HS Content Methods - Physical Education (3)

This course is designed to aid students in understanding, developing, and implementing the process of curriculum

design, teaching procedures, strategies, and program development in middle and high school level physical education departments. Emphasis is given to the principles and methods in planning, development of goals, objectives, preparation and use of materials and procedures in the class setting. *Cross-listed with ED586. Students may not receive credit for both HP353 and ED586.* (Fall)

HP381BK	Coaching Basketball (1)
HP381BB	Coaching Baseball (1)
HP381FB	Coaching Football (1)
HP381SO	Coaching Soccer (1)
HP381SB	Coaching Softball (1)

HP404 Internship: Coaching (4)

The course is designed to provide practical professional experience within the coaching field, designed to give students on the job training while working under the supervision of professionals in public and/or private athletic organizations. The internship is expected to provide students with experience in a variety of situations, planning, leadership, supervision administration, evaluation, etc. (Spring, Alt).

HP491-493 Special Topics in Human Performance (1-3)

Focused studies on specific issues in human performance. Requires instructor and department approval.

HUMANITIES**HU133 American Thought and Culture (3)**

This course provides a study of American history, literature, religion, philosophy, and fine arts, from the country's origins through the civil war. The aim is to encourage students to develop a rich, interdisciplinary consciousness of America's intellectual and cultural traditions.

This course provides a study of American history, literature, religion, philosophy, and fine arts, from the late nineteenth century to the contemporary period. The aim is to encourage students to develop a rich, interdisciplinary mindfulness of America's intellectual and cultural traditions.

HU193 Leadership and Worldview Seminar (2)

This course is designed to introduce students to the concept of 'worldview' thinking and analysis by applying principles derived from Christian apologetics and a study of selected philosophical worldviews driven by pluralism and relativism as contrasted and compared with a Christian worldview. Included is an introduction to general leadership concepts and how leadership can be exercised in the contemporary culture. Special attention will be

given to servant leadership. A variety of learning methods will be used including: textbook reading, newspaper articles, role playing and other experiential methods to promote learning. (Summer)

HU212 Fine Arts Appreciation (3)

A survey of painting, sculpture, architecture, and music throughout history; drama, dance, and literature will also be mentioned. The aesthetic qualities of significant works of art will be discussed from a Christian perspective. The prerequisite is a course in world history.

HU222 Reading the World and Searching for God (Through Art, Music, Myth and Poetry) (3)

In this course, students will study art, music, myth, and poetry from ancient times up through the 20th Century in their historical contexts, keeping in mind the three major worldview questions mankind has tried to answer from the beginning – Where do we come from? Why are we here? Where will we go when we die?

HU223 Art History of the Western World (3)

Lower Division Course: The Art History of the Western World course focuses on the major artists and art works, including sculpture, architecture, and painting, from ancient artifacts to the present day. The emphasis will be almost exclusively on western art. Particular focus will be given to what are considered the greatest artists and universally acknowledged masterpieces. (Fall and/or Spring)

HU233 Western Thought and Culture (3)

This course spans from ca. 3000 B.C. to ca. A.D. 1700. The course is designed to provide a basic framework for understanding the shared human experience, especially through the intellectual and cultural heritage of the western world. Selected elements of culture serve as the focal points of intellectual discourse. Of great interest will be the world views of various kingdoms and ethnic groups, specifically their prevailing concepts of human nature of God, and of beauty. Ultimately, the intention is to promote and enable meaningful Christian thinking as students consider their relationship to the worldviews and cultures.

HU243 Western Thought and Culture (3)

This course spans from ca. A.D. 1700 to the present. The course is designed to provide a basic framework for understanding the shared human experience, especially through the intellectual and cultural heritage of the western world. Selected elements of culture serve as the focal points of intellectual discourse. Of great interest will be the worldviews of various nation-states and ethnic groups, specifically their prevailing concepts of human nature, of God, and of beauty. Ultimately, the intention is to promote and enable meaningful Christian thinking as

students consider their relationship to these worldviews and cultures.

HU253 Sport in American Culture (3)

The course is designed to introduce the student to the historical overview of sport in America, along with cultural issues involved with sport in American society such as politics, business, media, education, religion, race, and gender. (Alt. years)

HU255 Shakespeare in Film and Performance (3)

Lower division course designed for non majors, focuses on the major film productions of Shakespeare's plays to the present day. Accordingly, the emphasis in this course will be divided between the reading the plays as text and connecting that to various performances, primarily in film but also to live performances, insofar as that is possible. Meets Gen Ed Humanities elective.

HU333 Great Britain Academic Tour (3)

This interdisciplinary course is designed with an overall theme of integrating history, literature, art, Christian spirituality and culture within the specific geographic context of England, Ireland, and Scotland. Students will have the opportunity to tour sites that date as far back as 3000 B.C., including, but not limited to the following: National Museum of Scotland, Holyrood, Stratford upon Avon, the Roman Baths, Stonehenge, Blenheim Palace, the Tower of London, the Globe Theatre, Oxford, Numerous castles, St. Patrick's Cathedral, Trinity College, and more... (Alt. Spring)

INTERCULTURAL STUDIES (MISSIONS)

IS110CT Cultural Intelligence for Future Leaders (3)

Cultural intelligence is the ability to comprehend cultural differences and to work effectively with people from a range of cultures. This course is designed to prepare future leaders for intercultural settings and contexts. *Limited to Camp 10 students.* Offered as needed.

IS350 Foundations of TESOL (3)

The English language is a valuable commodity in the world today. Because of this, teaching English has become an outreach strategy in the United States, and a missions strategy around the world. This course is part of a series of courses that equip students to teach English to adult speakers of other languages (TESOL). Topics include missiological perspectives on the use of TESOL, language acquisition theory, symbolic and pragmatic motivations for language learning, bilingualism and language interference, approaches to teaching adults cross-culturally, and an introduction to teaching for reading, writing, speaking and listening. CO363 recommended before enrollment. *Cross-*

listed with CO365. Students may not receive credit for both IS350 and CO365. (Alt. 2 years – Fall)

IS355 Literacy and Orality (3)

This course explores literacy as a technology of power and access, the cognitive and socioeconomic changes that accompany literacy, as well as examining the phenomenon and practices of orality. In practical application, this course considers orality and literacy as strategies for the communication of Scripture and the Gospel message, as well as implications for communication strategies in post-literate societies. (Alt. 2 years – Fall)

IS359 TESOL Practicum (3)

A guided hands-on classroom and tutoring experience with adult speakers of other languages. Exploration of teaching theories and skills using actual students. Course will utilize the Corban Language Institute's, English Language Intensive "Pathways" program to fulfill tutoring hours. Students will fulfill a certain number of hours of tutoring, with bi-weekly tutor meetings for troubleshooting, debriefing, guidance in methods and materials, and intercultural relationships. In addition, Corban TESOL certificate students may serve alongside qualified TESOL instructors in several community programs. The focus of the practicum is to use TESOL instructional skills as intercultural service. (Spring/Summer when needed)

IS421-428 Cross-Cultural Field Work (1-8)

Academic credit is available for supervised participation in a number of summer ministry programs. The program advisor will direct students in the course requirements. Application to the department must be prior to the summer ministry. Students are responsible to meet any mission agency requirements and raise financial support.

IS433 Contemporary Missions History (3)

This course fulfills an upper-division, elective for Intercultural Studies majors and minors and offered as an elective for other Christian Ministries, Bible, and Theology students. This course traces the progress of the Lord's Great Commission from the days of the Protestant Reformation to the present. The focus is upon key people, principles, practices, and movements that have served to advance the progress of the Great Commission. The course could also be offered as an elective for students of other disciplines at Corban. The course will be offered every two years.

IS435 Contemporary Missiological Issues (3)

This course presents the authoritative command of Christ to all believers to make obedient disciples as a pattern and priority of life and through a variety of ministry initiatives.

This course forms the basis for the believer's life and the process involved in growing as a disciple and of making disciples of others. This course provides the basic foundation for all of a believer's life and ministry endeavors, both within his or her own culture or in cross-cultural contexts.

IS437 Social Justice in Global Context (3)

Christian mission strategies have historically included developmental efforts in the areas of education and commerce, and mercy ministries in the areas of medicine and relief work. In addition, Christian outreach has a tradition of advocacy on the behalf of the powerless or marginalized, including women, children and slaves. This course will combine a brief historical overview of these efforts along with foundational concepts drawn from social sciences, and exploration of current best practices among Christian and secular organizations.

IS491-493 Special Topics in Intercultural Studies (1-3)

Focused studies on specific issues in human performance. Requires instructor and department approval.

INTERDISCIPLINARY STUDIES

ID101 Freshman Seminar (1)

Freshman Seminar is an activity-oriented course designed to expose students to strategies, techniques, and skills recommended by students and professionals. The course will encourage students to make academic, social, and spiritual adjustments that contribute to success in college. (Fall)

ID111 Student Success Seminar (1)

The purpose of this course is to prepare students for greater academic, professional, and personal success. The course addresses academic skills and explores personal and leadership development.

ID203 Student Leadership Development (3)

This course will combine theories and skills of leadership and counseling with practical application as each student leads 15-20 residential students. Students will gain awareness of and experience utilizing resources and methods to guide them in healthy conflict management, crisis intervention, spiritual formation, team management and event planning/coordination. (Fall)

ID211 Birds & Botany of Western Oregon (1)

This course is an introduction to identifying the birds and botany of Western Oregon. It teaches the student to recognize birds by sight and by sound. It focuses on bird and plant species found on the Corban campus as well as three local wildlife refuges. Enhancing a Christian philosophy of sound environmental stewardship is also an important emphasis within this course.

MATHEMATICS

MA103 Contemporary Math (3)

An introductory mathematics course designed to bring the variety and usefulness of mathematics to the non-specialist. The goal is to help students apply mathematics in problem solving and decision making for life, as well as to see God's power in nature through mathematics. (Fall and Spring)

MA103SP Contemporary Math (3) (Online)

An introductory mathematics course designed to bring the variety and usefulness of mathematics to the non-specialist. The goal is to help students apply mathematics in problem solving and decision making for life, as well as to see God's power in nature through mathematics. *Online Course*. Offered as needed.

MA113 College Algebra (3)

An algebra course with emphasis on practical applications. However, to get to these applications, certain branches of algebraic theory must first be conquered. These areas include properties of the real numbers, linear equations and their solutions, functions and graphs, polynomial and exponential functions, and conic sections. (Fall and Spring)

MA113SP College Algebra (3) (Online)

An algebra course with emphasis on practical applications. However, to get to these applications, certain branches of algebraic theory must first be conquered. These areas include properties of the real numbers, linear equations and their solutions, functions and graphs, polynomial and exponential functions, and conic sections. *Online Course*. Offered as needed.

MA133 Pre-Calculus (3)

This course provides a stepping stone to the Calculus sequence. It covers topics in and beyond College Algebra. A quick review of algebraic topics is surveyed, and then logarithmic, exponential and especially trigonometric functions are studied in detail. (Spring)

MA223 Statistics and Probability (3)

An introductory statistics course designed for students of average mathematical ability. Some programs require the

course, but some take it as a mathematics elective. The collection of data and its representation are studied through sampling techniques and graphs, while the analysis of the data is done through measures of central tendency, measures of variability, correlation, and hypothesis testing. (Fall, Spring)

MA223SP Statistics and Probability (3) (Online)

An introductory statistics course designed for students of average mathematical ability. Some programs require the course, but some take it as a mathematics elective. The collection of data and its representation are studied through sampling techniques and graphs, while the analysis of the data is done through measures of central tendency, measures of variability, correlation, and hypothesis testing. *Online Course*. Offered as needed.

MA233 Calculus I: Differential (3)

Differential Calculus is the study of concepts first discovered by Leibniz and Newton in the late 1600s. These areas concentrate on properties of functions, beginning with a short review of College Algebra, then on to limits, slopes of tangent lines, known as derivatives, and applications of the derivative. (Fall)

MA243 Calculus II: Integral (3)

This course is the second in the calculus sequence and begins with a study into finding areas under curves and the applications of such a process. The course also covers topics such as logarithmic, exponential, and inverse trigonometric functions. Prerequisite: MA233. (Spring)

MA253 Calculus III: Sequence, Series and Vector (3)

The second year of calculus begins with a study of infinite series and sequences. Green's theorem and Stokes' theorem are discussed as well. Once these have been mastered, the course focuses its attention on conic sections, vectors, and vector valued functions. Prerequisite: MA243. (Fall, odd years)

MA262 Calculus IV: Multivariable (2)

This course completes the calculus sequence. The math student will learn about multivariable calculus. These things include partial derivatives, multiple integration, and differential equations. *Enrollment is limited*. Prerequisite: MA253. (Spring, even years)

MA312 Theory of Numbers (2)

In this course, the mathematical properties of integers and the people who discovered them are discussed at length. These include Euclid's proof of the infinitude of primes, perfect numbers and their relation to Mersenne numbers, the Euler phi function, and Fermat's last theorem. Prerequisite: MA233 (Spring, odd years)

MA313 Higher Geometry (3)

A survey of various geometric topics and proofs. These include transformational geometry, topology, Euclidean and non-Euclidean geometry, integer geometry, and historical geometry proofs by the likes of Hippocrates and Archimedes. Prerequisite: MA233 (Fall, even years)

MA323 Linear Algebra (3)

This course deals with systems of linear equations and their relationship to vectors. It covers topics such as matrix algebra, determinants, vector spaces, eigenvalues and eigenvectors, and orthogonality. Prerequisite: MA233 (Spring, odd years)

MA333 Abstract Algebra (3)

Abstract Algebra begins with an introductory look at inductive proof and then leads to an in-depth study of algebraic systems including groups, rings, and fields. The applications of this course range from transformational geometry to cryptography. *Enrollment is limited.* Prerequisite: MA243 (Fall, even years)

MA353 ML/HS Content Methods-Mathematics (3)

The course focuses on “hands-on,” activity based mathematics and learning. A combination of classroom lecture, group activities, as well as the development and implementation of a 10-day work sample will provide students with a variety of experiences in preparation for teaching in a middle or high school classroom. Content will focus on the NCTM Standards’ Prerequisite: Admittance to School of Education required. Corequisite: ED331 Instructional Alignment II or approval of director. *Cross-listed with ED582. Students may not receive credit for both MA353 and ED582.* (Spring)

MA363 Topics in Discrete Mathematics (3)

This course is designed for mathematics and computer science majors and deals with a wide variety of mathematical topics. These include logic, proofs, set theory, algorithms, combinatorics, graph theory, and Boolean algebras. Prerequisite: MA223.(Spring, even years)

MA383 EC/EL Math I (3)

This course presents a balance of content (what math should be taught) and methods/materials (how it should be taught) for teaching mathematics at the early childhood and elementary school level. Hands-on manipulatives are emphasized. This course does not fulfill the college general education math requirement. Prerequisite: junior standing or consent of director. (Fall)

MA393 EC/EL Math II (3)

This course is a continuation of MA383, and continues to present both content and methodology for mathematics instruction at the early childhood and elementary school

level. The emphasis is a hands-on approach. Students prepare and teach a ten-day math unit in either a public or private elementary or middle school (in conjunction with ED323 and ED341). This course does not fulfill the college general education math requirement. Prerequisite: junior standing or consent of director. (Spring)

MA403 Math Analysis (3)

The ideas of Calculus and proofs are examined in greater detail in this course. These ideas include limits, sequences and series, convergence, differentiation, integration, and continuity. Prerequisite: MA243. (Fall, odd years)

MA453 Special Methods in Content Area (3)

This course is designed to help students develop specific teaching skills related to their individual content areas of expertise. Students will develop a complete teacher work sample.

