

SCHOOL OF EDUCATION: GRADUATE TEACHER LICENSURE

Corban University's Graduate Teacher Licensure Program is for Christians who want to begin a career in classroom teaching. Designed for those who have an accredited bachelor's degree and need to complete a course of study in education, this program prepares candidates for an Initial Oregon Teaching License. Coursework develops teaching and classroom management skills to effectively engage young minds.

At Corban, you can progress at your own pace and work toward your teaching license through flexible online and on-campus evening courses. A biblical worldview is intentionally integrated into all curriculum, and courses are taught by committed Christian faculty with diverse educational experiences. Receive personal advising from application to graduation, and benefit from small class sizes and individualized attention from instructors. Begin any semester: Spring, Summer or Fall.

COURSE DESCRIPTIONS

EDU511 (3) BIBLICAL WORLDVIEW & ETHICS IN EDUCATION This course examines how biblical belief structures influence the methods educators use to motivate people to learn. Each candidate will develop a personal statement of his/her biblical worldview and how that view affects his/her perspective on learning, teaching, and thinking on current issues in education.

EDU530 (3) INSTRUCTIONAL ALIGNMENT I This is part one of a two-semester course designed to model the process of instructional alignment through all stages of curriculum development, including development of goals, objectives, content and strategies as they relate to the four levels of Oregon licensure. These concepts will be applied in age-group breakout sessions focusing on effective and developmentally appropriate teaching strategies. Microteaching sessions will allow students to practice the use of major teaching strategies. The course will culminate with the design and development of a three day teaching unit, including all supplemental instructional materials.

ED 531 (2) INSTRUCTIONAL ALIGNMENT II This is part two of a two-semester course designed to model the process of instructional alignment through all stages of curriculum development. This course builds upon the concepts presented in Instructional Alignment I. Students will be introduced to a variety of techniques appropriate for evaluating and assessing at all levels of Oregon licensure. Additional emphasis is placed upon student preparation for understanding and completing an edTPA or some type of teacher assessment portfolio.

EDU532 (3) THE DEVELOPING LEARNER This course examines how children grow, develop, and learn within and across the cognitive, social, emotional, cultural, spiritual, and physical areas across the lifespan and throughout early childhood (age 3 – grade 4), elementary age (grades 3-8), middle childhood (grades 5- 10), and high school (grades 7-12). Students examine theories about the developing life-span and practical applications of the family environment. Students discover the behavioral learning, information processing, social cognitive, and constructivist learning theories in order to design and implement developmentally appropriate and challenging learning experiences.

EDU534 (3) TEACHING THE DIVERSE LEARNER This course will investigate the social and legal issues within the field of education regarding the concept of student diversity in the classroom. The topics for this class include social, economic, cultural, racial and linguistic diversity, including the impact of dyslexia on the learner. This course will emphasize how teachers and schools can respond to these issues that emerge as our society becomes more diverse. Additionally, the issues of diversity will be discussed from the Christian perspective.

EDU538 (2) ELEMENTARY CLASSROOM MANAGEMENT This course is designed to incorporate theories of classroom management with practical strategies for creating and maintaining a safe and productive learning environment in an elementary school setting. This course focuses on concepts of classroom set-up, the importance of building positive and appropriate relationships/communication with students and parents, and all levels of behavior management. This course discusses and analyzes theories and ideas around building a responsive classroom environment that promotes positive reinforcement and social/emotional health of students as well as trauma-sensitive management in order to help all students have the best opportunity to succeed.

EDU539 (2) SECONDARY CLASSROOM MANAGEMENT This course is designed to incorporate theories of classroom management with practical strategies for creating and maintaining a safe and productive learning environment in a secondary school setting. This course focuses on concepts of classroom set-up, the importance of building positive and appropriate relationships/communication with students and parents, and all levels of behavior management. This course discusses and analyzes theories and ideas around building a responsive classroom environment that promotes positive reinforcement and social/emotional health of students as well as trauma-sensitive management in order to help all students have the best opportunity to succeed.