MA491-493 Special Topics in Mathematics (1-3)

Focused studies on specific issues in mathematics. Previous courses offered have included Engineering and Math, Fibonacci Numbers, Math in Nature, etc. Requires instructor and department approval.

MILITARY SCIENCE

Courses are taken at either Oregon State University or Western Oregon University cross-registration. See Special Programs section of the catalog.

MUSIC EDUCATION**ME111 Supplemental Private Lessons (4)**

To further prepare the music educator, Music Education majors will take 4 semesters (1 credit each) of supplementary private lessons in Woodwinds, Brass, Percussion and Strings. Decisions about which instruments to study are made in conjunction with the student’s advisor. Fees 1 credit = \$336, \$361, \$376

ME Techniques Studies

Each techniques course focuses on preparation for teaching instrumental music at the elementary and secondary levels. Attention is given to the fundamentals of each instrument family, addressing common problems inherent in playing and teaching at a basic level. Music Education majors are to complete 4 of the 5 courses listed below:

- ME231 Percussion Techniques (1)
- ME241 Woodwind Techniques (1)
- ME251 Brass Techniques (1)
- ME261 String Techniques (1)
- MP171G Guitar Class (1)

ME202 Foundations of Music Education (2)

This course addresses foundational principles and practices for all music educators. Topics include classroom management, the history of music education, professional development, and developing one's philosophy of music education. Attention will be given to administrative operation of music education programs, curriculum design and implementation, and management of music materials and resources. Prerequisite: MU123, ED 102, any Instrumental Techniques course, and concurrent registration in ME300. (Spring)

ME300 Music Education Professional Activity (0)

Music education professional activity engages music education majors in professional organizations and activities. MU300 students are able to become involved in their future peer organizations, attend professional conferences and developmental seminars, and build connections with music education professionals. Membership fee is assessed each term.

ME343 Methods and Materials for Early Childhood and Elementary Level Music (3)

This course includes music education methods and materials for teaching amid the social and cognitive wonders of children pre-school through elementary age. Micro-teaching allows students to develop and demonstrate understanding of classroom management and teaching techniques for general music lessons and group treble singing. Students will survey the Oregon Department of Education's goals, state-adopted music curricula, budget planning, creating and teaching lessons, planning units of instruction, and research in music education. Field work may be required. Pre-requisite: ME202. (Spring, Alt. years)

ME353 Methods and Materials – Choral (3)

ME353 lays a solid foundation for the study and practice of teaching mixed, treble, and male choral ensembles in the middle and high school classroom. Topics include working with the changing voice, developing intonation, blend and balance, approaches to sight-singing, selecting repertoire, concert planning, personal teaching style, classroom management, unit planning and lesson teaching. Micro-teaching allows students to develop and demonstrate practical skills in addressing each of these areas. Field work may be required. Prerequisite: ME202. (Fall, Alt. years)

ME363 Methods and Materials – Instrumental (3)

This course provides a study of methods and materials for teaching instrumental music in grades five through twelve. The focus is on teaching secondary school band and orchestra. Specific content includes recruiting, instrument selection, beginning methods, rehearsal techniques, and classroom management for instrumental ensembles.

Micro-teaching allows students to develop and demonstrate practical skills in addressing each of these areas. Field work may be required. Prerequisite: ME202. (Fall, Alt. years)

MUSIC PERFORMANCE

MP Applied Music (private lessons) (1-2 credits)

Applied music lessons in voice, piano, guitar, organ and all orchestral instruments are offered through Corban. Students will be placed at appropriate level of study (MP090, MP100, MP200, MP300, MP400) based on their ability. (NOTE- MP090 study does not count towards the music major or music minor degree requirements) After several semesters of private study, the student may take a jury advancement examination to determine mastery of basic competence on the instrument (or voice). Passing this advancement exam allows the student to study at the upper division (300) level. Classes may be repeated for credit at each level. One credit is awarded for successful completion of a 30 minute lesson every week and a jury examination at the end of the semester. Two credits may be earned for a 60 minute lesson weekly and a jury exam. (Fall and Spring) Course fee: 1 credit hour = \$336;\$361, \$376; 2 credit hours = \$672, \$722, \$752

MP131 Keyboard Class I (1)

This class is an introduction to the piano keyboard designed to develop basic piano facility. The class is limited to 7 students per section. There is no prerequisite for this course (no prior instruction in piano is expected). (Fall and Spring)

MP141 Keyboard Class II (1)

This course offers technical studies and basic piano instruction, designed to develop general piano facility. Prerequisite: MP131 or consent of instructor. (Fall and Spring)

MP151V1 Voice Class I (1)

Students in this class will receive instruction in basic vocal techniques; recommended as preparation for private lessons or for basic information about using the voice. There is no prerequisite for this course. (Fall)

MP171G1 Guitar Class I (1)

This class offers basic instruction in playing the guitar and reading music. No previous experience is required. Students must provide their own instruments. (Fall and Spring)

MP171G2 Guitar Class II (1)

This course provides further instruction in playing the guitar. Prerequisite: MP171G1 or consent of instructor. (Fall and Spring)

MP231 Keyboard Class III (1)

This course provides instruction in technical studies and basic piano literature with an introduction to playing hymns and praise songs. Prerequisite: MP141 or consent of instructor. (Fall and Spring)

MP241 Keyboard Class IV (1)

Students will receive continued instruction in elementary piano literature, technical studies, and playing hymns and praise songs in this class. The successful completion of this course equips the student to pass the piano proficiency requirements. Prerequisite: MP231 or consent of instructor. (Fall and Spring)

MP312 & MP412 Private Conducting (2)

These private lessons in conducting are available to students who have completed MU342. (Fall and Spring) Fee \$620

MP312 & MP412 Applied Composition (2)

This is an opportunity for individualized instruction in composing and/or arranging music. Prerequisite: completion of MU223 and instructor approval. Fee \$310

MP351VE Vocal Ensemble (1)

Select small ensembles may be formed by audition. (Offered when needed)

MP351CC Chamber Choir (1)

The singers in Chamber choir are an auditioned select ensemble that focuses on the study and performance of significant choral repertoire. The choir performs on campus, in the community, and internationally. Members are expected to participate for the full year. May be repeated for credit. (Fall and Spring)

MP351CN Concert Choir (1)

All students are welcome to sing in Concert choir. The choir is non-auditioned and performs a variety of choral literature on campus and in the community. May be repeated for credit. (Fall and Spring)

MP371B Concert Band (1)

The concert band is an ensemble of brass, woodwind, and percussion players which performs standard band literature, hymn tune arrangements, and worship music. The course is open to all Corban students who have previous band experience. May be repeated for credit. (Fall and Spring)

MP371G Guitar Ensemble (1)

This ensemble is made up of guitarists of various levels of experience. Prerequisite: MP171G2 or permission of instructor. (Offered as needed)

MP371J Jazz Band (1)

The jazz band consists of brass, reed, and rhythm section players who perform jazz band literature, jazz combo literature as well as arrangements of hymns and praise songs. May be repeated for credit. (Fall and Spring)

MP371OR Chamber Orchestra (1)

The chamber orchestra is an ensemble of string players (violin, viola, cello, and bass) supplemented by other instruments as needed. They perform standard orchestral repertoire and other literature as selected by the director. This group may collaborate with the band or choirs for some performances. May be repeated for credit. (Fall and Spring)

MP381 Junior Recital (1)

A junior recital of approximately one-half hour may be given after two to three years of private study, based upon the approval of the music faculty. The student must be studying the instrument (or voice) in private lessons at the 300 or 400 level in the semester during which the recital is presented. Prerequisite: Completion of the Musicianship Core as a music major. (Fall and Spring)

MP481 Senior Recital (1)

A senior recital may be given by a performance major, following approval by the music faculty, after studying the instrument at the 400 level for one or more semesters and after presenting a junior recital. The program will last at least one hour and will include music from at least four different style periods. A singer will include songs in at least two languages other than English. The student must have studied privately in the performance area every semester and be enrolled for private lessons in the term of the recital. Prerequisite: MP381, Junior Recital. (Fall and Spring)

MP491 Off-Campus Ensembles (1)

Students may be given credit for participation in certain off-campus ensembles that do not duplicate or approximate ensemble opportunities on campus. Music faculty approval required.

MUSIC

MU102 Introduction to Music (2)

This course offers instructions in basic aspects of music including rhythm, pitch, notation, aural discrimination, sight reading, and keyboard orientation. No previous knowledge of music is required. (Offered as needed)

MU111AS Aural Skills I (1)

Students will build skills in sight singing and ear training at the beginning level. Emphasis is on the recognition and reproduction of intervals, scales, and triads, along with rhythmic exercises. Solfege and hand signs will be used. There is no prerequisite for this course. (Fall)

MU113 Music Theory I (3)

This course provides study of the basic harmonic elements of music, with emphasis on notation, scales, intervals, triads, key signatures, and beginning 4-part voice leading. Includes experience in the use of the computer for notating music. The student must be concurrently enrolled in MP131 or have demonstrated equivalent piano skills in an audition. The student must also be concurrently enrolled in MU111AS or have demonstrated mastery in a placement test. (Fall)

MU121AS Aural Skills II (1)

Students will receive further training in sight singing and ear training, utilizing intervals, scales, and triads in melodies. Rhythmic and melodic dictation will be included. Prerequisites: MU111AS or consent of instructor. (Spring)

MU122 Music Appreciation (3)

This class is a study of the elements of music as found in classical music literature of all historic periods. Music of other styles may also be sampled. Offered as needed.

MU122SP Music Appreciation (3) (Online)

This class is a study of the elements of music as found in classical music literature of all historic periods. Music of other styles may also be sampled. *Online Course*. Offered as needed.

MU123 Music Theory II (3)

This course explores elementary harmony, including the nature of triads, cadences, harmonic progressions, and non-harmonic tones as well as further study of voice leading. The student must be concurrently enrolled in MP141 and MU121AS or have demonstrated equivalent skills. Prerequisites: MU113, MU111AS. (Spring)

MU132 Technology in Worship Ministries (2)

This course explores the role of technology in corporate worship services. Students will become familiar with

operating sound systems, video systems, lighting systems, recording, MIDI, etc. (Spring)

MU160WA Worship Arts Practicum - Freshman (0)

The student will participate weekly in a local church ministry for a minimum of 2 hours per week during their freshman year. (Fall or Spring)

MU202 Introduction to Worship Studies (2)

This is a study of biblical, historical and cultural aspects of worship, enabling students to develop a broader understanding of worship. Field trips will be taken to explore different church worship traditions and philosophies and how they have developed historically. (Fall)

MU211AS Aural Skills III (1)

This is a continuing study of ear training and sight singing, including altered tones and melodic and harmonic dictation. Prerequisites: MU121AS and MP141 or consent of instructor. (Fall)

MU213 Music Theory III (3)

Students will continue to study harmony, including non-dominant seventh chords, altered non-harmonic tones and secondary dominants, modulations to closely related keys, and borrowed chords. The student must be concurrently enrolled in MP231 and MU211AS or have demonstrated equivalent skills. Prerequisite: MU123, MU121AS, and MP141. (Fall)

MU221AS Aural Skills IV (1)

This course provides advanced study of ear training and sight singing with melodic and harmonic dictation and harmony. Prerequisites: MU211AS and MP231. (Spring)

MU222 Music Charting (2)

This course offers an introduction to basic arranging techniques and an examination of the variety of music notation used in the church today, including writing for choirs, orchestra, piano/keyboards and rhythm section. The student will develop skills in the use of Finale or another faculty-approved notation program. Instruction in basic arranging techniques will be included. Prerequisite: MU213. (Spring)

MU223 Music Theory IV (3)

This is an advanced study of harmony, including modulation, borrowed chords, augmented 6th and Neapolitan 6th chords, 3rd relationships in harmony, and 9th, 11th, and 13th chords. The skills used in choral arranging will be discussed. The student must be concurrently enrolled in MP241 and MU221AS or have demonstrated equivalent skills. Prerequisites: MU213, MU211AS, and MP231. (Spring)

MU232 Lyric Diction (2)

Students will be introduced to correct diction for singing in English, Italian, Latin, German, and French, based on the use of the International Phonetic Alphabet. Prerequisite: MP111VOCA. (Offered when needed)

MU260WA Worship Arts Practicum - Sophomore (0)

The student will participate weekly in a local church ministry for a minimum of 2 hours per week during their Sophomore year. (Fall or Spring)

MU300 Musicianship Core (0)

This is not a course offered for credit, but a competency check that is a requirement for specific upper level music courses. The student will demonstrate competence in Music Theory, Piano Proficiency, private lessons (pass the 300 level jury exam), ensemble participation and minimum GPA in all music classes. Complete details are listed in the Music Student Handbook. (Fall and Spring)

MU312 Orchestration (2)

Students will examine the range, timbre and function of the instruments of the orchestra and smaller ensembles, and the challenges of writing and arranging for these instruments. Prerequisite: MU223. (Fall, Alt.)

MU313 Music History I (3)

This course is a study of the development of music from Old Testament times through the 18th century. The emergence of notation, polyphony, tonality, meter, harmony, and homophony will be examined. The ascendance of the major forms used in Western music will also be discussed. Prerequisite: MU123. (Fall)

MU322 Form and Analysis (2)

Students will examine and analyze the structural forms of music. Prerequisite: MU223. (Fall, Alt.)

MU323 Music History II (3)

Students will survey music in the 19th, 20th, and 21st centuries. Emphasis will be given to European and American composers and their works. Students will listen to recorded and live performances of significant music from these eras. Prerequisite: MU123. (Spring)

MU332 Conducting I (2)

This course provides an introduction to the basic patterns and skills of conducting, both choral and instrumental. Prerequisite: MU123. (Fall)

MU342 Conducting II (2)

This class offers further study of the techniques and skills of choral and instrumental conducting. Prerequisite: MU332. (Spring)

MU361 Worship Arts Internship – Junior (1)

The student will participate weekly in a local church ministry for a minimum of 3 hours per week. The intern must submit a written proposal signed by the local church supervisor to the Worship Arts director for approval before beginning the internship. Prerequisite: Completion of Musicianship Core. (Fall and Spring)

MU382 Worship Leadership (2)

This class will explore the many aspects of leading a worship ministry and examine the relationships within church leadership and the worship ministry. Emphasis will be on each student identifying the specific leadership qualities that God is nurturing in them. Prerequisite: TH312. (Fall, Alt.)

MU392 Song in Worship (2)

This course will explore the developing use of songs in corporate worship, including psalms, hymns, and contemporary songs. Students will survey the history of worship song from ancient times to the present. Resources for congregational songs will also be examined. Prerequisite: MU313 or consent of instructor. (Spring, Alt.)

MU403 Worship Planning and Administration (3)

Students in this class will explore and design worship services that incorporate various ways of worshipping together, including drama, music, preaching, video, testimony, prayer, and scripture reading. Issues that affect corporate worship will be examined. In addition, the class will study the administration of worship ministry: recruiting, managing people, budgets, paid staff, working on a pastoral staff, use of computers to manage the program, etc. Prerequisites: TH312 and MU382. (Fall, Alt.)

MU412 Choral Composition and Arranging (2)

Students will explore basic principles of writing choral music, arranging and adapting existing music for all vocal combinations from the solo to eight-part unaccompanied choir. Prerequisites: MU223. (Offered as needed)

MU413 Pedagogy and Literature (3)

This course provides an introduction to the principles of teaching music privately and administering a private studio. Instruction includes a survey of curricula, teaching repertoire, and standard performance literature. Observation of off-campus teachers may be required. Prerequisite: advanced standing as a music major, including completion of four or more semesters of private lessons in the area of concentration. (Offered when needed)

MU413GT Guitar Pedagogy and Literature

MU413OB Oboe Pedagogy and Literature

MU413PO Piano Pedagogy and Literature

MU413ST String Pedagogy and Literature

MU421 Christian Musicianship Seminar: Capstone (1)

This course is required for all music majors to be taken during the next to last semester at Corban University and is designed to help students write their Philosophy of Christian Musicianship. The class sessions will help students identify the influences that impact their approach to music and assist in constructing a clear philosophical statement of Christian Musicianship.

MU461 Worship Arts Internship – Senior (1)

The student will participate weekly in a local church ministry for a minimum of 3 hours per week. The intern must submit a written proposal signed by the local church supervisor to the Worship Arts director for approval before beginning the internship. Prerequisite: Completion of Musicianship Core. (Fall and Spring)

MU491 General Music Final Project (1)

A student doing a General Music final project should present a proposal to the advisor, describing the scope of the study or project and the method to be employed. After the advisor approves the proposal, the student will begin working on the project and will meet regularly for guidance and evaluation. At the end of the project, the student will write a reflection paper to record what was experienced and what was learned during the project. Prerequisite: Completion of Musicianship Core. (Fall and Spring)

MU493 Worship Arts Final Project (3)

A student doing a final project should present a proposal to the advisor, describing the scope of the study or project and the method to be employed. After the advisor approves the proposal, the student will begin working on the project and will meet regularly for guidance and evaluation. At the end of the project, the student will write a reflection recording what was experienced and what was learned during the project. Prerequisite: MU461. (Fall and Spring)

PHILOSOPHY

PH223 Logic and Rhetoric (3)

Students will study various aspects of logic, focusing especially on the construction of sound arguments and the recognition of fallacies.

PH243 Philosophy and the Fantastic (3)

This course invites a philosophical study of works in the realm of the fantastic broadly conceived, including the comic book imaginary, science fiction, and fantasy. The primary aim is to teach students how to approach such

texts from the standpoint of a mature and adventuresome Christian worldview.

PH253 Philosophy and Video Games w/ Lab (3)

This course invites a study of the ethical, aesthetic, epistemic, and ontological dimensions of video games, with a lab component wherein students play and theorize select games.

PH303 History of Philosophy (3)

Students will study key ideas in the history of philosophy, from ancient times to the contemporary milieu.

PH491-493 Special Topics in Philosophy (1-3)

Focused studies on specific issues in philosophy. Requires instructor and department approval.

POLITICAL SCIENCE

PO103 Introduction to Politics (3)

This survey course considers the nature, goals and processes of politics in theory and practice as understood through the sub-disciplines of Political Philosophy, Comparative Politics, International Relations, and American Government. Basic research methods used in political science will be introduced. Students will complete a 30 hour practicum as part of this course. (Fall)

PO203 American Government (3)

This course is an introduction to the structure and operation of the executive, legislative, and judicial branches of the American federal government as they have been formed by the Constitution and subsequent legislation. Priority is given to domestic affairs with lesser focus on foreign policy. (Fall)

PO213 Comparative Politics (3)

An examination of modern political systems using the comparative method to understand various governing structures and their underlying ideologies. Institutions for comparison include: parties, interest groups, civil society, elections, legislatures, judiciaries, and executives. (Alt. years)

PO223 State and Local Government (3)

A survey of the practical operation, contemporary issues and problems relative to government at the state and local level, especially related to Oregon. (Alt. years)

PO233 International Relations (3)

The examination of how relations are structured among sovereign states and international institutions. Special attention is given to the nature of the nation-state system, globalization, realism, liberalism, economic and political development, and regional politics. (Alt. years)

PO243 Political Philosophy (3)

This introductory course in the history of political thought examines such concepts as freedom, authority, and justice and related theories, as they are understood by representative modern and pre-modern political thinkers. (Spring)

PO271 – PO276 Internship (1 - 6)

This course is designed to provide the political science student with hands-on experience in a professional environment. Special attention is given to the student's application of classroom instruction to the work world. Students will complete at least 450-hours (9 credits) of internship before graduation through agencies related to the political world.

PO353 Political Ethics and Interest Groups (3)

This course applies philosophical ethics and political theory to practical issues associated with contemporary American politics, policy, and interest groups. Topics to be considered include interest group formation, organizational strategies, abortion, euthanasia, immigration, affirmative action, war, and distributive justice. Pre-requisites: PO243. (Spring)

PO423 Political Leadership (3)

This course examines political leadership through the lens of multiple leadership models, considering how cultural, ideological, economic, and political factors determine types of leadership opportunities. Focuses include leading through the use of hard and soft power; influencing political processes and bureaucratic structures with and without political authority and position; and preparing students to manage the challenges, stresses, and dangers of political leadership. (Fall)

PO433 Religion and Politics (3)

This course assesses the role of religion in politics globally. Special attention is given to evangelicals in modern U.S. politics, the history of church-state relations, and comparative models integrating religion and politics. (Alt. years)

PO464 Constitutional Law (3)

An examination of the historical development of the Constitution of the United State through practice and important court decisions. Special attention is given to judicial review, federalism, separation of powers, interstate commerce, the due process clause, and civil liberties. (Alt. years)

PO491-493 Special Topics in Political Science (1-3)

Focused studies on specific issues in political science. Requires instructor and department approval.

PO498 Political Science Research Seminar (3)

The course serves to tie together each student's unique course of study. Students will reflect on career goals and how to operate successfully as a Christian in politics. Students will be introduced to advanced political science research methods and will complete and present a major research project. (Spring)

PSYCHOLOGY**PS105 General Psychology (3)**

This course is an introduction to the scientific study of human behavior and will introduce students to many of the problems, methods, and findings of modern psychology, as well as provide a historical and Christian worldview perspective for these findings. This introductory course is a three credit prerequisite for all advanced psychology courses. (Fall and Spring)

PS105SP General Psychology (3) (Online)

This course is an introduction to the scientific study of human behavior and will introduce students to many of the problems, methods, and findings of modern psychology, as well as provide a historical and Christian worldview perspective for these findings. This introductory course is a three credit prerequisite for all advanced psychology courses. *Online Course.* Offered as needed.

PS205 Lifespan Development (3)

This course offers students a life-span approach to the physical, cognitive, psycho-emotional and spiritual/moral development of humans at various ages. Major developmental theories are examined in the light of a biblical perspective for human growth. (Fall and Spring)

PS205SP Lifespan Development (3) (Online)

This course offers students a life-span approach to the physical, cognitive, psycho-emotional and spiritual/moral development of humans at various ages. Major developmental theories are examined in the light of a biblical perspective for human growth. *Online Course.* Offered as needed.

PS207 Counseling Skills (3)

This course introduces students to theory and skills essential to effective interpersonal relations. Emphasis is placed on interviewing strategies for the analysis and assessment of family life issues for the purpose of appropriate educational recommendations. The outcomes are intended to enhance personal and professional growth. (Spring)

PS207SP Counseling Skills (3) (Online)

This course introduces students to theory and skills essential to effective interpersonal relations. Emphasis is placed on interviewing strategies for the analysis and assessment of family life issues for the purpose of appropriate educational recommendations. The outcomes are intended to enhance personal and professional growth. *Online Course.* Offered as needed.

PS208 Industrial Organizational Psychology (3)

This course is designed to develop students' awareness of the application of psychology in organizations and industries.

PS208SP Industrial Organizational Psychology (3) (Online)

This course is designed to develop students' awareness of the application of psychology in organizations and industries. *Online Course.* Offered as needed.

PS215 Social Psychology (3)

This course is a study of human thought, emotion, and behavior in an interpersonal context. (Fall)

PS215SP Social Psychology (3) (Online)

This course is a study of human thought, emotion, and behavior in an interpersonal context. *Online Course.* Offered as needed.

PS218 Community Agency Counseling (3)

This course introduces students to the field of social work, and focuses specifically on the helping relationship and available community resources. Course content involves assessing, evaluating and referring individuals, groups, and families to appropriate agencies.

Course content involves assessing, evaluating and referring individuals, groups, and families to appropriate agencies. *Online Course.* Offered as needed.

PS225 Statistics for the Behavioral Sciences (3)

A study of basic statistical procedures for psychological research, including correlation, bivariate regression, t-tests, analysis of variance (one-way and factorial), and several nonparametric procedures. Prerequisite: PS105 (Fall)

PS225SP Statistics for the Behavioral Sciences (3) (Online)

A study of basic statistical procedures for psychological research, including correlation, bivariate regression, t-tests, analysis of variance (one-way and factorial), and

several nonparametric procedures. Prerequisite: PS105. *Online Course.* Offered as needed.

PS228SP Neurodevelopment and Wellness (3) (Online)

This course examines theories and research of brain development and wellness and how it is related to living, loving, learning, struggles, and success. Includes specifics on brain systems, mental health, disabilities, and related psychiatric disorders. Also includes strategies and methods to nourish brain development and optimize its function to enhance behavioral, social, physical, and spiritual growth.

PS235 Social Science Research Methods (3)

An examination of the research methods of psychology and the philosophy behind their use and an opportunity to apply these skills in research. Prerequisite: PS105, PS225 or MA223. (Spring)

PS235SP Social Science Research Methods (3) (Online)

An examination of the research methods of psychology and the philosophy behind their use and an opportunity to apply these skills in research. Prerequisite: PS105, PS225 or MA223. *Online Course.* Offered as needed.

PS305 Personality Theories (3)

PS305SP Personality Theories (3) (Online)

This course is the study of classical theories of personality. These theories are critiqued from both a scientific and biblical perspective. *Online Course.* Offered as needed.

PS306 Learning and Memory (3)

Examines learning through the Pavlovian and Skinnerian traditions from the early twentieth century up to the present day. Students will apply their course learning outside the classroom. Prerequisite: PS105 (Fall, odd years)

PS307 Human Sexuality (3)

This course investigates the biblical basis of sexuality. A basic introduction to human sexuality, counseling for sexual issues, and a theology of sex will be addressed. Special issues in sexuality will be discussed, as well as, the basics of sexual biology and psychology, sexual development, and sexual dysfunction. Students will also be challenged in their biblical analysis of special issues in sex research. (Fall)

PS307SP Human Sexuality (3) (Online)

This course investigates the biblical basis of sexuality. A basic introduction to human sexuality, counseling for sexual issues, and a theology of sex will be addressed. Special issues in sexuality will be discussed, as well as, the basics of sexual biology and psychology, sexual development, and sexual dysfunction. Students will also be challenged in their biblical analysis of special issues in sex research. *Online Course*. Offered as needed.

PS308 Psychology of Addiction (3)

This course examines the causes, process, and treatment of addiction and the impact that addiction has on the individual, family, and social systems. Attention is given to the background and history of drug use and behavior with an emphasis on identification of the key components of addiction, its process, and treatment. A variety of treatment philosophies will be examined, as well as, types of resources available to families and the individual. (Fall, even years)

PS308SP Psychology of Addiction (3) (Online)

This course examines the causes, process, and treatment of addiction and the impact that addiction has on the individual, family, and social systems. Attention is given to the background and history of drug use and behavior with an emphasis on identification of the key components of addiction, its process, and treatment. A variety of treatment philosophies will be examined, as well as, types of resources available to families and the individual. *Online Course*. Spring, even years.

PS309 Forensic Psychology (3)

This course is intended for advanced undergraduate psychology and criminal justice majors who are interested in forensic psychology. This course will explore the application of psychological science to legal matters. Special attention will be given to developing an understanding of the most prevalent mental disorders that are encountered in forensic evaluations and how forensic psychologists assist judges and juries in determining criminal responsibility and punishment. Students will learn about the insanity defense, capital murder and the death penalty, competency to stand trial, and child custody matters. Additional topics to be covered include the psychological underpinnings and motivations for sexual offenses, murder, active shooter and repeated criminal behavior. Prerequisite: PS105

PS315 Abnormal Psychology (3)

This course Introduces students to the theoretical and practical aspects of abnormal behavior. Students will become familiar with the vocabulary, major classifications, major theoretical frameworks, differential diagnosis, and practical aspects of mental illness. Prerequisite: PS105.

(Spring)

PS315SP Abnormal Psychology (3) (Online)

This course Introduces students to the theoretical and practical aspects of abnormal behavior. Students will become familiar with the vocabulary, major classifications, major theoretical frameworks, differential diagnosis, and practical aspects of mental illness. Prerequisite: PS105. *Online Course*. Offered as needed.

PS318 Psychology of Women (3)

This class will study research concerning the psychology of women. Students will analyze social, cultural, historical, and spiritual influences on individual psychology.

PS325 Sensation and Perception (3)

A survey of the current scientific models, concepts, and integrative theories that encompass the field of human sensory and perceptual studies, with a special emphasis on the neurological and cognitive features of vision. Prerequisite: PS105. (Spring, odd years)

PS325SP Sensation and Perception (3) (Online)

A survey of the current scientific models, concepts, and integrative theories that encompass the field of human sensory and perceptual studies, with a special emphasis on the neurological and cognitive features of vision. Prerequisite: PS105. *Online Course*. Offered as needed.

PS328 Family Systems (3)

This course introduces the student to various models of family therapy used today. Structural and strategic family therapies will be presented, as well as multigenerational family therapy and experiential family therapy. Each approach will highlight key figures in the field and their models will be discussed from a Christian counseling perspective. Specific issues of working with families will be highlighted. (Fall, odd years)

PS328SP Family Systems (3) (Online)

This course introduces the student to various models of family therapy used today. Structural and strategic family therapies will be presented, as well as multigenerational family therapy and experiential family therapy. Each approach will highlight key figures in the field and their models will be discussed from a Christian counseling perspective. Specific issues of working with families will be highlighted. *Online Course*. Offered as needed.

PS335 Counseling Theories (3)

This course introduces the student to various theories of counseling in use today, including psychodynamic, behavioral humanistic and family system approaches. Key figures in the field will be highlighted and their theories will be examined from historical, scientific and biblical perspectives. (Fall)

PS335SP Counseling Theories (3)

This course introduces the student to various theories of counseling in use today, including psychodynamic, behavioral humanistic and family system approaches. Key figures in the field will be highlighted and their theories will be examined from historical, scientific and biblical perspectives. *Online Course*. Offered as needed.