EDU550 (3) METHODS IN LITERACY This course emphasizes how children develop various types of literacy skills. Theory of the development of literacy will be emphasized along with actual application of skills in the classroom. The course will focus on how literacy development is related to language, cognitive, moral, and physical development of learners. Diagnosis of skill development will also be emphasized. The course includes an emphasis on the use of children's literature in developing literacy skills. Students will address understanding and strategies for instruction that include a variety of diverse learners, specifically, second language learners and students with dyslexia.

EDU551 (2) METHODS IN MATHEMATICS This course is intended to examine and openly challenge knowledge, beliefs, and assumptions about the learning and teaching process for early childhood/elementary students in mathematics. Candidates engage in activities designed to enhance conceptual understanding and connect it to procedural knowledge. They explore what it means to teach elementary mathematics in a standards-based system (i.e., using standards to plan instruction, using scoring guides to assess student work, critically examining curricula).

ED 556 (3) LITERACY ACROSS CONTENT AREAS This course is designed to explore various aspects of literacy as it applies to middle level and high school students in content area classrooms. Special emphasis will be placed upon strategies that will facilitate the development of reading, writing, speaking, listening, and thinking skills within the specific disciplines in which you will be teaching. Today's educational climate requires every teacher to be a literacy teacher and this course will prepare you to know and communicate academic language effectively to your students as well as train you in a variety of methods to improve and increase the vocabulary, language function, syntax and discourse of your students in your area of content. Students will be challenged to evaluate their own literacy so they may more effectively direct the literacy learning of their future students.

ED 559 (2) INTEGRATED STUDIES INSTRUCTIONAL METHODS This course will focus on cross-curricular instruction to include planning and strategies for thematic instruction across content areas including Science, Social Studies, Art PE, Music and Technology. Objectives for elementary multiple subject candidates in this course will focus on Science, Social Studies, Health, Art, Music & Physical Education. Strategies and methods in these areas will provide the foundation for integrated instruction.

EDU563 (4) CLINICAL PLACEMENT I – 10 WEEKS The candidate completes a 10-week full-time teaching experience at an authorization level of his/her choice: early childhood, elementary, middle level, or high school. The experience includes the development and teaching of a Capstone Project. (A \$300 fee is collected at registration for the costs of classroom teacher supervision and travel expenses for a university supervisor.)

EDU564 (2) CLINICAL PLACEMENT II – 5 WEEKS The candidate completes a 5-week full-time teaching experience at an additional authorization level of his/her choice: early childhood, elementary, middle level, or high school. The experience includes the development and teaching of an edTPA. (A \$475 fee is collected at registration for the costs of the edTPA, the classroom teacher supervision and travel expenses for a university supervisor.)

EDU565 (1) ALIGNMENT PRACTICUM This practicum requires the candidate to be in a classroom for a minimum of 40 hours (15 hours minimum in same class), and will include at least 10 opportunities to teach the whole class. The 10 lessons can be taught in small or large group settings. Students should pace their hours during the semester to be prepared to teach and video TPA lesson(s) the first week of November or April depending upon whether fall or spring semester. The university supervisor and cooperating teachers will make one formal teaching observation each, and both the university supervisor and cooperating teacher will complete a dispositional evaluation of the candidate at the end of the practicum. (A \$75 fee is collected at registration for the costs of classroom teacher supervision and travel expenses for a university supervisor.) Scheduling is flexible, in accordance with the following options:

- 2 hrs/day five days a week for 4 weeks

- 2 hrs /day three days a week for 7 weeks
- 4 hrs/day five days a week for 2 weeks
- All day one day each week for 6 weeks
- All day every day for 2 weeks – best option

EDU567 (6) CLINICAL PLACEMENT The candidate completes a 15-week full-time teaching experience at the single authorization level of his/her choice: early childhood, elementary, middle level, or high school. The experience includes the development and teaching of an edTPA and Capstone. (A \$775 fee is collected at registration for the costs of the edTPA, the classroom teacher supervision and travel expenses for a university supervisor.)

EDU58X (3) METHODS IN CONTENT AREA This course is designed to help secondary candidates develop specific teaching skills related to their individual content areas of expertise.