PS406 History and Philosophy of Psychology (3)

An examination of the historical development of the field of psychology with specific emphases on its relationship with science, its engagement with Christian religious belief and practice, and its role as an intellectual force in Western culture. Junior or Senior classification. Prerequisite: PS105 or approval of instructor (Spring, odd years)

PS407 Marital/Premarital Counseling (3)

This course will consider the dynamics of the marital relationship as well as the premarital. The dynamics of these relationships will be explored and considered in the counseling process and discussed from a Christ-centered perspective. It will encompass the varying strategies and techniques that are utilized in the counseling process. A premarital counseling model will be developed by each student. Biblical counseling models as well as alternatives to traditional therapy approaches will be discussed. (Fall)

PS407SP Marital/Premarital Counseling (3) (Online)

This course will consider the dynamics of the marital relationship as well as the premarital. The dynamics of these relationships will be explored and considered in the counseling process and discussed from a Christ-centered perspective. It will encompass the varying strategies and techniques that are utilized in the counseling process. A premarital counseling model will be developed by each student. Biblical counseling models as well as alternatives to traditional therapy approaches will be discussed. *Online Course*. Offered as needed.

PS408 Trauma Therapy (3)

This course introduces various theories of crisis counseling and trauma therapy, such as critical incident stress management (CISM) and debriefing (CISD). A second emphasis is trauma models of therapy: trauma and dissociation, assessments, treatments, and therapies. Special cases will focus on grief, sexual assault, sexual abuse, and relational trauma. (Spring)

PS408SP Trauma Therapy (3) (Online)

This course introduces various theories of crisis counseling and trauma therapy, such as critical incident stress management (CISM) and debriefing (CISD). A second emphasis is trauma models of therapy: trauma and dissociation, assessments, treatments, and therapies. Special cases will focus on grief, sexual assault, sexual abuse, and relational trauma. *Online Course*. Offered as needed. Prerequisite: PS105.

PS415 Internship (3)

This course blends the undergraduate major's experience in a real-world, supervised employment, or volunteer work setting with the student's best effort to reflect on that experience in the context of their academic discipline. In other words, a successful Internship experience should promote learning – learning to do well in the workplace but also learning how the scholarly discipline of psychology is connected to that work. The successful experience will also position the student more favorably for graduate study or a professional career following graduation. Junior or Senior classification. Prerequisite: PS105. (Fall and Spring)

PS415SP Internship (3) (Online)

This course blends the undergraduate major's experience in a real-world, supervised employment, or volunteer work setting with the student's best effort to reflect on that experience in the context of their academic discipline. In other words, a successful Internship experience should promote learning – learning to do well in the workplace but also learning how the scholarly discipline of psychology is connected to that work. The successful experience will also position the student more favorably for graduate study or a professional career following graduation. Junior or Senior classification. Prerequisite: PS105. *Online Course*. Offered as needed.

PS418 Group Dynamics (3)

This class is an examination of various aspects of groups, including stages of group formation, group structure, roles, and leadership styles. Theories of group process are presented. Some assessments for personal group style are presented and implemented. The purpose of the course is to increase students' skills in a group setting.

PS425 Advanced Research Lab (3)

This course is designed to be a continuation of PS235 (Social Science Research Methods). This course will further a student's knowledge and experiences in the area of empirical research psychology. In addition to critically evaluating current literature, students will be required to design, conduct, analyze, and report the results of a semester-long project. Practical and ethical considerations of actually conducting a research project will be

emphasized. Prerequisite: PS105, PS235. Offered as needed.

PS438SP Psychology of Death and Dying (3) (Online)

This course will introduce lifespan development and the final stages of the process of Death and Dying. Students will compare and contrast historical and modern attitudes toward death and dying found in literature, rituals, religion, philosophy, film, medico-legal issues, and in the process of clarifying the attitudes and values of diverse peoples. *Online Course.* Offered as needed.

PS491-493 Special Topics in Psychology (1-3)

This course includes a variety of focused studies on specific issues related to psychology and Christianity.

PS495 Psychology and Christianity (3)

This course is an overview of some basic approaches to the integration of psychological science with Christian truth. The two do not always correspond. This interdisciplinary integration is explored through various models that scholars have attempted to use. Students will engage in thoughtful discussion on difficult integrative topics and develop their own perspectives and convictions regarding integration. Requires Senior status. Prerequisite: PS105. (Spring)

PS495SP Psychology and Christianity (3) (Online)

SCIENCE

SC114 Biology I: Cell Biology and Genetics (3)

Biology I is a survey of principles of molecular and cellular biology. The following topics are covered in this course: the process of scientific research, chemistry of life, metabolism, cellular structure and function, the cell cycle, meiosis, and genetics. Concurrent enrollment in SC114L is required. (Fall) *Enrollment restricted to Health Science majors or by approval of instructor.*

SC114L Biology I Lab (1)

This laboratory course involves “hands-on” opportunities to investigate principles related to cell structure, the cell cycle, meiosis, transmission genetics and molecular genetics. Concurrent enrollment in SC114 is required.

Enrollment restricted to Health Science major or by approval of instructor. Lab fee: \$60 (Fall)

SC124 Biology II: Organismal Biology (3)

Biology II is a survey of principles of organismal biology. The following topics are covered during this course: viruses, prokaryotes, protists, animal nutrition, circulation, respiration, defenses of the body, regulation of the internal environment, chemical signals and animal reproduction. Concurrent enrollment in SC124L is required. Prerequisite: SC114 (Spring) *Enrollment restricted to Health Science majors or by approval of instructor.*

SC124L Biology II Lab (1)

This laboratory course involves “hands-on” opportunities to investigate biological principles related to various taxonomic groups and human anatomy and physiology. Concurrent enrollment in SC124 is required. (Spring) Lab fee:\$60. *Enrollment restricted to Health Science major or by approval of instructor.* (Spring)

SC133 Scientific Inquiry: Physical Sciences (3)

This course focuses on the nature and practices of science. The course also presents the history and context for the development of understanding of astronomy, physics, and chemistry through studies of selected topics. Energy is a unifying theme of these topics. Through the study of God’s creation, the student will also be challenged to better understand their Creator. Specific subject knowledge will be developed and applied. Concurrent enrollment in SC133L is required. Note: This course may not be taken by Health Science majors. (Fall and Spring)

SC133L Scientific Inquiry: Physical Sciences Lab (0)

Students will complete 12 laboratory experiments investigating the physical sciences. The experiments will emphasize the application of the scientific method. Concurrent enrollment in SC133 is required. Lab fee: \$60

SC143 Scientific Inquiry: Life Sciences (3)

Scientific Inquiry: Life Sciences students will apply scientific methodology and problem solving in the study of biological concepts. The course examines the origin of life, the classification of life, the characteristics of life, cellular processes, body systems, genetics and the omnipotence of God, the Creator. Concurrent enrollment in SC143L is required. (Fall and Spring) Note: This course may not be taken by Health Science majors.

SC143L Scientific Inquiry: Life Sciences Lab (0)

Students will conduct laboratory investigations and activities utilizing scientific methodology. Concurrent enrollment in SC143 is required. Lab fee: \$60 (Fall and Spring)

SC143SP Scientific Inquiry: Life Sciences and Lab (3) (SPS)

Scientific Inquiry: Life Sciences students will apply scientific methodology and problem solving in the study of biological concepts. The course examines the origin of life, the classification of life, the characteristics of life, cellular processes, body systems, genetics and the omnipotence of God, the Creator. *Online Course*. Offered as needed.

SC213 Biology of Plants and Animals (3)

This course is an examination of the protozoans, invertebrates, vertebrates, cyanobacteria, algae, fungi, bryophytes, seedless vascular plants, gymnosperms, and angiosperms. Prerequisites: SC114, SC124 (Fall) Note: This course may not be taken by Health Science majors.

SC214 General Chemistry I (3)

Chemistry is the study of the structure of matter. This survey course covers principles, concepts, and methods which are basic to the study of chemistry. Topics include atomic structure; stoichiometry; gases, liquids, and solids; reaction processes, chemical energy, and bonding theories and concepts. Concurrent enrollment in SC214L is required. (Fall) *Enrollment restricted to Health Science majors or by approval of instructor*. (Fall)

SC214L General Chemistry I Lab (1)

Laboratory experiments are used to demonstrate chemical principles. Activities will investigate reaction processes, apply atomic theories and energy concepts, and utilize stoichiometry. Concurrent enrollment in SC214 is required. Lab fee: \$60. *Enrollment restricted to Health Science majors or by approval of instructor*. (Fall)

SC224 General Chemistry II (3)

Chemistry is the study of the structure of matter. This survey course will investigate evidence for the atomic theory of matter and will seek to interpret and apply atomic theories. Topics of study include kinetics; equilibrium, acids, bases, and buffers; electrochemistry; nuclear chemistry; organic and biochemistry; and characteristics of element groups. Concurrent enrollment in SC224L is required. Prerequisite: SC214 (Spring) *Enrollment restricted to Health Science majors or by approval of instructor*. (Spring)

SC224L General Chemistry II Lab (1)

Laboratory experiments demonstrate and investigate chemical principles. The activities will investigate reaction processes, apply atomic theories and energy concepts, and utilize stoichiometry. Concurrent enrollment in SC224 is required. Lab fee: \$60. *Enrollment restricted to Health Science majors or by approval of instructor*. (Spring)

SC234 Human Anatomy and Physiology I (3)

A study of the structure (anatomy) and function (physiology) of the human body. Topics to be covered include: the chemical basis of life, cell structure and metabolism, tissues, the integumentary system, skeletal system, muscular system, nervous system, and endocrine system. Concurrent enrollment in SC234L is required. (Fall)

SC234L Human Anatomy and Physiology I Lab (1)

The laboratory course provides students with a hands-on investigation of cells, tissues, the integumentary system, skeletal system, muscular system, nervous system, and endocrine system. Concurrent enrollment in SC234 is required. Lab fee: \$60. (Fall)

SC244 Human Anatomy and Physiology II (3)

A study of the structure (anatomy) and function (physiology) of the human body. Topics to be covered include the cardiovascular system; lymphatic system and immunity; respiratory system; digestive system; metabolism and nutrition; urinary system; fluid, electrolyte, and acid-base balance; reproductive system; and development and inheritance. Concurrent enrollment in SC244L is required. Prerequisite: SC234 and SC234L (Spring)

SC244L Human Anatomy and Physiology II Lab (1)

The laboratory course provides students with a hands-on investigation of the cardiovascular system, lymphatic system, respiratory system, digestive system, urinary system, and reproductive system. Prerequisite: SC234 & 234L Concurrent enrollment in SC244 is required. Lab fee: \$60. (Spring)

SC252SP Human Genetics (3) (Online)

This course is an examination of the basic principles of human genetics including the following topics: cell cycle, mitosis, meiosis, Mendel's Laws, Non-Mendelian genetics, sex determination and sex-linkage, molecular genetics, and various genetic technologies. A laboratory component is involved. *Online Course*. Offered as needed.

SC262 Bioethics (3)

Bioethics examines issues of science and bioethics related to the beginning-of-life, the end-of-life, and genetic technologies. (Spring, Alt.)

SC264 Intro to Microbiology (3)

This course is a lower division course in which students will study the functional anatomy of bacteria, viruses, how to culture and control their growth, and how to recognize the signs and symptoms of disease. Concurrent enrollment in Intro to Microbiology lab required. Pre-requisites: SC114, SC214 (Spring)

SC264L Intro to Microbiology Lab (1)

This course is a lower division laboratory section in which students will study the functional anatomy of bacteria, viruses, how to culture and control their growth, and how to recognize the signs and symptoms of disease. Concurrent enrollment in Intro to Microbiology required. Lab fee: \$60 (Spring)

SC271 Introduction to Literature Review (1)

Students will develop their skills and knowledge of scientific methodology, critical thinking, science reading, and science communication. This course specifically helps students to improve their science literacy and presentation skills. Prerequisites: SC114, SC124. (Fall)

SC273 Introduction to Forensic Science (3)

Forensic science applies science to the law and encompasses numerous scientific disciplines. This course will introduce students to scientific methods and applications of analytical data to form appropriate conclusions in the analysis of physical evidence. This course will cover such areas as latent finger print collection and identification, serology/blood spatter analysis, toxicology, autopsy analysis, chromatography (drugs and toxins), DNA analysis and other related areas. The course will also include a segment on the reality of forensic science vs. Hollywood, crime scene documentation and investigation ethics. This course includes a lab where students will practice hands-on methods of identifying, collecting and analyzing forensic evidence. Prerequisites: PS105, CJ103.

SC304 Medical Microbiology (3)

This course involves an examination of functional anatomy of bacteria, viruses, fungi and protozoans. Topics such as pathogenicity, microbial control, epidemiology, and immunology are covered. The infectious diseases of the various body systems are also covered. Concurrent enrollment in SC304L is required. Prerequisites: SC114, SC124, SC214, SC224 (Fall)

SC304L Medical Microbiology Lab (1)

This laboratory course involves an examination of various microorganisms, methods of staining, culturing and isolating bacteria and an examination of the medical applications of various laboratory techniques. Concurrent enrollment in SC304 is required. Lab fee: \$60 (Fall)

SC314 Organic Chemistry I (3)

Organic Chemistry provides an examination of the basic principles of organic chemistry. The emphasis is on molecular structure, reactions of functional groups, and mechanisms of reactions. Concurrent enrollment in SC314L is required. Prerequisite: SC224 (Fall)

SC314L Organic Chemistry I Lab (1)

Organic Chemistry Lab provides experiences in techniques used in the study of organic chemistry and in organic reactions through the analysis and synthesis of organic compounds. Laboratory experiments will be conducted on both micro and macro scales. Concurrent enrollment in SC314 is required. Lab fee: \$60 (Fall)

SC324 Organic Chemistry II (3)

Organic Chemistry provides an examination of the basic principles of organic chemistry. The emphasis is on molecular structure, reactions of functional groups, and mechanisms of reactions. Concurrent enrollment in SC324L is required. Prerequisite: SC314 (Spring)

SC324L Organic Chemistry II Lab (1)

Organic Chemistry Lab provides experiences in techniques used in the study of organic chemistry and in organic reactions through the analysis and synthesis of organic compounds. Laboratory experiments will be conducted on both micro and macro scales. Concurrent enrollment in SC324 is required. Lab fee: \$60 (Spring)

SC334 MCAT PREP-KAPLAN (3)

This is an upper division Health Science course that is designed to prepare students for the Medical College Acceptance Test. The course is taught by trained Kaplan Test Prep Instructors and uses Kaplan's MCAT curriculum. The course is designed along the American Association of Medical Colleges' MCAT test blueprint, including its 10 foundational concepts, 31 content categories, and 4 scientific inquiry and reasoning skills. Each lesson focuses on a collection of specific learning outcomes based on the MCAT 2015 exam design. This is a Pass/Fail Course. Course Fee: \$1,600

SC343 Health Care Practice (3)

This is an upper division Health Science course designed to train and equip students in the basics of health care, to prepare them to assess and promote sustainable community-based health practices in the developing world. Upon completion of this course, students will have the opportunity to travel to support medical professionals in providing health care services to the people of Haiti. Each year, during the fall semester, students must apply and be accepted as part of the Haiti Medical Mission team in order to take this course.

SC353 ML/HS Content Methods (3)

ML/HS content methods focuses on “hands-on” activity based science learning. Students will develop and implement a 10 day work sample and participate in other exercises in preparation for teaching biology in a middle or high school classroom. Note: This course may not be taken by Health Science majors. Prerequisite: Admittance in School of Education required. Co-requisite: ED331. *Cross-listed with ED583. Students may not receive credit for both SC353 and ED583.* (Spring)

SC364 General Ecology (3)

This course builds an understanding of general ecology through real world applications. Topics include the interactions between organisms and biotic/abiotic environments, the integration of interactions within a technological world, environmental issues and ethics, and interrelationships of humanity with the world and its natural resources. Prerequisite: SC124. Note: This course may not be taken by Health Science majors.

SC374 Genetics (3)

This course examines Mendelian genetics, the chromosomal basis of inheritance, non-Mendelian genetics, genetic mapping, mutations and DNA repair, gene expression, gene regulation, and biotechnology. Concurrent enrollment in SC374L is required. Prerequisites: SC114, SC124, SC214, SC224. (Spring)

SC374L Genetics Lab (1)

The laboratory course involves experimentation and analysis of genetic principles in the areas transmission genetics and molecular genetics. Concurrent enrollment in SC374 is required. Lab fee: \$60 (Spring)

SC381 Genetic and Reproductive Technologies (1)

This course is an examination of genetic and reproductive technologies and the issues related to them. Included in this course will be an examination of the moral status of embryos and fetuses. The effect of the legislative regulation of reproductive technologies will also be explored. Students will develop a personal, philosophical framework for evaluating genetic and reproductive technologies. Prerequisites: SC114, SC214. (Offered when needed.)

SC391 Scientific Research Experience (1)

This upper division course designed is for Health Science students to perform research projects under the guidance of a faculty member from the Science department. This upper division course designed is for Health Science students to perform research projects under the guidance of a faculty member from the Science department. Registration for credit can only be made after the formal research plan is approved by the supervising faculty

member and the department chair.

SC4031 Biochemistry (3)

Chemistry of biological systems: amino acids, proteins, enzymes and catalysis; carbohydrates, lipids and membranes; metabolism and its regulation; gene structure, replication and expression. Prerequisites: SC114, SC124, SC435, SC314, SC324 or co-requisite enrollment in SC324, with permission of instructor. (Spring, Alt)

SC412 Advanced Physiology I (3)

This course will cover the topics of cellular communication, neurology, endocrinology, and reproductive physiology. Principles of homeostatic operation, regulation, and integration from the cellular to the organismal level are emphasized. Content will include how pathophysiological mechanisms disturb homeostasis and result in disease. Prerequisites: SC114, SC124, SC214, SC224, SC234, SC244. (Fall)

SC414 Physics I (3)

Physics I focuses on the study of energy within mechanics, heat, kinetic theory, and sound. The use of vector descriptions and computations will be emphasized. The course requires proficiency in the use of algebra and trigonometry. Concurrent enrollment in SC414L is required. (Fall)

SC414L Physics I Lab (1)

Physics I Lab provides the student with hands on investigation of moving objects, forces, thermodynamics, and mechanical waves. Students will design experiments, collect and analyze data, and prepare lab reports. Concurrent enrollment in SC424 is required. Lab fee: \$60 (Fall)

SC422 Advanced Physiology II (3)

This course will cover the topic of cardiovascular physiology, respiratory physiology, and renal physiology. Principles of homeostatic operation, regulation, and integration from the cellular to the organismal level are emphasized. Prerequisites: SC114, SC124, SC214, SC224, SC234, SC244. (Spring)

SC424 Physics II (3)

Physics II focuses on the study of energy related to electricity, magnetism, optics and modern physics. Field theories will be emphasized. The course requires proficiency in the use of algebra and trigonometry. Concurrent enrollment in SC424L is required. (Spring)

SC424 Physics II Lab (1)

Physics II Lab provides the student with hands-on investigation and applications of electricity, magnetism, optics, and modern physics. Students will design

experiments, collect and analyze data, and prepare lab reports. Concurrent enrollment in SC424 is required. Lab fee: \$60 (Spring)

SC434 MACT: Medical College Assessment Test Prep (3)

This is an upper division Health Science course that is designed to prepare students for the Medical College Acceptance Test. The course is taught by trained Kaplan Test Prep Instructors and uses Kaplan's MCAT curriculum. The course is designed along the American Association of Medical Colleges' MCAT test blueprint, including its 10 foundational concepts, 31 content categories, and 4 scientific inquiry and reasoning skills. Each lesson focuses on a collection of specific learning outcomes based on the MCAT 2015 exam design. This is a Pass/Fail Course.

SC435 Cell and Molecular Biology (3)

Examination of eukaryotic cell structure and function at the molecular level with specific emphasis on membranes, organelles, cytoskeleton, signaling, division, differentiation, energetics, apoptosis, gene structure and function, DNA replication, RNA and protein synthesis, viruses, and analysis of experimental methodologies used to study subcellular components. Concurrent enrollment in SC435L is required. Prerequisites: SC114, SC124, SC214, SC224. (Spring)

SC435L Cell and Molecular Biology Lab (1)

This laboratory course provides students with the opportunity to run various cell and molecular biology experiments with emphasis on development of such laboratory techniques as mammalian cell culture, RNA extraction, RNA gel electrophoresis, reverse transcription, primer design, polymerase chain reaction, and DNA gel electrophoresis. Concurrent enrollment in SC435 is required. Prerequisites: SC114, SC124, SC214, SC224. Lab fee: \$60 (Spring).

SC443 Virology and Immunology (3)

This course is an upper division course in which students will explore the variety of viruses in our world and the diseases they cause. Since the components of a virus dictate how it will replicate and the mechanism by which it causes disease, students will learn to distinguish between viruses and be able to predict how they will affect the body. In addition, students will learn how God has created our bodies to fight against viruses through both our innate and adaptive immune systems. The components of each of these systems and their relationships with viral infection will be studied. Finally, students will learn how vaccines are used to protect against viruses and how viruses can be used as vectors for biotechnology purposes. Prerequisites: SC114, SC124, SC435 and labs (Fall).

SC443L Virology and Immunology Lab (1)

This laboratory course involves an examination of viruses including methods of culturing them, assessing their virulence, and determining immunological responses to various viral infections. Concurrent enrollment in SC443 is required. Lab fee: \$60 (Spring)

SC471 Advanced Literature Review (1)

Students will develop their skills and knowledge of scientific methodology, critical thinking, science reading, and science communication. This class meets with Introduction to Literature Review; students in Senior Seminar will write a research paper regarding their capstone and present and critique their capstone projects to the class. Prerequisites: SC114, SC124, SC271. (Spring)

SC481-483 Internship (1-3)

Internships are provided in cooperation with a health-care site designed to give the student the opportunity to explore the setting and opportunities in health care.

SC491– 493 Special Topics in Science (1–3)

Special topics in science provide focused studies on specific issues of interest to science majors. *Enrollment in this course requires approval of the instructor and department.*

SOCIOLOGY

SO203 General Sociology (3)

Introduction to basic sociological concepts concerning the individual, culture, and group life. (Fall)

SO203SP General Sociology (3) (Online)

Introduction to basic sociological concepts concerning the individual, culture, and group life. *Online Course.* Offered as needed.

SO333SP Family Violence and Dysfunction (3) (Online)

This course is an examination of the nature and consequences of violence that occurs within the family and community setting. Issues to be studied include spousal abuse, intimate partner violence, dating violence, and elder abuse as well as prevention and treatment for offenders and victims. This social phenomenon will be studied using theory and existing research, and case studies will be analyzed and discussed within the context of current developments. *Online Course.* Offered as needed.

SO335SP Child Abuse and Neglect (3) (Online)

This course is an examination of the nature and consequences of violence that occurs within the family setting, specifically to children birth through 17. Issues to be studied include child physical abuse, sexual abuse,

emotional abuse and neglect as well as prevention and treatment for offenders and victims. The issues of abuse and neglect will be studied using theory and research, and case studies will be analyzed and discussed within the context of current developments. *Online Course*. Offered as needed.

SO343SP Marriage and the Family (3) (Online)

The course addresses human relationships and the dynamics of marital and family relationships using secular and Biblical principles. Students learn to analyze personal interactions and the characteristics of strong families. Singleness as an alternative to marriage is evaluated. *Online course*. Offered as needed.

SO353SP Parenting (3) (Online)

The course has been designed to assist the family life professional in establishing a foundation for understanding the dynamics of parent-child relationships. Parenting is presented as a process that changes over time. Both child and parent develop across the life span. Topics covered are areas of concern to parents and to professionals working with parents. These include definitions, changing conceptions of parenthood, communication, discipline, guidance, self-esteem, child abuse, day care, single parenting, and step-parenting. *Online Course*. Offered as needed.

SO363SP Ethnicity, Social Class and the Family (3) (Online)

This course focuses on the effect of cultural and ethnic diversity in human development and family issues. Students examine cultural and ethnic diversity in the definition of family and family patterns. The main goal is the development of sensitivity and awareness so that students can identify ethnicity and family patterns. *Online Course*. Offered as needed.

SO491-493 Special Topics in Sociology (1-3)

Focused studies on specific issues in sociology. Requires instructor and department approval.

SOCIAL SCIENCE

SS353 Methods and Materials/Secondary Social Studies (3)

This is a special methods course for credential candidates in secondary school social studies. Students will examine the content of secondary social studies programs as well as methodology and instructional materials. Students will explore current theory, methodology, and instructional materials and challenged to investigate prominent world views and develop a personal world view from a Christian perspective. This course will involve collaboration, reading

and sharing, and the development of a resource notebook and a work sample. Prerequisite: Admittance to School of Education required. Corequisite: ED331 Instructional Alignment II. *Cross-listed with ED584. Students may not receive credit for both SS353 and ED584.* (Spring)

SS403SP Family Facilitation Programming (3) (Online)

Students will become acquainted with the essential principles for developing and delivering programs for families, with some emphasis on all groups. The focus will be how the special learning needs of family members translate into program design. Through class exercises students will gain some experience in all phases of program implementation. This will include actual development and demonstration of a family wellness program. *Online Course*. Offered as needed.

An analysis of those events, movements, and ideas that characterized the church from its inception through the controversies at Nicea, the rise and growth of the state church until its full expression in the period ending with Boniface VIII, the movements and ideas that culminated in the Protestant Reformation, and a survey of developments since the Reformation with specific stress on the emergence of contemporary denominationalism and theological thought in the controversies centered in modern rationalism and humanism. *Cross list with TH521. Students may not receive credit for both TH475 and TH521.*

TH483 Theological Research and Writing (3)

A practical introduction to systematic and progressive methodology for doing comprehensive research in theological and biblical studies. The student also learns the procedure for developing a standardized written style and format.

TH491-493 Special Topics in Theology (1-3)

Focused studies on specific issues in theology. Requires instructor and department approval.

GRADUATE COURSE DESCRIPTIONS

BUSINESS ADMINISTRATION

BA513 Leadership and Ethics (3)

This course is designed to explore leadership with a biblical lens. Through the light of biblical ethical theory, candidates examine how organizational leaders respond to the situations they face. Candidates also reflect on and apply their own values and ethical understanding to shed light on situations they often face as managers. Fee:\$20

BA523 Economic Analysis and Policy (3)

An analysis of the impact of macroeconomic influences. Determinants of trade balances, inflation, employment rates and monetary/fiscal policy in economic growth are assessed. Attention is given to descriptive and normative aspects of industry structure and growth within the context of bi-national and multi-national agreements.

BA533 Financial Management (3)

This course is designed to explore the foundational concepts of business finance, including the time value of money, security pricing, valuation, portfolio risk and return and derivative securities.

BA543 Marketing Management (3)

This course is designed to help students make strategic marketing decisions in an increasingly complex business environment. The foundational principles of marketing will be addressed, and special attention will be given to the rapid changes occurring in the marketplace.

BA553 Managing Information Technology (3)

Issues of strategic planning and control related to information technology and e-commerce are discussed based on contemporary case studies.

BA563 Managing the Global Business (3)

An exploration of key business functions in an increasingly global environment.

BA573 Accounting for Managers (3)

A comprehensive overview of financial information systems with a focus on the use of financial reports in management. A basic understanding of accounting is presumed, and at least three hours of undergraduate accounting is strongly recommended.

BA583 Organizational Behavior (3)

The study of human behavior in organizations. Emphasizes theoretical concepts and practical methods for understanding, analyzing, and predicting individual, group,

and organizational behavior.

BA593 Strategic Management (3)

The purpose of this capstone course, taken in the final term as the last course in the program, is to fully integrate and exercise what you have learned during your time in the Corban University Hoff School of Business MBA program. Strategic management is about putting all of the pieces together – and that is what you will be doing. Forming a viable business strategy based on the external environment and the strengths and weaknesses your firm brings to that environment is the beginning of a path to success, and is typically done by the executive management team. Effectively executing that strategy is the job of each functional area manager, and responding to unexpected results, competitive responses and environmental shifts (including unexpected events) begins the cycle anew.

BA613 Managing the Non-Profit Organization (3)

Issues facing managers in the non-profit sector will be discussed and include program planning, selecting and managing boards, fund raising, financial and budgeting challenges, and developing strategies. *Required for Non-Profit Management Emphasis.*

BA623 Stewardship Issues for Non-Profit Organizations (3)

This course investigates the range of fundraising elements in the non-profit organization, including fundraising strategies, grant writing, program management, and methods and approaches to fundraising. *Required for Non-Profit Management Emphasis.*

BA633 Project Management (3)

This course aims to introduce students to the key concepts of project management, provide and understanding of the differences between projects, and equip them with the knowledge of how to manage projects well.

BA653 Human Resource Management (3)

Theories, concepts, and procedures involved in managing human resources. Examination of the correspondence between organizational strategies and human resources needed to carry out those strategies. Topics include job analysis, compensation and benefits, performance management, succession planning, career development issues, legal considerations, and international issues

BA663 Financial Planning (3)

This course examines personal financial planning concepts, including budgeting, credit, borrowing, insurance, investing and estate planning.

BA673 Entrepreneurship (3)

This course provides an introduction to entrepreneurship, with an emphasis on identifying, evaluating and developing new venture opportunities. Topics include opportunity identification and evaluation, startup strategies, business valuation, business plan development, attracting stakeholders, financing the venture, managing the growing business and exit strategies.

BA683 Managing Change (3)

Utilizing current books, articles, Scripture, facilitated discussion and case study analyses, Managing Change looks at the biblical aspects of leading in the midst of change.

BIBLICAL STUDIES**BI511 Interpreting Scripture (3)**

An introduction to valid methodology in determining the original meaning of biblical texts and applying their modern significance. Special attention is given to the structure and underlying presuppositions of the original text and the problem of prior understanding on the part of the interpreter. Building upon the foundation of sound hermeneutical and exegetical principles, the student will gain skill in doing exegesis through observation of good exegetical models and through practice in personally applying the principles to selected texts. The examples and exercises in this course are based upon the English Bible, but are designed to prepare the student for effective biblical study, whether in translation or in the original languages. *Cross list with BI473. Students may not receive credit for both BI473 and BI511.*

BI512 Learning and Living OT History (3)

A study of the Old Testament books of Genesis through Esther with an emphasis on their content, integrity, and theology within their historical, cultural, and, geographical backgrounds. The biblical meaning will also be related to contemporary Christian living, thinking and ministry. *Cross listed with BI472. Students may not receive credit for both BI512 and BI472.*

BI513 Learning and Living OT Poets and Prophets (3)

A study of the Old Testament books of Job through Malachi with an emphasis on their content, integrity, and theology within their historical, cultural, and, geographical backgrounds. The biblical meaning will also be related to contemporary Christian living, thinking and ministry. *Cross list with BI470. Students may not receive credit for both BI470 and BI513.*

BI522 Learning and Living Gospels and Acts (3)

A study of the four New Testament gospels and Acts with an emphasis on their content, integrity, and theology within their historical, cultural, and, geographical backgrounds. The biblical meaning will also be related to contemporary Christian living, thinking and ministry.

BI523 Learning and Living Epistles and Revelation (3)

A study of the New Testament epistles and Revelation with an emphasis on their content, integrity, and theology within their historical, cultural, and, geographical backgrounds. The biblical meaning will also be related to contemporary Christian living, thinking and ministry.

BI600 Learning and Living Bible Book Study (3)

Bible book electives provide an opportunity to engage in in-depth analytical study of selected books in both the Old and New Testaments. The nature of each book will determine the approach used in course development. However, each book will be analyzed within its historical, cultural, literary, and grammatical setting in order to determine its intended meaning and significance for today. Prerequisite: BI511

CHRISTIAN MINISTRY**CM501 Growing in the Lord (3)**

An introductory study of the nature and practice of Christian/spiritual formation. The theological foundations for spiritual formation will be explored as it pertains to man's sinful condition (original sin), the transforming power of the cross, and the New Covenant ministry of the Spirit working in conjunction with the God-ordained means of grace. Biblical principles are identified and applied that will lead students to evaluate their own relationship with God amidst the struggles faced in ministry, and to discern and cultivate realistic and personal strategies that will nurture their love for God and others. Special attention is devoted to the dangers of moral formation and the importance of community as the context for Christian formation. *Cross list with TH463. Students may not receive credit for both CM501 and TH463.*

CM511 Preaching Scripture I (3)

An introduction to the basic elements of sermon preparation and delivery for the purpose of developing exegetical and homiletical skill in biblical preaching. These elements include the process of expository preaching, sermon structure and organization and effective communication skills so that sermons are true to Scripture and relevant to today's audiences. Students will practice sermon delivery in supervised preaching experiences. *Cross list with CM473. Students may not receive credit for both CM473 and CM511.*

CM521 Preaching Scripture II (3)

A development of CM 511 designed to prepare the student to preach from the wide variety of biblical literary genres and in a variety of ministry settings. Attention will also be given to long-range sermon planning and advanced communication skills for preaching. Prerequisite: CM 511 *Cross list with CM474. Students may not receive credit for both CM474 and CM521.*

CM531 Teaching Scripture (3)

A study of the essentials for effective Bible teaching and key principles of learning and teaching. Students will practice using creative classroom methods in supervised teaching experiences.

CM541 Building a Christ-centered Home (3)

A study designed to provide a biblical understanding of the issues, responsibilities, and problems in developing and maintaining Christ-centered families.

CM551 Becoming a Servant Leader (2)

A core course designed to help students gain an accurate knowledge of themselves in how they have been shaped and prepared by God for an optimal role in furthering His purposes. Through the use of a variety of inventories, life-mapping, personal reflection, interviews, and direction from the instructor, students will be assisted in assessing how their gifting, natural abilities, experience, personality and passion contribute to their development in leadership. (Course Fee)

CM552 Youth Mentoring Ministry in the Church (3)

The Church is built on mentoring. Jesus mentored His disciples and they in turn mentored others till they “turned the world upside down.” This course will examine the biblical and sociological basis for mentoring ministry to reach youth in the community and in the church. We will explore the research-based practices that make those relationships safe and effective.

CM561/562 Supervised Experience (1-2)

Supervised field-based experience in the student’s intended vocational context, under the supervision and encouragement of an experienced mentor.

CM593 Special Topics in Church Ministry (3)

Focused study on a specific topic in the field of Christian ministry. Offered as needed. (Course Fee)

CM611 Counseling in Ministry (3)

A study of biblical principles of counseling together with a review of major counseling theories and practices, legal issues, and special problems encountered in ministry counseling.

CM641 Leading Ministries (3)

A core course designed to help those in Christian ministry develop a biblical theology of leadership and discern how that applies to today’s diverse ministry contexts. In doing so, the Scriptures will be examined against the background of current leadership thinking in order to build a foundation for leadership that is biblically-based and culturally-informed. Special focus will be given to studying the principles of leadership that apply to both individuals and institutions as they relate to the character, values, skills, tasks, and context of leadership. Finally, students will have the opportunity to discover and explore their own particular style of and capacity for leadership. (Course Fee)

CM651 Fulfilling the Church’s Purpose (3)

A study of the biblical directives concerning church ministry, allowing for needed adaptation to current cultures, and directing the student in analyzing competing methodologies and perspectives of church ministry from a biblically based foundation. *Cross listed with CM404. Students may not receive credit for both CM651 and CM404.*

CM661 Ministering in the Church (3)

An examination of the nature of leading ministries with emphasis upon the person and role of the pastor in conjunction with his ministry opportunities in the church. Principles of leadership and administration of the church are examined in light of Scripture and general managerial practice, along with practical training in the various areas of pastoral ministry.

CM671 Ministering Cross-culturally (3)

A study of the elements and expressions of culture as they influence ministry, with special attention given to specific skills for exegiting a cultural setting for ministry.

CM814 The Spiritual Life of a Leader: How Leaders are Transformed (4)

The Spiritual Life of a Leader is a core course designed to enable ministry leaders to reflect upon their relationship with God more knowledgeably, perceptively and objectively amidst the responsibilities and challenges of ministry leadership. Students will develop and apply realistic transformative strategies designed for their own spiritual growth within the context of Christian community. Special attention will be given to the exploration of the theological foundations of spirituality as it pertains to the human condition before God, the transforming power of the cross, and the New Covenant ministry of the Spirit working in conjunction with the God-ordained means of grace.

CM815 Philosophical Foundations of Christian Theology (4)

Before approaching the systematic study of the Christian faith, there is need to first examine certain philosophical questions that underpin theology. What is theology? What is the nature of divine revelation? What is the nature of doctrine? What is the nature of theological meaning and interpretation? What is the relationship of faith to reason? What is the nature of theological language? Is it even possible to develop a systematic theology from the biblical text? Is it possible to know truth, and if so, how? Often known as prolegomena (what is studied or said first), this course examines these fundamental questions to build a solid biblical foundation for Christian theology.

CM824 Personal Leadership Foundations: How God Shapes Leaders (4)

Personal Leadership Foundations is a core course designed to help ministry leaders gain a deeper knowledge of themselves in how they have been shaped and prepared by God for an optimal role in His mission. Students will be led through an assortment of assessments that facilitate profound reflection upon their personal and professional lives to the end that they will be able to competently and confidently grow in their calling and cooperate with the Spirit's transformative work in and through their ministry context.

CM825 Central Issues in Systematic Theology (4)

The Christian Church holds to a myriad of doctrines within its many branches. Some of those doctrines are central to the Christian religion while others are extensions of these essential teachings. Secondary and tertiary theological concerns also exist. The central beliefs are firmly rooted in Scripture and have been articulated in creeds and confessions throughout history. This course seeks to explore in depth the necessary beliefs of Christianity that should unite us as well as those that are non-essential which should not divide us.

CM834 Philosophic Foundations of Leadership: How Leadership Works (4)

This course examines the philosophic foundations of leadership from a biblical and socio-historical perspective. Students will be directed to consider past and present leadership theory and praxis in light of Scripture. Best practices will be identified and examined in concert with Scripture in order to build a foundation for leadership that is rooted in the historical Christian faith and culturally-informed and relevant.

CM835 Contemporary Expressions of Theology: Worship, Mission and Proclamation (4)

The local expression of the Christian Church has been given necessary elements that make it the Church of Christ. Calvin said that the Church is wherever the Scriptures are preached and the sacraments are practiced. At the minimum these elements are not arbitrary or optional components of what it means to be a true church versus some artificial alternative. This course addresses the biblical nature, function, and mission of the church in relation to its contemporary expressions in worship, mission, and proclamation of the Word. This course will examine how to truly incorporate the work of Scripture and the Holy Spirit within the life of the church as envisioned by the apostolic church and its Head, Jesus Christ.

CM844 The Culture of Leadership: How Leaders Exegete Ministry Culture (4)

The course assists students in the practice of ethnography. How organizations develop, maintain and change their cultures will be introduced. Students will learn to conduct a 360-degree assessment of their organizations in terms of ministry effectiveness.

CM845 Personal Expressions of Theology: Orthodoxy and Orthopraxy (4)

"Knowing Theology is a necessary yet inadequate responsibility for the Christian. The New Testament author, James, exhorts believers to be doers of the Word rather than hearers only. Believing Scripture (orthodoxy) must be demonstrated by practicing its truths (orthopraxy). This course will discuss how to faithfully practice the teachings of Scripture marked by righteousness rather than using them to support personal preferences. Students, then, will be assisted in understanding and teaching others how to apply the Word of God accurately to life in order to lead and serve a transformed people (Rom 12:1-3).

CM854 The Analytic Dimension of Leadership: How Leaders Develop the Strategic Plan (4)

The course focuses on the content of leadership and how leaders develop it. Leadership practices such as visioning, strategic planning, goal-setting, team building, leadership development will be examined from a biblical and socio-historical perspective. Students, in cooperation with their governing board(s), will create a strategic plan for their ministries and/or develop the resources necessary to implement it.

CM855 Apologetics and Christian Evidences (4)

Often it has been said that apologetics is not needed because the truth does not need defending, or that it is an improper substitute for Gospel proclamation. This course will examine how Christian ministry practitioners can use apologetics to strengthen the faith of believers and remove

roadblocks to the reception of the Gospel. Various apologetic methods will be examined and compared with their usage in the Bible. As part of the course, students are expected to engage in two apologetic episodes, one with a Christian and one with a non-Christian.

CM864 The Human Dimension of Leadership: How Leaders Manage the Strategic Process (4)

The course addresses the various roles, responsibilities and challenges of leadership regarding the people they serve and lead. This will include such topics as how leaders navigate change, manage conflict, deal with difficult people, and handle communication.

CM865 Apologetics and the Person and Work of Christ (4)

The course addresses a number of apologetic topics that are met when studying Scripture or encountering challenges to the truth by Christians and non-Christians, including matters of science and the Christian faith, questions relating to biblical veracity, and the teaching of Scripture regarding the nature and person of Christ.

CM891 Thesis-Project Seminar I (1)

This course prepares students to conduct research in preparation for writing a thesis-project including an introduction to the use of Turabian and those requirements of form and style necessary for writing a doctoral-level project.. Additionally, this course familiarizes students with the entire thesis-project process and introduces them to its specific components. Students will identify a problem of ministry within their context of service, create a research question and hypothesis and develop a thesis-project pre-proposal.

CM892 Thesis-Project Seminar II (1)

This course equips students to develop a valid and suitable methodology that serves as the “project” of the thesis-project. Additionally, students will be guided through the process of writing an acceptable proposal that includes a preliminary review of literature and an outline of biblical and theological material pertinent to the thesis-project topic. The course is intended to culminate in the submission and official acceptance of the student’s thesis-project proposal.

CM893 Thesis-Project Seminar III (1)

This course is designed to help students become oriented to methodological approaches used for validating social research. Students will learn how to organize, administer and evaluate their projects. Special focus will be given to enabling students to administer a suitable methodology to test their project hypothesis, draw concise and accurate conclusions, and develop a means by which the project results can be reported. The course is intended to

culminate in the submission of the first draft of the Research and Methodology chapter of their thesis-project.

CM894 Thesis-Project Writing (3)

Students register for this thesis-project unit upon completion of all program course work, typically in January of their fourth year. Students undertake the necessary work to complete their thesis-project and submit a final draft in preparation for an oral defense. A thesis-committee will be organized consisting of the thesis-project mentor and reader to help guide the participant through the writing process, approving each aspect of the thesis-project from the initial proposal through to the final draft.

CM895 Doctoral Thesis Continuing (0)

This course constitutes year two of writing their Thesis Project. This course includes a \$1,000 fee.

CM896 Doctoral - Continuing (0)

This course constitutes year three of writing the Thesis Project and under certain conditions can be repeated. This course includes a \$500 fee.

COUNSELING

CN501 Counseling Theory & Skills I (4)

This course introduces students to theories of counseling and psychotherapy from a historical-chronological perspective. As students are exposed to these models (including psychoanalytic therapy, Adlerian therapy, person-centered counseling, Gestalt therapy, humanistic-existential therapy, and a variety of cognitive-behavioral) they will be encouraged to incorporate their own values about the human change process and their faith with these theories and counseling processes in order to begin to define their own theoretical orientation to counseling. Students will begin microskills identification and practice.

CN501A Skills I (2)

This course is designed to develop competencies in basic counseling processes and skills. To facilitate competencies students will participate in self-critique, peer critique, and supervisor critique of videotaped interviews with peer clients. This course is designed for transfer students who may have previously taken a theory/skills class, in order to determine skill level.

CN532 Social & Cultural Foundations (3)

This course addresses how living in a multicultural society affects clients who are seeking clinical mental health

counseling. Students will investigate attitudes and perspectives regarding gender, race, ethnicity, sexual orientation, age, and other cultural differences. Particular emphasis will be placed upon biblical, historical, and cultural perspectives and the impact current views have on the counseling relationship. Students will be encouraged to expand their points of view of diverse populations leading toward successful therapeutic relationships and an acceptance of all persons.

CN533 Career, Life Planning, & Consultation (3)

This course is designed to investigate the concept of career as a lifespan process. Students investigate theories of adult career development as well as strategies and methods to facilitate clients' career decisions. Emphasis is placed on the decision-making process, issues of career counseling with special populations, and the role of counselor consultation.

CN534 Appraisal of the Individual (3)

This course provides for the development of a framework for understanding assessment's role throughout in the counseling process. Students will learn the principles of assessment including concepts of measurement, assessment methods, and the role that the application of assessment plays in the counseling process.

CN535 Psychopathology, Diagnosis and Treatment Planning (3)

This course introduces the principles of the diagnostic process, including differential diagnosis, and the use of current diagnostic tools such as the Diagnostic and Statistical Manual (DSM). Students will explore principles and models of psychosocial assessment, case conceptualization, and concepts of normalcy and psychopathology leading to diagnoses and appropriate counseling treatment plans; and principles of diagnosis.

CN536 Addiction Counseling (3)

This course will explore the theory and techniques of addiction treatment including assessment, counseling theory, and interventions. The course is designed to introduce students to issues associated with addictions including substances, gambling, and eating disorders, etc. and the resulting impact on client and community systems.

CN537 Ethical and Legal Issues (3)

This course is designed to provide an overview of professional ethics and state law as applied to the counseling profession. Ethical standards are discussed from an historical and practice perspective, and an ethical decision-making model is explored. Laws that affect the professional practice of mental counseling are presented and examined. Professional issues, concerns, and associations are discussed.

CN538 Crisis, Disaster and Trauma Counseling (3)

The course examines the implications that crisis, trauma, and disasters have on clients. Assessment and intervention skills based on an understanding of developmental stages, cultural diversity, and the unique nature and impact of crisis will be discussed. Counselor personal reactions and experiences will also be explored. Students will examine relevant research on crises, suicide, interpersonal neurobiology, and disasters as well as appropriate treatment planning and diagnosis.

CN539 Psychopharmacology for Counselors (2)

This course is designed to introduce the fundamentals of psychotropic medications and their therapeutic applications to the non-medical clinical mental health care provider. Ethical practice issues, practical issues of assessment, counselor consultation, and referral will be explored.

CN541 Research Methods (3)

This introductory course examines quantitative and qualitative research methodology in the social sciences. Introductory statistical concepts, such as measures of central tendency and variability, standard scores, and hypothesis testing are explored. Students will learn how to critically evaluate research relevant to the practice of clinical mental health counseling.

CN561-563 Internship (3)

The internship is the culminating field experience of the program and requires completion of a supervised experience of 600 clock hours over at least two semesters. This experience is designed to provide the student with on-site placement in a public or private mental health setting that creates the bridge between training and professionalism. Components of the learning experience include: direct client service, individual supervision, group supervision, peer learning, video/audio tape review and consultation. (credits variable 1-3 for each term). There is an additional fee for this course. \$50

CN601 Theology & Counseling (2)

This is the first of three courses designed to examine topics regarding the integration of counseling and theology. The first course provides an overview of various Bible Doctrines including: Theology Proper, A Trinitarian view of God, Hamartiology, Anthropology, Salvation, Sanctification, and Eschatology. Students will begin to develop their theory of the nature of man, how people change, and a biblical integration of counseling.

CN602 The Theology of Counseling and Christian Growth (2)

The second of three courses will explore various views of integration of psychology and theology. Students will

examine the topics of sin and grace as they relate to the human condition. The student will continue the development of a theory of biblical integration and counseling.

CN603 The Theology of Faith, Hope & Love (2)

This course is the third of three courses and is a continuation of CN602. The course continues the examination of Christian teaching and established schools of counseling/psychology. Students will continue to develop a theory of biblical integration and counseling that culminates in a biblical integration paper.

EDUCATION

ED501 Christian Scholarship Seminar (1)

This seminar during every student's first semester in the M.S.Ed program will provide an overview of the unique nature of Christian Higher Education and the value of bringing a biblical worldview into academic scholarship. Students will also be introduced to writing expectations for the culminating Thesis project and receive individual guidance from their advisor to outline their M.S.Ed completion plan.

ED511 Biblical Worldview in Education (3)

This course examines how biblical belief structures influence the methods educators use to motivate people to learn. Each candidate will develop a personal statement of his/her biblical worldview and how that view affects his/her perspective on learning, teaching, and thinking on current issues in education.

ED513 Biblical Leadership in an Educational Environment (3)

In this course students will examine the nature of biblical leadership, consider traditional theories and styles of leadership, and work to develop their own identity as leaders in an educational environment. They will study current issues in educational leadership and articulate the positive difference both formal and informal leaders can make in a given educational setting. Students will have the chance to reflect on and apply their own values and understanding to shed light on situations they are likely to face as educational leaders.

ED530A Instructional Alignment I (3)

This is part one of a two-semester course designed to model the process of instructional alignment through all stages of curriculum development, including development of goals, objectives, content and strategies as they relate to the four levels of Oregon licensure. These concepts will be applied in age-group breakout sessions focusing on effective and developmentally appropriate teaching

strategies. Micro-teaching sessions will allow students to practice the use of major teaching strategies. The course will culminate with the design and development of a three-day teaching unit, including all supplemental instructional materials. Cross listed with ED330. *Students may not receive credit for both ED330 and ED530.*

ED531 Instructional Alignment II (2)

This is part two of a two-semester course designed to model the process of instructional alignment through all stages of curriculum development. This course builds upon the concepts presented in Instructional Alignment I. Students will be introduced to a variety of techniques appropriate for evaluating and assessing at all levels of Oregon licensure. Additional emphasis is placed upon student preparation for understanding and completing an edTPA or some type of teacher assessment portfolio. Cross listed with ED331. *Students may not receive credit for both ED331 and ED531.*

ED532 Theories of Learning and Teaching (3)

This course discusses principles of human learning and related practices for classroom teaching. The psychology of learning in a school setting includes both individual and group generalizations. The roles and functions of a classroom teacher or a school leader as a facilitator of learning, and a decision maker concerning pupil needs and achievement are explored.

ED533 Technology in Education (3)

This hands-on, project-based course fosters a demonstrated understanding of teaching with appropriate uses of technology within the educator's specific area of interest. Topics will include how technologies foster learning, electronic portfolios, strategies for authentic assessment, criteria for selecting appropriate educational software, participating in virtual learning communities, professional development planning using the International Society for Technology in Education standards, and contemporary issues associated with information literacy and educational technology. (Summer)

ED534 Teaching the Diverse Learner (3)

This course will investigate the social and legal issues within the field of education regarding the concept of student diversity in the classroom. The topics for this class include social, economic, cultural, racial and linguistic diversity, including the impact of Dyslexia on the learner. This course will emphasize how teachers and schools can respond to these issues that emerge as our society becomes more diverse. Additionally, the issues of diversity will be discussed from the Christian perspective. (Fall)

ED535 Curriculum Development and Evaluation (3)

This course will provide candidates with an intensive study of pedagogical approaches and materials for teaching in schools, including state curriculum documents, curricular recommendations of professional associations, recommendations that have emerged from recent educational research, and recommendations of recent reform movements. (Summer)

ED542 Assessment for Learning (3)

Topics explored in this course include minimum competency, norm-referenced, and criterion-referenced tests; classroom student assessment, including portfolios and open-ended problem solving with scoring rubrics; reliability; validity; interpreting scores; standardized tests; planning and constructing assessments; and evaluating assessment items. (Spring)

ED545 Law, Policy and Politics in Education (3)

This course identifies and analyzes major policy and political trends and issues impacting education on the national, state and local levels. Recent and historical legal issues and specific decisions will also be examined to add light on the policy, politics and practices in American schools. This course leads students to a familiarity with the perspective of a wide range of stakeholders in education, and the complex processes of making policy and determining practices.

ED550 Methods in Literacy (3)

This course emphasizes how children develop various types of literacy skills. Theory of the development of literacy will be emphasized along with actual application of skills in the classroom. The course will focus on how literacy development is related to language, cognitive, moral, and physical development of learners. Diagnosis of skill development will also be emphasized. The course includes an emphasis on the use of children's literature in developing literacy skills. Students will address understanding and strategies for instruction that include a variety of diverse learners, specifically, second language learners and students with dyslexia.

ED551 Methods in Mathematics (2)

This course is intended to examine and openly challenge knowledge, beliefs, and assumptions about the learning and teaching process for early childhood/elementary students in mathematics. Candidates engage in activities designed to enhance conceptual understanding and connect it to procedural knowledge. They explore what it means to teach elementary mathematics in a standards-based system (i.e., using standards to plan instruction, using scoring guides to assess student work, critically examining curricula).

ED555 Early Childhood/Elementary Music Methods (2)

This course is designed to facilitate an increase in students' understanding of musical development in children and the breadth of music curriculum applications in elementary schools. Students will be guided toward the development of competencies necessary to teach music in the elementary schools; including planning, presentation, management and evaluation skills.

ED556 Literary Across Content Areas (3)

This course is designed to explore various aspects of literacy as it applies to middle level and high school students in content area classrooms. Special emphasis will be placed upon strategies that will facilitate the development of reading, writing, speaking, listening, and thinking skills within the specific disciplines in which you will be teaching. Today's educational climate requires every teacher to be a literacy teacher and this course will prepare you to know and communicate academic language effectively to your students as well as train you in a variety of methods to improve and increase the vocabulary, language function, syntax and discourse of your students in your area of content. Students will be challenged to evaluate their own literacy so they may more effectively direct the literacy learning of their future students. Admittance to School of Education required. *Cross listed with ED456. Students may not receive credit for both ED456 and ED556.* (Fall)

ED557 K-12 Methods in Physical Education Instruction (3)

This course provides foundational knowledge and application in effective teaching physical education instruction strategies for all authorization levels.

ED558 Multiple Subjects Methods (1)

Designed for **all** authorization levels; Integrated thematic instruction, planning and strategies. Candidates will study and participate in multiple-method instruction across content areas. Objectives for EC/EL candidates will focus instruction in science and social studies as the foundation for integrated instruction. Objectives for EL/ML and ML/HS candidates will focus on the candidate's content area specialty as the foundation for integrated instruction.

ED563 Clinical Placement I (5)

The candidate completes a 10-week full-time teaching experience at an authorization level of his/her choice: early childhood, elementary, middle level, or high school. The experience includes the development and teaching of a work sample. (A \$300 fee is collected at registration for the costs of classroom teacher supervision and travel expenses for a university supervisor.)

ED564 Clinical Placement II (2)

The candidate completes a 5-week full-time teaching experience at an additional authorization level of his/her choice: early childhood, elementary, middle level, or high school. The experience includes the development and teaching of a work sample. (A \$425 fee is collected at registration for the costs of the edTPA, the classroom teacher supervision and travel expenses for a university supervisor.)

ED565 Field Experience III – Practicum (1)

This practicum requires the candidate to be in a classroom for a minimum of 40 hours (15 hours minimum in same class), and will include at least 10 opportunities to teach the whole class. The 10 lessons can be taught in small or large group settings. Students should pace their hours during the semester to be prepared to teach and video TPA lesson(s) the first week of November or April depending upon whether fall or spring semester. The university supervisor and cooperating teachers will make one formal teaching observation each, and both the university supervisor and cooperating teacher will complete a dispositional evaluation of the candidate at the end of the practicum. (A \$50 fee is collected at registration for the costs of classroom teacher supervision and travel expenses for a university supervisor.) Scheduling is flexible, in accordance with the following options:

- 2 hrs/day five days a week for 4 weeks
- 2 hrs /day three days a week for 7 weeks
- 4 hrs/day five days a week for 2 weeks
- All day one day each week for 6 weeks
- All day every day for 2 weeks – best option even though it is more than minimum 40 hrs

ED566 Added Endorsement Practicum (2)

This practicum is designed for candidates seeking an added endorsement to an existing Oregon teaching license. The practicum requires a minimum of 90 hours in the classroom, which may include professional collaboration and staff development time in addition to student contact time. The candidate is required to observe and support the classroom teacher, develop familiarity with content area curriculum and instructional strategies, provide assistance to individual students or small groups of students and to be fully responsible for a minimum of 10 instructional periods. A \$125 fee will be assessed in addition to tuition to compensate the cooperating teacher and meet mileage expenses for the supervising teacher.

ED567 Clinical Placement I & II (7)

The candidate completes a 15-week full-time teaching experience at the single authorization level of his/her choice: early childhood, elementary, middle level, or high school. The experience includes the development and teaching of TWO work samples. (A \$725 fee is collected at registration for the costs of the edTPA, the classroom teacher supervision and travel expenses for a university supervisor.)

ED568 Special Topics Seminar: Early Childhood (1)

In this series of four Saturday morning workshops, candidates will examine various approaches to classroom management and begin developing their own management philosophy and strategies. Early Childhood and Elementary candidates will also investigate strategies for integrating the Arts and PE in their classrooms, Special Topics Workshop Sequence (4 Saturdays)

ED570 Work Sample Methodology (1)

Depending on the needs of individual students, this course will provide an introduction, review or extended period of study for the required teacher education Work Sample. Students will work under the guidance of a university supervisor to design a unit of study, implement instruction and analyze their students' learning gains. Emphasis will be on instruction aligned with Oregon content standards, meeting the needs of all students, considering biblical worldview perspectives that inform the teaching, and selecting the most effective instruction and assessment strategies.

ED581 Language Arts Methods (3)

This course is designed to help secondary candidates develop specific teaching skills related to the content area of Language Arts. This course examines the content of middle and high school language arts. Students explore current theory, methodology and instructional materials. This course will involve collaboration, reading and sharing, and the development of a resource notebook and a teaching portfolio. Cross-listed with EN353. *Students may not receive credit for both EN353 and ED581.*

ED582 Math Methods (3)

This course is designed to help secondary candidates develop specific teaching skills related to the content area of Math. This course will support the notion that we teach mathematics not as work, expecting students to struggle and forget much of what they have learned, but rather

teach so as to invite and mentor students into a life-long love of mathematics. *Cross-listed with MA353. Students may not receive credit for both ED582 and MA353.*

ED583 Science Methods (3)

This course is designed to help secondary candidates develop specific teaching skills related to the content area of Science. The focus will be to prepare pre-service high school biology teachers to become competent professionals who can guide and facilitate learning in a biology course. The philosophy of science and the purposes, strategies, issues, materials, equipment in the teaching of science will be examined. *Cross-listed with SC353. Students may not receive credit for both SC353 and ED583.*

ED584 Social Science Methods (3)

This course is designed to help secondary candidates develop specific teaching skills related to the content area of Social Sciences. In this course you will examine the content of secondary social studies programs. You will explore current theory, methodology, and instructional materials. You will be challenged to investigate prominent world views and develop a personal world view from a Christian perspective. This course will involve collaboration, reading and sharing, and the development of a resource notebook and a work sample. *Cross-listed with SS353. Students may not receive credit for both SS353 and ED584.*

ED585 PE and Health Education Methods (3)

This course is designed to help secondary candidates develop specific teaching skills related to the content area of Physical Education and Health. The course is designed to aid the student in understanding, developing and implementing the processes of curriculum design, instructional procedures/strategies, and program development in both physical education and health education. Emphasis is given to principles and methods in planning, development of goals, objectives, and the preparation of materials and procedures in the physical education class setting. In addition, this course will aid the student in the understanding, development, implementation, and analysis of skills, resources, and materials for the middle-level and high-school health class. Areas emphasized include subject-specific pedagogical methods, standards-based practice, assessment, and differentiation. Integration of the content with students' biblical worldview will be stressed.

ED586 PE Methods (3)

This course is designed to help secondary candidates develop specific teaching skills related to the content area of Physical Education. The course is designed to aid the student in understanding, developing and implementing

the processes of curriculum design, instructional procedures/strategies, and program development in physical education. Highlights of the course will be principles and methods in planning, development of goals, objectives, and the preparation of materials and procedures in the physical education class setting. *Cross-listed w/ HP353. Students may not receive credit for both HE353 and ED586.*

ED587 Health Methods (3)

This course is designed to help secondary candidates develop specific teaching skills related to the content area of Health. This course is designed to aid the student in the understanding, development, implementation, and analysis of skills, resources, and materials for the middle-level and high-school health class. Areas emphasized include subject-specific pedagogical methods, standards-based practice, assessment, and differentiation. *Cross listed with HE353. Students may not receive credit for both HE353 and ED587.*

ED588 Music Methods (3)

This course is designed to help secondary candidates develop specific teaching skills related to the content area of Music.

ED589 Business Methods (3)

This course is designed to help secondary candidates develop specific teaching skills related to the content area of Business. This course is designed to prepare students for the initial stage of teaching by developing an understanding of the nature, organization, and administration of business, marketing, and technology programs in secondary schools. Students will participate in curriculum development, explore areas of change in the professional world of teaching business, examine state requirements within the content area, build teaching strategies in business, marketing, and technology, apply those strategies in the design of instruction for these content areas, and effectively integrate business, marketing, and technology instruction in high school classrooms. *Cross listed with BU353. Students may not receive credit for both BU353 and ED589.*

ED599 Special Topics: (3)

Focused studies on specific issues in sociology. Requires instructor and department approval.

ED601 Introduction to Educational Research and Analysis (3)

This course will provide an overview of various research methodologies applied in the field of education, as well as instruction in finding, selecting and evaluating educational research. Students will be guided in the defining of the focus area for their thesis and developing a relevant

annotated bibliography to take with them into the thesis writing. (Fall)

ED602 Thesis (3)

Students will be guided in supplementing the thesis bibliography begun in ED601, organizing the resources for thesis writing and work with the instructor/advisor to meet a series of writing and review deadlines through the course of the semester. Significant attention will be provided also to the process of viewing academic literature and theses through the lens of a biblical worldview. *Candidates not finishing their Thesis by the end of the semester will be required to take one credit of Thesis work each semester until completed or withdrawing from the program.* (Spring)

ED611 Introduction to Linguistics and Language Acquisition (3)

This course examines the nature of language. Key linguistic terms are presented and applied to the ESOL classroom. The course also surveys the language backgrounds of Oregon's ELL population, identifies common language struggles of each group, and compares and contrasts the acquisition and development of listening, speaking, reading and writing in first and second languages. Candidates also determine professional goals as related to ESOL education. (Fall)

ED614 Intercultural Communication and Teaching (3)

This course examines the issues of Culture in its relation to language learning and acquisition as well as exposes candidates to the historic precedents, legal issues, and best practices of Bilingual education. Candidates will survey the cultural background of Oregon's ELL student population and explore issues related to communicating with culturally diverse families. Candidates are also exposed to issues of acculturation and discuss issues of equity and civil rights. (Fall)

ED615 Methods and Materials – ESOL Instruction (3)

This course focuses on instructional strategies for developing social and academic English in ELL students. Candidates explore and learn about commonly used methods and materials and explore the new ELD (English Language Development) standards and methods which are currently being implemented in Oregon. The course also focuses on models of collaborative teaching and building learning/teaching communities with colleagues. (Spring)

ED616 Content Area Instruction & Assessment –ESOL (3)

This course centers on the ways in which all content areas may serve to strengthen ELL student fluency and language competency. This course will focus on sheltered and scaffolded instruction (including GLAD and SIOP), with specific emphases on developing ELL student comprehension, vocabulary enrichment, and

developmental writing. Candidates will also develop fair and useful assessment tools to determine literacy and academic learning and practice the administration, scoring, and interpretation of formal and informal tests of language proficiency. (Spring)

ED618 ESOL/Bilingual Practicum (2)

The practicum is a supervised teaching experience of 90 contact hours in two authorization levels, and will be arranged individually for each candidate. The practicum is an opportunity to apply the learning from coursework. Candidates are to demonstrate competence in teaching both English and academic content to ELL students at a variety of English proficiency levels. In addition, candidates for the Bilingual Endorsement must demonstrate proficiency in the classroom use of the designated foreign language. Course Fee:\$125

ED 621 Foundations of Language Acquisition and Literacy Development (3)

This course focuses on theoretical foundations, current prevailing and competing theories in oral language acquisition and how it affects written language development. It emphasizes psychological, cognitive and psycholinguistic principles that underlie the reading process. This course also addresses the stages of literacy development in children and adolescence. Candidates will look at the implications of various literacy theories and developmental issues as they impact literacy instruction.

ED625 Current Issues and Literacy Leadership (3)

This course is designed to develop candidates' familiarity with current issues in literacy instruction including Common Core State Standards (CCSS) and culturally responsive instruction. It also focuses on recent trends in the administration and implementation of district, school and classroom reading programs. Candidates will also examine effective practices in literacy instruction, and develop their expertise in communicating assessment and research data to stakeholders, organizing school-wide and individual reading programs, and aligning literacy programs with CCSS. (Spring)

ED626 Literacy Assessment and Intervention (3)

This course focuses on the knowledge and skills necessary to diagnose children's reading. Selection and use of formal/informal assessment tools, understanding of basic measurement concepts, and analysis of results toward instruction planning for individuals and schools will be explored. Additionally, several reading intervention programs and approaches will be discussed and evaluated including Response To Intervention (RTI).

ED632 Integrated Reading and Writing Methods across the Curriculum (3)

This course focuses on building the candidates' understanding and repertoire of effective literacy instruction strategies across the curriculum of all K-12 students, from the development of emerging readers' decoding, fluency and comprehension skills to the development of basic and advanced literacy skills on the part of upper elementary and adolescent learners. The main emphases will be learning strategies that cultivate students' joy in reading as well as teaching them how to read for meaning across genres and content areas so that they all become actively literate.

ED634 Practicum – Elementary Reading Intervention Specialist (2)

This practicum provides candidates with the opportunity to teach younger students in the private or public school settings under supervision. The practicum emphasizes the use of instructional materials, strategies and techniques learned and selected in light of extensive research and knowledge from coursework. Course Fee:\$125

ED638 Practicum – Secondary Reading Intervention Specialist (2)

This practicum provides candidates with the opportunity to teach middle/high school students in the private or public school settings under supervision. The practicum emphasizes the use of instructional materials, strategies and techniques learned and selected in light of extensive research and knowledge from coursework. Course Fee: \$125.

ED683 Preparing and Leading Educational Travel Experiences (3)

This course is designed to prepare future teachers to design and lead a student trip. Students will learn how to plan for a student travel trip that supports and enhances a school curriculum and core standards. There will be opportunity to evaluate and compare touring companies, as well as the discussion of planning a trip without outside assistance. Students will design pre-trip information designed for parents, students, and administrators, and will plan educational experiences that coincide with the travel before, during, and after travel occurs. There will be dialogue about managing groups of students abroad, cultural awareness required with travel, and basic group travel safety procedures. Finally, the course will culminate with a travel abroad experience for students. *Cross listed with ED483. Students may not receive credit for both ED483 and ED683.* (Fall – Odd)

ED901 Teachers as Brain Changers (1)

This course examines the development of the human brain from birth through young adulthood and how it is involved specifically with academics, counseling, learning, behavior, goals and overall success. Emphasis is given into educational settings with specific content, strategies, and pedagogical theories related to best practices in teaching, learning, and counseling. Includes brain development, behavioral connections, impact of nutrition/exercise, effects of drugs/alcohol, and curbing negative thoughts and behaviors.

ED902 Advanced Teachers as Brain Changers (1)

This course continues on the work from ED901 with further emphasis on pedagogical practice and implementation in both the classroom and in educational counseling situations. Includes brain development, behavioral connections, prefrontal cortex, anterior cingulate gyrus, basal ganglia, limbic system, temporal lobes, parietal lobes, and other brain structures and how they are involved in classroom learning, behavior modification, counseling, self-esteem building, character development, teaching, and overall success.

ED910 Beginning Teacher Mentor Program (3)

This course is designed to increase the efficacy of teachers in their first years of the teaching profession. Through systematic and explicit support using the InTASC Professional Teaching Standards, beginning teachers will develop and refine their teaching practice.

ED911 Mentor Academy: Inquiry Into Practice (6)

This course is designed to assist mentors in deepening their knowledge and use of tools to engage beginning teachers in collaborative cycles of inquiry in which they plan instruction and prepare assessments, teach and formatively assess students and reflect on teaching and learning.

ED912 Beginning Counselor Mentor Program (3)

This course is designed to increase the efficacy of counselors in their first years of the profession.

FORMER GRADUATE EDUCATION PROGRAM COURSES

(No longer required in Graduate Education Program. Offered only by director approval and faculty availability in unique circumstances, additional Independent Study Fee applied.)

ED510 Philosophy of Education (3)

This course presents major philosophies and discusses the effects of those philosophies on education. Each candidate develops a position paper outlining his/her own philosophy of education from a Christian perspective. This course is

required for a teaching certificate from the Association of Christian Schools International.

ED521 Introduction to Research and Analysis (2)

Topics in this survey course include research paradigms; measurement and test characteristics; planning and evaluation; library resources; identifying research problems; planning research; types of research; and research designs.

ED522 Quantitative Research in Education (2)

This course helps beginning educational researchers balance the competing demands of formal experimental and survey design principles with the practical constraints of the real world, so that they can conduct sound quantitative research. Emphasis will be placed on formulating research questions, identifying relevant target populations, selecting respondents for study, refining definitions of the effects of interest, identifying relevant comparisons, selecting appropriate measures, determining how many subjects to study, and taking advantage of the results of previous research and pilot studies.

ED523 Qualitative Research in Education (2)

This course introduces the basic issues of theory and method in qualitative research. These skills include negotiating a research relationship with those studied, identifying and critiquing one's own assumptions about the people and issues studied, developing research questions, conducting observations and interviews, confronting ethical issues, analyzing qualitative data, and communicating the results of research.

ED524 Classroom Action Research (2)

Action research is one of the possible capstone projects for the M. Ed. Program. It involves the identification of an education problem in the candidate's work setting, researching the literature regarding the educational problem, designing a proposal to solve the problem, implementing the solution (after the proposal has been approved), and reporting the results.

ED525 Mixed Methods Research (2)

This course introduces the basic issues of theory and method in qualitative and quantitative research and shows how both methods can complement and enhance data collection strategies. Candidates will learn how to negotiate research relationships, identify personal bias, conduct interview, balance the competing demands of formal experimental and survey design principles with the practical constraints of the real world, use research instruments and identify relevant target populations. Candidates will also learn how to use the different methodologies to triangulate data.

ED536 Classroom Teacher-Counselor (3)

This course focuses on the classroom teacher's obligations and opportunities for guiding and counseling students in academic and personal areas. It acquaints the teacher with the varied needs and characteristics of children and adolescents, basic concepts and techniques of group and individual counseling and guidance, and means of incorporating these factors in a practical, functional classroom program. Particular emphasis is placed on the interrelationships of the classroom counselor with staff associates, parents and other specialized resource personnel (arranged upon request and contingent upon faculty availability).

ED552 Methods in Social Studies/Science (2)

Candidates will study, experience, and practice research-based social studies and science pedagogy appropriate to early childhood/elementary students in a self-contained classroom setting. Activities include writing and research and a demonstration of social studies and science teaching practice. Candidates will also develop and critique social studies and science curriculum.

ED569 Special Topics Seminar: Middle School (1)

In this series of four Saturday morning workshops, candidates will examine various approaches to classroom management and begin developing their own management philosophy and strategies. Secondary candidates will examine issues relating to Middle School Models and Methods. Special Topics Workshop Sequence (4 Saturdays)

ENGLISH

EN513 Literary Perspectives: Readings and Analysis (3)

(by special arrangement, limited availability)

The student will be guided through the selection and reading of sources relevant to a specific genre, era or geographically defined collection of literature. The course goal is to develop the student's familiarity with the literature, and cultivate the student's literary analytical skills within the context of a biblical worldview. Conferences, reading responses and other assignments will be completed in a format that includes a combination of online, electronic and personal communication. *In addition to this Course Description, each course will have an articulated Course Purpose, more specifically identifying the selected study content.*

GREEK

GR511 Grasping Greek I (3)

An introduction to the fundamentals of New Testament Greek, including orthography, phonology, morphology, and basic syntax, with a strong emphasis upon vocabulary acquisition. *Cross list with GR470. Students may not receive credit for both GR470 and GR 511.*

GR522 Grasping Greek II (3)

Building on GR 511, a further development of the fundamentals of New Testament Greek, including orthography, phonology, morphology, and basic syntax, with a strong emphasis upon vocabulary acquisition. Additional attention will be given in reading New Testament texts and introducing intermediate syntax. Prerequisite: GR 511. *Cross list with GR471. Students may not receive credit for both GR471 and GR522.*

GR614 Developing Greek Exegesis Skills (3)

A detailed effort to inculcate in the student sound principles for interpreting the Greek New Testament text. The exegetical method offered will enable the student to deal with historical and literary contextual matters and also to address text-critical, lexical, grammatical, and historical-cultural questions which arise in the target passage. The student will engage extensively in the actual practice of Greek exegesis. This course is prerequisite to all Greek exegesis book courses. Prerequisite: GR 522. *Cross list with GR472. Students may not receive credit for both GR614 and GR472.*

GR625 Practicing Exegesis: Books (3)

Exegetical study of New Testament books from the Greek text, emphasizing the expository, theological, and practical teachings. In addition to translation, attention is given to the argument of the book, its literary and historical backgrounds, and the legitimate application of its truth. May be repeated under different titles. Prerequisite: GR522. *Cross list with GR473. Students may not receive credit for both GR625 and GR473.*

HEBREW

HB511 Grasping Hebrew I (3)

An introduction to the fundamentals of biblical Hebrew. Special attention is given to the acquisition of a good basic vocabulary and a thorough knowledge of the verbal system, both in the building of verbal paradigms and in parsing skills. Basic Hebrew syntax will be introduced. *Cross list with HB473. Students may not receive credit for both HB473 and HB511.*

HB522 Grasping Hebrew II (3)

Building on HB 511, a further development of the fundamentals of biblical Hebrew. Special attention is given to the acquisition of a good basic vocabulary and a thorough knowledge of the verbal system. Hebrew syntax is emphasized by extensive practice in translation. Additional attention will be given to reading from the Hebrew Scriptures, accompanied by studies in syntax and in exegetical method. Prerequisite: HB 511. *Cross list with HB474. Students may not receive credit for both HB474 and HB522.*

HB614 Developing Hebrew Exegesis Skills (3)

An advanced study of Hebrew syntax and its application to biblical exegesis, with considerable reading in the different areas of the Old Testament. It stresses acquisition of proficiency in Hebrew and Old Testament exegesis. Prerequisite: HB 522

HB625 Practicing Hebrew Exegesis: Books (3)

Exegetical study of Old Testament books from the Hebrew text, emphasizing the expository, theological, and practical teachings. In addition to translation, attention is given to the argument of the book, its literary and historical backgrounds, and the legitimate application of its truth. May be repeated under different titles. Prerequisite: HB 522
